

The perfection of the bifocal came with the invention of the KRIPTOK—With these glasses you can read the smallest type through the lower part, and the upper part gives perfect far vision, yet no one has the slightest intimation that you are wearing bifocals.

DOPE ON GAME IS BAFFLING

O. A. C. and Washington State at Portland Saturday

Oregon Agricultural College, Corvallis, Nov. 20—Special—When the football team plays the Washington State college eleven on Multnomah field, Portland next Saturday the Aggie conference football season will end. Dope on the game is difficult to get as the U. of O. won from Washington university W. S. C. won from U. of O., and Washington won from W. S. C. The college lost to Oregon, but it is the opinion of most of the fans who saw the game that Oregon was in much better condition than when she played W. S. C. in Portland. O. A. C. looks for a hard game.

Aggies Unscathed
Corvallis, Nov. 20—One of the noticeable features of the game at Eugene Saturday was that the Aggie team did not take time out for an injury in any time.

The work of "Mike" Butler, old time trainer for the Chicago Athletic club, is said by the men to be the reason for the prime condition that the Aggie men were in. The only man who is on the sick list for the Washington State game is "Bob Stewart." "Ted" Heyden's game at center last Saturday removes all doubt of his not having ability to hold the position down in a creditable manner.

Northwestern System Gives Good Service

What kind of soap do you buy? Toothpaste? What make of car? If you'll give a moment's thought to all the multifarious items you purchase—both necessities and luxuries—you'll find that it is the advertised article you buy. And like Grape Nuts "There's a Reason."
Advertising in itself is a guarantee. It is a mark of superiority. It is the manufacturer's expression of faith in his product. It is a promise to maintain the highest quality commensurable with the price asked.

NEGLECTING THAT COLD OR COUGH?

Why, when Dr. King's New Discovery so promptly checks it

IT'S natural you don't want to be careless and let that old cold or cough drag on or that new attack develop seriously. Not when you can get such a proved successful remedy as Dr. King's New Discovery.
Cold, cough, gripe, croup does not resist this standard reliever very long. Its quality is as high today as it always has been—and it's been growing steadily in popularity for more than fifty years. 60c. and \$1.20, a bottle at all druggists. Give it a trial.

Tardy Bowels, Inert Liver

They just won't let you put "pep" into your work or play. Sick headache comes from retaining waste matter and impurities in the body.
Feel right for anything—make the liver lively, the bowels function regularly, with Dr. King's New Life Pills. Smoothly yet positively they produce results that cleanse the system and make the liver and bowels respond to the demands of a strong, healthy body. Still 25c. at all druggists. Try them tonight.

HAVE DARK HAIR AND LOOK YOUNG

Nobody can Tell when you Darken Gray, Faded Hair with Sage Tea.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe. Improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.
A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

Since the close of the war, the amount expended for advertising has grown by leaps and bounds. From the old fashioned cure-all patent medicine advertisements, advertising has developed into a real science. The highest artistic and technical skill are now employed. The scope of things advertised seems limitless.

One of the most interesting campaigns that has come to our attention lately is that of the Northwestern Long Distance Telephone Company, whose advertising appears each week in the Democrat, Portland papers and other Oregon newspapers.

Long distance rates are regulated by the Public Service Commission, and charges are, of course, the same over all lines. Competition, however, tends to improve the service and should be encouraged. The Northwestern System now connects with all the local telephones in the principal cities and towns in Northwestern Oregon and Western Washington. The service rendered is rapid and accurate. This company is in the Long Distance Telephone business ONLY and hence specializes in that department. They have taken the public into their confidence and are pressing through this striking series of ads their claims for consideration when long distance calls are placed.

60 PLANES ASKED FOR PATROLING

Plans for placing 60 airplanes in the forest service patrol next year have been submitted to Colonel H. H. Arnold, air service officer of the Western department of the army.

The schedule calls for 18 planes for California, 18 for Oregon, 12 for Washington, and 12 for Idaho and Montana. It was worked out at a conference of private timber owners with state and national forest officials in San Francisco, and is now awaiting the approval of the war department.

The planes would all be equipped with wireless telegraph parachutes for pilot and observer, the intercommunicating telephone for the two fliers, and carrier pigeons for use in transmitting messages in case of forced landings or failure of the wireless.

Bishop Cuts Own Salary Voluntarily

LIVERPOOL, Oct 25—The Right Rev. Francis Chavasse, Bishop of Liverpool, has voluntarily cut his salary down more than half in order that the vicars and curates in his diocese may receive better salaries. Dr. Chavasse receives \$21,000 a year. He has announced that \$10,000 is sufficient for him and that the remaining \$11,000 can go towards the sum being raised to secure a salary of \$2,000 a year for every vicar and \$1,000 for each curate.

Fine Stock Lost

Chet Mitchell lost a fine brood mare last week, the result of her getting her foot snagged and blood poison setting in.

One of R. C. Burkhardt's registered Shorthorn cows died quite suddenly Monday presumably from choking.

I Owe My Life to PE-RU-NA

Mr. McKinley's letter brings cheer to all who may be sufferers as he was. Read it.
"I can honestly say that I owe my life to Peruna. After some of the best doctors in the country gave me up and told me I could not live another month, Peruna saved me. Travelling from town to town, throughout the country and having to go into all kinds of badly heated stores and buildings, sometimes standing up for hours at a time while playing my trade as auctioneer, it is only natural that I had colds frequently, so when this would occur I paid little attention to it, until last December when I contracted a severe case, which, through neglect on my part settled on my lungs. When almost two into I began doctoring, but without avail, until I heard of Peruna. It cured me, so I cannot praise it too highly."

It Cured Me

Biliousness

WHEN you have a bilious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea, vomiting and a terrible headache. Take Chamberlain's Tablets. They will tone up your liver, clean out your stomach and you will soon be as well as ever. There is nothing better.
