TRY THIS

THE MERCHANT WHO ADVERTISES odd penny prices is doing so to fool you. He also uses other methods to mislead the public. Remember that at the present time no shoe manufacturer will make any concession, no matter how large a quantity you buy. Shoe factory outputs at the present time are over-sold. Try buying in large quantities from the merchant who advertises he gets concessions on his quantity buying, see if he will sell you ten pair of shoes at a cheaper rate than one.

He says he can buy cheaper in large quantities; surely it is fair that he sell you at his Rocky Bottom Price. Our method is not to cheapen our shoes to make them cost less, but to give the best of quality, saving you in the selling. No clerks to pay. —A visible reason why we undersell.

MEN'S ENGLISH BLACK OR MAHOGANY \$3.85 to \$6.95
MEN'S STAPLE LASTS, GUN METAL \$3.35 to \$5.45
MEN'S WORK SHOES \$2.50 to \$5.65

Yes, We Have It

YOU HAVE A HEADACHE or other simple ailment and you want a certain brand of medicine—which sounds the best to you: "Yes, we have it"—or: "No, but I have something just as good"? Substitution we strive to avoid—It requires a tremendous stock—but it means a big following of satisfied customers. Seldom we ever say "NO"—It's nearly always—"YES," we have it.
