Quits Cathartics— Internal Baths Re- lieved Permanently

Mr. Joseph A. Weis, Hotel Vendome, Washington, D. C., writes Tyrrell's Hygienic Institute of New York as follows:

"On the 15th of June, 1915, I purchased a 'J. B. L. Cascade'. The results it has produced are simply marvelous. For 20 years I used cathartics, but have used nothing but the Cascade for almost a month. I feel like a new man; I want to be pleasant to everybody. Before I used the Cascade I was a grouch. Did not like anybody and could not be pleasant."

If you bathe internally with the "J. B. L. Cascade" you will find yourself always bright, confident and capable. Poisonous waste in the lower intestine makes us bilious, blue, dull and nervous. Internal baths are Nature's own cure for constipation—just antiseptic warm water properly applied. Drugs force Nature—the "J. B. L. Cascade" gently assists her.

It is the invention of Charles A. Tyrrell, M. D., of New York, who specialized on Internal Bathing for 25 years, and will be shown and explained to you by Foshay & Mason in Albany, Oregon, who will also be glad to give you free on request an interesting booklet called "Why Man of Today is Only 50 per cent Efficient," which covers the subject in a very thorough way.

Clip this out as a reminder and ask for the booklet the first time you are in the neighborhood.

We Figure On Physi- ques

There are mighty few men in Albany that we'd have any trouble in fitting, because there are scarcely any figures that we don't figure on in our figuring.

Makes little difference how radical a man is through the ribs—if he'll stand long enough in one place to try on a few Fall Suits, we will quickly demonstrate to his complete satisfaction that the only difference between a Ready Made Fall Suit and a "Made to Order" is in the SIZE OF THE BILL and the amount of the bother.

The Fall Suits are \$35 to \$55
The Fall Overcoats are \$30 to \$50.
The Fall Hats are \$4.50 to \$7.

And Everything is Ready for Your Coming.
