"Ever Occur to You..." says the Good Judge

That it's foolish to put up with an ordinary chew, when it doesn't cost any more to get real tobacco satisfaction.
Every day more men discover that a little chew of real good tobacco lasts longer and gives them real contentment.
There's nothing like it.

Textbooks Adopted by State Commission To Be used This Year in Oregon Public School

The following is the list of the books which were adopted by the State Text Book Commission at their meeting at the State House in Salem on June 2. The members of the Text Book Commission are: Mrs. A. E. Iyanhoe, Supt. of Schools of Union County, Oregon; Miss Margaret J. Osaper, primary school supervisor of Salem; Alfred C. Schmitt, banker, Albany; Harrison G. Platt, attorney, Portland; F. A. Tiedjen, superintendent of schools, Marshfield.

The books adopted cover all the subjects that are taught in the schools of Oregon, and no one pupil will use all these books, but only those that are necessary for the particular course of study which he pursues. From actual investigation, State Superintendent Churchill has found that it costs the average pupil \$1.10 per year for the purchase of his books while in the grades.

Put Up Every Pound of Fruit You Can Get This Summer

Delicious Jams, Jellies and Preserves made by this recipe:

Many a woman hesitates to try putting up fruit at home.

She fears she will only waste expensive materials.

It really is very simple. Just make your preserving syrup with 1/2 Karo (Red Label) and 1/2 sugar instead of sugar alone.

You can then be as sure of your results as the woman who always has "luck" with her preserving.

Nice fine, clear Karo Syrup has a natural affinity for the fruit juices. It blends the sugar with the juice—brings out the rich 'fruity' flavor, and insures firm jams and jellies that never "candy" in the glass.

A well-filled fruit pantry will give you much pleasure this winter, when fresh fruits are scarce and high, if you just use Karo Syrup with your sugar.

For Cooking, Baking and Candy Making Karo (Red Label) is used in millions of homes. In all cooking and baking recipes use Karo instead of sugar. It is sweet, of delicate flavor, and brings out the natural flavor of the food.

FREE Preserving is easy when you have the sixty-eight page Corp Products Cook Book handy. Wonderful recipes—easy to follow. Beautiful illustrations. Write us today for it. It is free.
