TO OCCUPY NEW HOME THIS WEEK

Highway Garage to be Located in New Quarters Soon

Rousseau, Archibald and Anderson proprietors of the Highway garage are preparing to move some time during the week to their new quarters at the corner of First and Baker street. They have been held back on account of some of the finishing supplies on the building but will occupy the building regardless of some of the much needed materials. The Highway Garage building is one of the finest buildings of its character in the valley having all the modern conveniences of the latest automobile buildings. The proprietors are well known business men of the city and the adjoining country and will be found in a position to meet the demands of the public in every important respect.

Ex-Kaiser Growing Bold
AMERONGEN.—It is reported that the former German Emperor has so far recovered from former fears of molestation that, when he moves into his new house at Doorn, the Dutch state police, who have been constantly on guard about the Bentinck castle here since his arrival will be relieved of duty. There are no walls or moats about the house of Doorn, which is visible and easy of access from the main highway.

British Women Jurors
LONDON.—Women will soon be eligible to serve on juries through the Sex Disqualification Act in 1919 which provides that a person shall not be disqualified by sex from the exercise of any public function.

Received Car of Chandlers—
J. L. Irvin is today unloading a car load of Chandler automobiles, the first full car load that he has been able to get since he assumed the agency for the car last spring. He is also expecting a car of Cleavelands in a short time.

The Red Cross service flag, indicating membership in the great organization of mercy, will appear again in November in every window in the Northwest. In every farmhouse, in every city home, in the cabins of homesteaders, in the huts of fishermen in far Alaska, will appear this symbol of affiliation with the one great organization that knows no politics, no distinction of creed, no high, no low—but unites the hearts of all for service to fellow-men. The window service flag this year has one more stripe than last year, indicating three years of membership in the Red Cross.

RED CROSS HOUSE GIVES CHEER AT LEWIS

For the Red Cross, the war did not end with the armistice, and even yet there are thirty thousand soldiers and sailors still under treatment in army and navy hospitals. The Red Cross convalescent house at Camp Lewis stands next to home itself in the affections of hundreds of boys who, sick or wounded, looked forward to the day when they might leave the bare and cheerless ward in the base hospital and spend part of each day enjoying its easy chairs, its music, its books, its pictures, and its good cheer. Even now, a year after the armistice, there are overseas men, patients at Camp Lewis, not yet well enough to be discharged, who sit before the great fireplace these autumn days, thankful that The Greatest Mother is still mindful of them. The picture is duplicated in army hospitals all over the land, and wherever throughout the world American boys are still in Uncle Sam's service.

HAS YOUR CLUB SET ITS RED CROSS DAY?

A series of Red Cross "club days" are to be held in all parts of the United States during October. Granges, Church Societies, Business, Commercial, Rotary, Kiwanis, Advertising, Fraternal, Woman's and other clubs, are being invited to set aside a regular meeting or a day for a special luncheon at which plans will be made for aiding the Third Red Cross Roll Call, to be held throughout the country November 2 to 11.

The clubs will call for volunteer workers, including prominent members for speakers, in the interest of enrolling members for the peace-time program of the Red Cross. Many of the speakers on the war-time activities of the Red Cross will be former service men and women who came in contact with the Red Cross on the field of action.

Ten Points to Settle Before You Buy Any Truck

The Motor Truck is established. Its utility is no longer questioned. As a means of transportation it is definitely established that a motor truck is incomparably economical, convenient, etc. So it is not a question of whether or not you need a motor truck. Your decision must be WHICH TRUCK to select. It is a big question not to be decided until you have every fact, every data of cost before you. On that basis ONLY can you make a selection that will justify the required expenditure.

GARY, "THE TEN TEST TRUCK" invites every investigation—every test or question that anyone may advance. The GARY MOTOR TRUCK has been selected by some of the largest truck users in America. They buy on the basis of FACT only—and GARY has satisfied these owners in every one of the following ten important points.

TEST 1 REASONABLE INVESTMENT
Don't buy a truck that will depreciate too rapidly to be economical. You really rent a motor truck when you buy it. At the end of its period of use it should have a substantial "Cash or trade-in" value. Investigate the actual "after use" worth of any truck before you make your selection.

TEST 2 ECONOMICAL OPERATION
Trucks are a means of economy. It is not an investment to buy the truck that will increase your transportation costs. Find out what it will actually cost you to transport your merchandise.

TEST 3 SIMPLICITY
Skilled experienced labor costs money. You don't want to increase your labor hire because of your truck investment. Before making your choice, take any worker in your Delivery Department. Give him a few simple instructions. See whether or not the truck is simple enough for his unskilled abilities.

TEST 4 EQUALIZED BALANCE
From front fender to rear lamp bracket, maximum efficiency of operation requires even distribution of weight, work and wear. The motor must not be too light for its load—the frame must not be heavier than is necessary. Consider whether or not there is proper co-relation of size and parts.

TEST 5 OVER CARRIAGE
Do not buy a one-ton truck and expect it to do a 3-1/2 ton duty. But the truck you do buy should be built to allow for a reasonable margin of overload. Buy the truck that your business needs. Do not invest in a 5 ton truck for a 1 ton load. Nor should you buy a 3-1/2 ton truck to do the work of a 5 ton truck.

TEST 6 CONTINUOUS OPERATION
Accidents will happen, and some repairs are inevitable. Select a truck of a design so standardized that repairs will never keep your truck out of service.

TEST 7 ESTABLISHED MANUFACTURER
A truck made by a maker having limited resources is a questionable investment. Be sure the maker of your truck will be in business as long as you do.

TEST 8 DEALER DEPENDABILITY
The dealer is the agency that is directly responsible to you. Be sure that the dealer from whom you buy your truck is as reliable and dependable as your own banker. Do not buy a truck from a dealer that has a reputation for shifting responsibility.

TEST 9 NON RADICAL DESIGN
Radical changes and principles are experimental. Do not buy an experimental truck. Keep within approved design and principle.

TEST 10 SPEED POWER
An emergency will arise where you will have to run your fully-loaded truck at its maximum speed. Power should provide for speed—to allow for speed when it is necessary.

"THE TEN-TEST TRUCK"
Has measured up to every test. Let us give you the facts to prove it.
