MRS. FRANCES CARROLL, ONE-TIME ALBANY GIRL, TO JOIN HUSBAND ON MERCY MISSION

Major and Mrs. Phillip Carroll of Hood River will leave Portland this week on a mission of mercy into the dark regions of Austria and Czechoslovakia. They will work in the war-wrecked regions of Metteleuropa in behalf of the European children's fund, by which they hope to relieve much of the suffering among the little ones whose privations are attendant upon the days of reconstruction. Mrs. Carroll was formerly Miss Frances Nelson of Albany, who was reared here and who was a much-loved member of Albany high school faculty for several years.

Mrs. Carroll Likes Work
Undismayed by the possibility of danger, Mrs. Carroll is taking a keen delight in preparations for the work that is to be her lot through the winter months.

Major Carroll's part is scarcely less spectacular. He was hardened to thrills while in command of an artillery unit overseas with the 91st division. Because he has only recently returned from Southern Russia, where

he hobnobbed with Reds and attended the best parties staged by the radicals, he has been selected for his present task.

Aid Greatly Needed
"There should be a great American interest in helping Southern Russia," Major Carroll declared. "These people do not want charity. They need to be understood first and then they need American manufactured goods—clothing, shoes, machinery and railroad equipment. For these they are willing and able to exchange raw products."

"Here is our chance to combat Bolshevism. If American trade does not enter Southern Russia, Germany will capture the business and the friendship of the country, under the force of economic demand."

"German Jews entered Russia in the dark days of that empire and swayed the Russian Jews to the German line of thought, with disastrous results. Russian and German Jews today are the ringleaders of Bolshevism."

COUNCIL FIXES

Continued from Page 1

rant indebtedness was reduced from \$84,000 to \$32,000, a reduction of more than \$52,000, but with the increased operating expenses it is thought that the city will do well to come out even.

To Remove Spur
The street superintendent presented an estimate of the amount of paving work completed by contractor L. O. Herrold on First, Elm St., and Salem road and the council authorized the recorder to draw a warrant for \$4,649.53 to cover 80 per cent of the amount due.

A letter to City Attorney Dan Johnston from the S. P. Co., made it known that the company is willing to remove the troublesome switch on First Street near the C. & E., overhead crossing, and to place the street in good condition.

Upon request of Mrs. J. K. Weatherford, of the Women's Park Board, for the balance of the money due the board from the sale of the old Central school building, the city recorder was authorized to draw a warrant for \$100 on the account. This is all that could be drawn without an ordinance.

Tractor Bid Received
A complaint was received from Mrs. Slean against a chicken house between Calapooia and Vine streets, which is declared to be obnoxious. The matter was referred to the committee on streets.

The Kirk-McKern Motor Co., submitted a proposal for the sale to the city of a rubber tired Fordson tractor and new rubber tired wheels for the steam fire engine. The total bid was \$1,390 and an offer was made to allow the city \$100 for the old wheels on the engine. The bid was placed on file.

Councilman Calavan brought up the matter of the water main which is proposed for Pine street between Salem and Santiam roads.

Councilman Beam, of the Fire and Water committee, reported favorably upon increasing the salary of Fire Chief Clark Price from \$115 to \$125. He explained that this was not in reality an increase, for Price has been receiving \$115 as chief engineer, which position he still holds, and in addition does the work of the chief.

Road Brought Up
Street Commissioner Junkin called the council's attention to the fact that it is under obligation to build a road in Bryant Park before next July and recommended that now is the time to begin. It is easier to get labor now and conditions are favorable for building the road.

Councilman Ralston again brought up the auto parking question and urged a more stringent enforcement of the laws. Under the same discussion Mayor-Pro-Tem Veal stated that residents of East Fourth Street were tired of speeders taking possession of that street and would like to have the laws enforced. He favored the appointment of a speed cop. Councilman Calavan brought up the matter of warning signs for auto drivers and the street commissioner was ordered to have them made and properly placed.

Wieder States Request
Ex-Councilman E. L. Wieder came in late and at the close of the meeting expressed his pleasure at having served with the present members and his regret at having had to leave that body. He jokingly placed the blame on Mayor Curl, whom, he said, representing the owner of the house where Wieder lived, served notice to vacate, and he was forced to take his domicile in his own house on West Eleventh Street.

Sixteen Ships Turned Out in November

WASHINGTON, Nov. 13.—By A. P.—Sixteen ships, totaling 92,675 dead-weight tons, were delivered to the shipping board by the Emergency Fleet corporation the first ten days of November, it was announced today.

The construction for October was 113 ships.

Closure Rule Defeated

WASHINGTON, Nov. 13.—A. P.—Attempt by the democrats to invoke cloture rule on the peace treaty debate failed in the senate.

SCATTER SUNSHINE with Greeting Cards

Surprise the folks who hardly hope you will remember them with a merry greeting at Christmas time. Our Greeting Cards are especially appropriate.

Livestock Show Dairy Products Show Horse Show

Staged as One Big Exposition

in the new \$300,000 Pavilion at North Portland, Oregon

Week of November 17 to 22

Open All Day and Evenings

The Pacific International Livestock Exposition was inaugurated and is supported by leading bankers, business men and breeders of the Pacific Coast—men of vision who see in the Pacific Coast the livestock center of the world.

The staging of this exposition on so huge a scale is a long step toward the accomplishment of this aim and the benefits of its success will be wide-spread.

Thousands of entries of pure bred stock, many coming from the Middle Western States, necessitated additions to the immense \$300,000 Pavilion.

Hundreds of educational exhibits claim your attention, including the large Western Dairy Products Show with 250 entries and daily lectures by Mr. O. E. Reed of Purdue University and Mr. M. Mortenson of the Iowa State College.

Cups, Trophies and \$75,000 in Premiums to be Awarded

Plan to Attend the Entire Week.
