

FARMERS DESIRE ELECTRIC LIGHT

Thomas Creek, Jordan and
Scio People Plan Co-op-
erative Power Plant

That the farmers of this county will have their houses and barns lighted by electricity in no distant future, is indicated by the steps recently taken by about forty farmers living along Thomas creek between Jordan and Scio who have proposed to take the electrical course if a plant is established at Jordan to furnish the juice.

The franchise on furnishing the power for the Scio Electric plant has expired and as a result the Scio people and farmers along the line between the falls in the creek at Jordan are considering the advisability of establishing a plant run by water power and in addition to supply Scio accommodate the farmers along the line.

It has long been the dream of many thinking men that some day every modern farm home would be lighted with electricity developed by a co-operative power plant built as some of the water falls in the numerous mountain streams of the various localities tributary to water power. The telephone, the R. F. D. mail service, the good roads, the automobile, have all come to the farmers convenience within the time of all men now living. Who is the next to preach the doctrine that it is not a visionary scheme to have light and more light.

The following persons have contracted for and subscribed for electric light and power along the proposed power plant from Scio to Jordan:

Early Phillips Z. J. Clarke, J. W. Frost, N. Enders, A. W. Arbuckle, G. C. Westenhause, O. Eichinger, Bert Hollis, J. B. Couey, Ed. Fleming, Tony Rosprofsky, W. M. Rhoda, A. & J. B. Fleming V. W. Arnold, A. L. Arnold, John Shimaneck, J. H. Wortman, Jos. R. Rorer H. E. Burmester W. E. Burton, J. A. Bilyeu, G. M. Wert, G. T. Cree, Henry Phillips, E. G. Balsiger, J. W. Shimaneck, Joseph Patroy, John Stellmacher Rev. Bonafoce Floyd Shelton, J. S. Hannah, C. Schneider, D. H. Hildreth, Wm. Gorgor.

This makes a showing of 40 patrons on the line. It is estimated that each patron will use on an average of \$3 per month for light and power, a total of \$1440 per year. In addition to the above, the patrons have subscribed the sum of \$527 as a bonus and donation to the city to help build the line.

Rolfe Theatre To Open Six Days a Week

Managers Hill and Hudson announce today that beginning Tuesday evening the Rolfe theatre will be open six nights a week, running every evening except Monday. The usual Sunday matinee will be given. The theatrical business has grown to the point where the Globe is unable to accommodate the crowds and it was found necessary to open the Rolfe for four more nights a week. Messrs Hill and Hudson are practical theatre men and have put the business in this city on a good business and paying basis.

"ONLY ONE THING BREAKS MY COLD!"

"That's Dr. King's New Discovery for fifty years a cold-breaker"

NOTHING but sustained quality and unfaltering effectiveness can arouse such enthusiasm. Nothing but sure relief from stubborn colds and onrushing new ones, grippe, throat-tearing coughs, and croup could have made Dr. King's New Discovery the nationally popular and standard remedy it is today. Fifty years old and always reliable. Good for the whole family. A bottle in the medicine cabinet means a short-lived cold or cough. 60c. and \$1.20. All druggists.

Regular Bowels Is Health

Bowels that move spasmodically—free one day and stubborn the next—should be healthfully regulated by Dr. King's New Life Pills. In this way you keep the impurities of waste matter from circulating through the system by cleansing the bowels thoroughly and promoting the proper flow of bile.

Mild, comfortable, yet always reliable, Dr. King's New Life Pills work with precision without the constipation results of violent purgatives. 25c. as usual at all druggists.

Brownsville Boy Gets In Bad With Law

Victor P. Franklin, a Brownsville schoolboy 17 years old, strated out last week to make a name for himself, and succeeded in a way that probably surprised him.

At Salem he bought an automobile for \$1465 and gave a check on the bank of Brownsville for the amount, signing the name of W. R. Eggleston. The seller of the machine inquired of the bank and was told that Eggleston had ample funds, but the latter happened to be in the bank at the moment and when the matter was mentioned to him he stated that he had given no such check. A warrant was issued at Salem for the forger of the paper, but by this time Franklin was gone.

He turned up at Corvallis and offered to sell the car at the Rickard garage for \$800. The low price aroused suspicion and the Salem warrant arrived before the youth got away from Corvallis. He was arrested Saturday and taken to Salem to answer to the forgery charge.—Brownsville Times.

Coast League May Adopt 28 Weeks Schedule

SAN FRANCISCO, Cal. Jan. 5.—A. P.—The annual meeting of the Pacific Coast baseball league here today is expected to result in the adoption of a playing schedule of 28 weeks for the 1920 season, compared with 26 last year, and in the abolition of the "spitball," "shine ball" and other freak deliveries.

The playing season is to start on March 31, according to present expectations and the meeting will pass on a proposal to have Sunday morning games at Stockton between Sacramento and its opponents during the 14 weeks the Sacramento team is at home.

Returns to College—
Miss Virginia Tomlinson returned today to college at McMinnville after spending the holidays at home with her mother and brother.

Elk Make Plans

At the regular meeting of the Elks lodge last evening it was decided to start at once to get estimates for the remodeling of the building and

the construction of a first class gymnasium in the rooms now occupied by the French transfer company. The plans are conservative and the building when finished will offer all the advantages of a first class gym. Roseburg News.
