BARGAINS AT HOME

The Merchants' Co-operative Day is Saturday, November 1. So many people have the mistaken idea that by purchasing out of town they are saving money, and the plan of these merchants is to dispel that idea. To show their appreciation to the buying public, many special attractions will be offered on Economy Day. Look the home stores over first, they deserve your support and by patronizing our local merchants you are boosting for a better and more prosperous community.

What Is Home Without Music

MUSIC — The one thing that banishes home monotony, care and trouble—that brings amusement, pleasure and refinement. Your children will find sublime pleasure in the study of music, of harmony, melody and rhythm.

THE—

ELLINGTON MANUALO

(The Player Piano that is all but Human)

promotes this study. It removes the great barrier—technical facility, and opens at once to everyone the enjoyment of personally producing music. The Ellington Manualo solves the problem of music in the home.

Prices and terms will suit you. Come and convince yourself. You are welcome whether you wish to buy or not.
