Mrs. L. H. Fish will give a show Saturday in honor of Miss Lee Fortmiller, bride-elect, whose forthcoming marriage to Clarence Wiles is an event for January 15.

Obituary

HOLLEY, Ore., Jan. 5.—Mrs. Amanda Splawn, wife of S. B. Splawn, died Dec. 12. She apparently slept for forty-eight hours and passed away. She suffered for two weeks after the stroke of paralysis. Her children and husband were with her at the last.

She leaves to mourn her absence her husband, S. B. Splawn, her children John, Jessie, and Frank Splawn, Effie Splawn and Ida Robison; two brothers and three sisters besides a host of friends who will sadly miss her.

She was a great church worker and Sunday school teacher. She was a member of the Christian church. She lived in this vicinity since she was a child.

Funeral services were held at the house and burial took place in the Crawfordville cemetery where she has three children buried.

Self-Styled Cowboy Sought by Police

SALEM, Ore.—A self-styled cowboy named Brown is being sought by the Salem police in connection with the disappearance here Wednesday night of Freddie Ward, 15-year-old son of Mr. and Mrs. W. L. Ward of this city. Young Ward had been working here and drew his pay

amounting to \$47 a few hours before he disappeared. His friendliness with Brown has convinced the officers that the latter knows the whereabouts of the missing youth.

Telegrams were sent to Portland, Hood River and other Oregon towns tonight asking the police to keep a lookout for the pair, who were believed to be headed toward eastern Oregon.

EASTBURN BRO'S. THE CASH GROCERS

To try to control railroad rates by arbitrarily limiting profits is to put the manager who makes his profits by efficiency and economy on the same level as the one who tries to accomplish the same result through extortionate charges.
—Hodley Railroad Securities Commission; Report to the President—1911.

THE old-time pack-bearer could carry a hundred pounds ten miles a day.

The railroad is the modern pack-bearer. For every employee it carries 2,000 times as much.

Back of each railroad worker there is a \$10,000 investment in tracks and trains and terminals, with steam and electricity harnessed like a great beast of burden.

Without this mighty transportation machine the railroad worker could do no more than the old-time packer. But with it he is enabled to earn the highest railroad wages paid in the world, while the country gains the lowest-cost transportation in the world.

The modern railroad does as much work for half a cent as the pack-bearer could do for a full day's pay.

The investment of capital in transportation and other industries increases production, spreads prosperity and advances civilization.

To enlarge our railroads so that they may keep pace with the Nation's increasing production, to improve them so that freight may be hauled with less and less human effort—a constant stream of new capital needs to be attracted.

Under wise public regulation the growth of railroads will be stimulated, the country will be adequately and economically served, labor will receive its full share of the fruits of good management, and investors will be fairly rewarded.
