C. Burkhart leading. Everyone especially invited.

Interest in Meetings Is Steadily Growing

Increasing crowds are greeting the Rev. A. A. Heist at the Methodist Church last night when he gave his first sermon in the evangelistic meeting being held there. His message was devoid of "fireworks" and rhetorical display, but was given with a force that made every member of his audience think. The close attention given him through his entire discourse testified to intense interest which he created from the very first. He has a straight-from-the-shoulder form of address, that wins him a hearing at once. He will preach again tonight, the service beginning promptly at 7:30, and he and Mr. Spencer, the pastor, "the team," as they call themselves, are planning some interesting features for the next week.

Lonestar Dietz Begins Sentence

SPOKANE, Jan. 8.—A. P.—William H. (Lonestar) Dietz, former coach of the Washington State College football team, pleaded guilty today in the United States district court here today to a charge of falsifying in his draft questionnaire. He was sentenced to 30 days in the county jail and began his sentence today, it was stated.

England Shows Interest Today In R. R. Strike

LONDON, Jan. 8.—A. P. Interest in the resumption of the railroad men's conference here today centers around whether the men will declare another strike or proceed with the lot of a half million members in various unions affected by the government's offer in settlement of the wage demands.

18 Chiropractic Graduate Tonight

The Democrat editors are in receipt today of an invitation to attend the graduating exercises of a class of eighteen students of the Pacific Chiropractic College at the First Congregational church of Portland tonight.

The graduates who are known in various parts of the state are: Oscar L. Baker, W. Lafayette Bishop, Alfred Burkland, Herbert V. Hagen, William Sanford Hamacher, Edward W. Hoffman, Clara C. Ingham, Isaac Jacobs, Minnie A. Jensen, John J. Morrow, M. Olsen, Frank T. Pollard R. A. Rice, Eugene A. Spear, Alonzo L. V. Smith, William F. Todd, William M. P. Teasley and Robert James Whitley.

Hatching Starts Soon At Pacific Plant

E. O. Newport of the Pacific Hatchery, Tangent, was in the city today on business. He says that he will begin hatching in about a week. He has just completed his incubator room and also a large scratching shed.

He is well pleased with his new location. He has issued a 1920 mating pamphlet describing the stock he will have to market this season.

Casualties are 2,000

MEXICO CITY Jan. 8.—A. P.—The estimated casualties attending the earth quake last Saturday in the Western Part of Vera Cruz, still stands at 2,000 or more.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Liniment

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 30 cent bottle of old, honest "St. Jacobs Liniment" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin. Nothing else stops lumbago, sciatica and lame back misery so promptly!

PLUMB HAS PLAN TO CONTROL ALL

Industrial Program Would Place all Business Under Tri-partite Control

WASHINGTON, Jan. 8.—By the A. P.—A Plumb plan for all American industry, modelled after the plan of the same name for the railroads, has been prepared and is expected to be publicly announced soon.

Copies of the plan, captioned "an industrial program by Glenn E. Plumb," are being circulated in Washington and some of them received in government circles.

Briefly the plan proposes for all American industry the system of tri-partite railroad control advanced some time ago with the backing of the great brotherhoods, which, it has been announced, would be made an issue at the elections. It proposes practically the same division of representation for capital, labor and the public.

Industry is classed into four divisions, in this way:

1. Those "individualistic in ownership and operation, including the farmer and the small artisan, contractor and manufacturer, who is both capitalist, laborer and consumer."
2. All industries "formerly individualistic, but which through organization have so developed that ownership is separated from labor and concerns itself only in direction and supervision of production in which it engages the efforts of others who have no share in ownership."
3. Industries "based upon a grant from society in the shape of a franchise, grant of privilege or monopoly." In this division are included

How Old Is Grandpa ?

Years ago the term "Grandfather" usually meant a very wrinkled old man leaning on a cane. Today, almost any hale and hearty fellow of middle age may be a Grandad—but if he carries a cane it's for looks and not to lean on. Grandfather's clothes have change too. Of course, you could call our staple suits "Grandfather's Clothes" if you wanted to, but just let us put one on the average man of 45 to 60 and if you can discover anything old fogish in its lines—we'll buy you the best dinner in the city—and Grandpa can come along with us for a chaperone. Michaels-Stern Suits for Seniors in fine silk and wool worsteds — dark cashmeres and quiet chevots.

Winter Term Opens With Many Students

CORVALLIS, Jan. 8.—Special—The college opened for the winter term with an unexpectedly large number of students entering for the first time. While figures are not available it is expected the attendance will be the largest for any one term in the history of the institution. Due to the fact that school was closed in advance of the scheduled date prior to the holidays only approximately a third of the students had registered before they left.

WHEN ANSWERING questions, please mention the Democrat.

The Ease of the Chalmers Engine Has a Story

WHEN you sit behind the wheel of a present day Chalmers you will long remember the rare ease of its engine. It responds to the slightest call without effort. At high speed you are conscious of no great activity under the bonnet. But you roll along with a certain comfort of mind that is comparable only when you lag along at slow speed and note no "breaking," no "missing," no jerky action—but a quickness, a silence that is smooth and expressive of high efficiency. There's a story back of this. Most troubles in a car come from vibration. In a Chalmers there is so little vibration as to be negligible. Its crank shaft and reciprocating parts are balanced to a fraction of an ounce, both static and in motion. More than this, Hot Spot vaporizes the raw gasoline into a "fog," and Ram's-horn supplies each cylinder with an even "charge." This provides double insurance against vibration, and generates an ease of action not often found in a motor car. Once you experience this you, too, will say Chalmers is one of the few great cars of the world.
