VOTE FOR SCHOOL BUDGET TUESDAY

SCHOOL ELECTION TO VOTE MONEY FOR DISTRICT TO BE HELD TUESDAY

Every Voter Urged to Attend and Cast Ballot for Budget; Schools must have Funds to Continue.

KNOCKERS ARE FEARED

Backsliders Who Have no Real Interest in Schools of City are Menace to Welfare of Schools.

The citizens of Albany school district are to vote tomorrow for the second time this year on the question of raising sufficient funds to continue the public schools of the city.

The education of the children who live here and who will be the men and women of tomorrow is one of the biggest questions the citizens have to deal with, and should certainly be seriously considered by the voters in providing funds and all equipment necessary to hold up the high standard to which the schools of the city have attained.

The school directors are the servants of the people, and can not enter into, and provide means for paying the expense of the schools unless they are authorized by the people. In order to continue the work of the schools for the present school year it is estimated that it will be necessary for the people to vote to raise, by special district tax \$56,939.00.

The last meeting for which notices were posted to authorize the board to place this levy, but twenty-seven voters of the district voted and seventeen of that number voted against raising sufficient funds to continue the schools. Every legal voter who believes in educating the children of Albany is requested to vote tomorrow.

The election will be held at the senior high school beginning at 1:00 o'clock and continuing until 7 o'clock.

MARQUESAS DYING OUT

South Sea Wild People Vanish Before Ennobling Civilization

PAPEETE, Tahiti.—The Marquesas, fiercest cannibals among the Polynesians in the South Pacific, are disappearing. A few years ago they numbered more than 50,000. The last census showed only 3,000 survivors.

Opium, introduced by white men into the Marquesas Islands, the most northerly French settlement in Oceania, is held responsible by many for the approaching extinction of this race. This drug is no longer sold in the islands but it is said its effect is shown in a death rate of 25 per cent a year.

Physically the Marquesas were magnificent. Before tattooing was forbidden the ladies of the natives were adorned by the most intricate and beautiful designs, and some of these may yet be seen. Although they had a number of admirable qualities, the Marquesas in the olden days constantly engaged in tribal wars with the consequent feasts of human flesh.

So much has been heard in song and story of the "Cannibal Islands" of the "South Sea" that many persons believe these comprise the myriad islands dotting the Pacific south of the equator. In some of the islands, scientific research workers found, man-eating was practiced but in many notably in Tahiti and other islands of the Society Group, cannibalism was unknown.

LONESOME LINN COUNTY MISS SEEKS HUSBAND TO QUIET LONELY HEART; SHE'S A GOOD GIRL, TOO

Just why any Albany girl wants to go to California to get a husband is a strange matter, but Miss Lonesome, a young school teacher who lives on Albany, R. F. D. No. 5, has written a letter to the Redlands Daily Facts, Redlands, Cal., and asks for assistance through the mayor of the city in securing a spouse. The name of the young lady is known to the Democrat, and if she is really interested in looking for the right kind of a husband to keep her from being "Lonesome," the Democrat will be pleased to see what can be done.

If any worthy young bachelor who can come up to the requirements as stated in the letter will communicate with the Democrat, the editor will see that such letters are delivered.

The letter follows: Dear Somebody: Circumstances have arisen which

makes it necessary for me to find a husband, yet does not furnish the easily explained and absolutely creditable to me.

Have so far as I know, all the qualifications of the successful wives of my acquaintance and none of those of the failures. I am at present a teacher in a high school, but nevertheless I am a good housekeeper, good dresser, and have some means. Am 5 ft. 6 in., and weigh 140 lbs. Am a good disposition and affectionate.

Would like to hear from men in the neighborhood of 40 years or upward. I am surrounded by hosts of friends and lead a very busy life. But in spite of all this I carry a lonely heart.

Isn't there someone else lonesome too?

Please write to, MISS LONESOME, Box L, Facts Office
