London Discards Jazz
LONDON—Fancy dress balls with the fox trot, one-step, hesitation, and tango as the popular dances, make up the program of social leaders who are preparing for the next London season.

"There are some 30 Hawaiian orchestras on the ocean liner bound," said one leading dancing master who predicted they would take the city by storm and drive the popular "jaz" in to the social island. "The pendulum," he said, "is swinging back from noisy

music to the plaintive, simple melodies of pre-war days."

SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.
Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.
This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.
This preparation is a toilet requisite and is not intended for the cure, mitigation or prevention of disease.

What an Electric Range Means in the Home

The housewife has unconsciously waited for some way to solve the kitchen problems. To eliminate the servant, save time and dirt and unnecessary labor, heat fumes, objections of all kinds and descriptions.

The Electric Range not only solves the kitchen problem but more—it saves two most vital things—Food and Fuel.

Electrically cooked food is better food, has greater food value and flavor, and minimum shrinkage. The way food is cooked is all important. The Electric cook realizes this three times a day. Come in and see for yourself.
