There was wide conjecture whether the president would discuss the third term question. It is regarded as probable that he will make clear his position on this in the banquet message.

HERBERT HOOVER NOT A CANDIDATE

Noted American Devoted to Relief and Philanthropic Work, Says Message

PORTLAND, Jan. 5.—Herbert Hoover will not be a candidate for the office of president of the United States either under the banner of the democratic or the republican parties. Emphatic announcement to this effect is contained in a telegram received in Portland yesterday by Elton Watkins, president of the Jackson club.

In the same telegram Mr. Hoover declined an invitation sent to him to speak at the annual Jackson club banquet, scheduled to be held at the Benson hotel on January 8.

The telegram received by Mr. Watkins from Mr. Hoover is as follows: "My engagements and connection with the industrial conference and with relief in Europe make it impossible for me to go to the northwest at present. Beyond this, please accept the sincerity of my statement that I am not a candidate for the presidency and a campaign to that end from any party would be entirely wrongly directed."

DR. YOUNG TO LEAVE CHURCH

Local Pastor Accepts Position Educational Director For Northwest

Congratulations and regrets were mingled with the announcement Sunday of the resignation of Dr. George H. Young as pastor of the Baptist Church. The matter was brought before the congregation Sunday and the resignation was accepted.

Dr. Young has accepted the appointment of the Baptist Church as director of religious and educational work for Oregon, Washington, and Idaho, under the American Baptist Publication Society. He will make his headquarters in Albany for the present but will probably later take up his residence in Portland.

The work will consist chiefly in the training of Sunday school teachers and young people for effective Christian work. Dr. Young is well fitted for the work he has been assigned and the success of his efforts in the local field argue for his success in his new undertaking.

The resignation was accepted with regret by the congregation and Dr. Young is greatly pleased with the attitude of the people of his church and of the people of Albany.

"I appreciate the regret expressed in my leaving here," he said this morning. "I have found Albany citizens delightful people and have always found it a real pleasure to live here. While I am greatly pleased with the work I will have to do, I shall always feel a very keen interest in Albany and the good people of this city."

The appointment was made effective January 1 and Dr. Young will begin his duties at once. No successor has been named for the pulpit.

SUPREME COURT HOLDS SECTIONS OF PROHIBITION ENFORCEMENT ACT ARE WITHIN CONSTITUTIONAL LIMIT

RIGHT OF CONGRESS TO SUPPRESS LIQUOR TRAFFIC IS NOT AN IMPLIED POWER BUT IS EXPRESSLY GRANTED, SAYS OPINION; FOUR OF FIVE JUDGES DISSENT.

WASHINGTON, Jan. 5.—By the Associated Press.—The Supreme Court today declared constitutional sections of the Volstead prohibition enforcement act prohibiting the manufacture and sale of "beer, wine and other intoxicating malt liquors containing more than one and one-half per cent of alcohol."

Beer containing 2.75 per cent alcohol is illegal under the act, the court declared.

Associate Justice Brandeis, who rendered the opinion of the court said

that the right of congress to suppress liquor traffic was not an implied power but was a power expressly granted.

The court was divided five to four. Associated Judges Day, Nandevanter, McReynolds, and Clarke dissenting. McReynolds' dissenting opinion said that the eighteenth amendment to the constitution had not yet come into effect; and that the federal government had no general power to prohibit the manufacture and sale of liquor. He took the position that the war emergency had passed.

COLLEGE TRUSTEES RECOGNIZE SPORTS

Athletics to Have More Prominent Place in Life of Albany College

The announcement in chapel this morning at Albany College that the faculty and trustees have decided to recognize athletics and give it its proper place in college life was received with great enthusiasm. While athletics have always been carried on and encouraged to a more or less extent, and in times past the college has had some of the greatest football and track teams in the state, in recent years the sports feature has been allowed to drag and the college has not had its proper representation among the colleges of the state.

The announcement of President Williams that the faculty and board of trustees has decided to bolster up this phase of college activity means that the college will emerge in the near future into a real contender for championship honors and will pit athletic teams into the field that will be a credit to the college and city. An effort will be made to enroll high school students of athletic ability and to build up this department.

This does not mean that the social, spiritual and collegiate phase of college life will be slighted in the past. It is simply an effort to round out the part that has been allowed to fall behind.

The basketball team will go to McMinnville Friday where they meet the team from McMinnville College in the first conference game of the season. Saturday evening they play Pacific College at Newberg. The first game will be opened on the home floor on January 16.

The college has a strong quintette of basket tossers and expects to make a creditable showing during the coming year.

ASH SWALE HUNT CLUB BANQUET

Winning Team Enjoys Supper at Losers Expense; Fine Program

The gallant nimrods of the Ash Swale Hunt Club, celebrated their 13th annual meeting at the Ash Swale school house Saturday night with a big oyster feed. Local speakers and a literary program by the school were leading features of the occasion.

The house was packed to the guards with men, women, and children of Ash Swale and invited friends. The program and banquet which was greatly enjoyed by all in attendance closed Sunday morning at 2 o'clock, never to be forgotten. For real sports and generous hospitality, the nimrods of Ash Swale are not to be surpassed. C. C. Carlson was master of ceremonies, seconded by W. W. Poland and others.

This is the 13th year the farmers of this section of the county have chosen sides selecting a captain on each side and taking from a three to six day hunt, the team having the lowest number of points paying for the banquet that is always to follow.

W. W. Poland, who was selected to make the report of the hunt this year, reported killed, rats, 151; digger squirrels 42; hawks 1; mice 1859; moles 13; jack rabbits 35; crows 14; jay birds, 6; and musk rat 3. The hunters killed only such animals as are regarded as pests each animal scoring certain number of points.

30 Nimrods were chosen for the hunt, 15 to act on each side with Cecil Harrison and Charles Bowers as captains of the teams. The total points of the hunt was reported as 2,865,000 with a score of 557,000 points in favor of captain Harrison's team. The winning Captain is awarded a medal by the club to be worn until his team is defeated.

The literary program rendered by the school and members of the club was of high class and was well rendered. The reading of the publication known as the Ash Swale Hard Times, edited by F. E. Harrison, was a recitation of the many activities of the community and spoke well for the editor.

The climax of the occasion was reached when toast master C. C. Carlson announced that the banquet was ready and that this was leap year and ladies choice for partners in the oyster supper contest. To say that oyster soup and other eats and fire looking ladies were in abundance are but very mild terms. The feed was a great success. "Nuf se!"

J. N. Carlson, state biologist of Oregon, of the U. S. Department of agriculture, county agent, S. V. Smith and W. L. Jackson, of the Albany Democrat, were invited guests and speakers for the evening.
