## Biliousness

WHEN you have a bilious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea, vomiting and a terrible headache. Take Chamberlain's Tablets. They will tone up your liver, clean out your stomach and you will soon be well again. There is nothing better.

### Lacomb Items

LACOMB, Ore., Jan. 2.—A watch meeting at the Baptist church was enjoyed New Years eve by the young people.

The census taker, Ira G. Soule commenced work today. Mr. Soule, is well qualified, having put in much time faithfully in helping the boys make out their questionnaires during the war.

H. S. Nolan has been appointed to work in the Providence precinct, also, Tennessee. Mr. Nolan enumerated Lacomb presents 10 years ago.

This being leap year a contemporary correspondent gives quite a list of old bachelors living in this vicinity. If there is a community where the Democrat is read where there is a like number of old maids said old maids might make a rich harvest by coming to Lacomb and proposing.

H. W. Eagles is having a time with bursted water pipes over flooding his tower. This is the first time water pipes have been bursted here. Thermometers registered 15 below. Snow was 16 inches deep.

## ABANDONED MEN ON CHRISTMAS ISLAND SAVED BY JELICO

2 Whites in Rags Spent 18 Months in Rat-Ridden Habitation; Had Autos but no Clothes.

### HOLD UP WARSHIP

Unaware of War's End, Men Hold up British Vessel and Admiral Jellico With Pocket Revolver.

PAPEETE, Tahiti, Jan. 2.—Two white men an a native, clothed in rags and suffering from lack of food, have been rescued from Christmas Island, after having been cut off from the outside world for 18 months, according to Auckland which were brought here recently.

The warship New Zealand, which made the rescue, was taken by the three castaways, for a German cruiser, as they had not heard the war was ended, and when a landing party, including Admiral Viscount Jellicoe, went ashore it was held up by a Mr. English, leader of the trio, at the point of a revolver, newspaper reports said.

The three men had been left on the island by the lessee, Father Rougier, who is well known in Tahiti, with a scant supply of provisions and a promise a relieving ship would be sent within 40 days, according to the Fanning Island correspondent of The Auckland Weekly News.

"The landing party, which included Lord Jellicoe," the correspondent continued, "was held by by English, Lord Jellicoe was amused at the comical spectacle presented of holding a warship with a revolver, although he was personally interested in the hardships suffered by the party. He had a long talk with English and Lady Jellicoe read his diary.

"The irony of the situation of the marooned men was that they were in possession of three automobiles needed for traversing the long distances between the scattered coconut groves. The unfortunates had means of traveling in luxury, yet no clothes, no food and no comforts.

"Rats swarmed everywhere and at first they devoured the pillows and blankets while the men slept. English said he would gladly have exchanged the automobiles for a clean shirt and trousers.

"The diary which English kept all the time he was on the island, contains some entries pathetic in their hopelessness. Day by day he was longing and praying for a ship to relieve the distress of the party. Ill health from exposure and the wretchedness of the food nearly drove the men crazy and they would have been unable to exist for many more weeks."

W. A. Howe, of Tonasket, Wn. was in the city today on his way to Brownsville to visit his parents, Mr. and Mrs. Alex Howe. Mr. Howe has an ad in the Democrat of today offering a reward for a valuable Fox Terrier dog that escaped from the express company here at the Southern Pacific depot. Mr. Howe is a native of Linn county and will soon leave for California to make his future home.
