Mine Operators Make Reservation To Acceptance

WASHINGTON, Jan. 13.—A. P.—Mine operators of the central competitive fields today told the commission named to settle the Bituminous coal

strike that they would accept with a single reservation any award the commission might make. The operators said they would not be a party to fixing of coal prices beyond the period of the effectiveness of the lever law, a wartime measure through which the government has controlled food and fuel prices.

3000 Bushels of Potatoes Frozen At Harrisburg

The Harrisburg Bulletin of the last issue gives a statement on the loss of potatoes in that vicinity caused by the recent freeze which was certainly a heavy loss to the individuals and a factor in advancing the price.

"The actual loss of potatoes due to the freeze is just coming to light. The heaviest losses are reported from the Ingram Island and Irish Bend sections, the principle market crops in those sections being the humble turnip. It is safe to say that fully 300 bushels of potatoes were spoiled. Irish Bend alone lost 1500 bushels. Garrison Sheldon, Jim and Charlie Wallace, and the Dodge brothers all of Ingram Island section are losers from 100 to 500 bushels each.

South of town the report comes that the Herman boys lost 400 bushels, Joe Hayworth 200 and Tom Lowell 50. The same condition exists in other parts of the valley with the result that the price of potatoes is advancing and of the stored crop still in marketable condition not a bushel will be shipped."

GRAY-LHEVINNE CONCERT LIKED

The Gray-Lhevinne concert given at the United Presbyterian Church last evening under the auspices of the Albany Young People's Union was a decided success from every standpoint. The crowd was large and appreciative and the numbers rendered did justice to the two distinguished artists. Estelle Gray delighted her audience with her skillful handling of the violin and was forced to respond to many encores. Miss Gray (Mrs. Lhevinne) said today that her audience last night was one of the most delightful that she has had the pleasure of appearing before and she and Mr. Lhevinne did their best to please. The informal, appreciative atmosphere was decidedly to their liking.

The extemporaneous stories which Miss Gray told before each piece she played made a decided hit. Especially good was her rendition of "Concerto" by Godard.

Lhevinne proved himself a master of the piano and proved pleasing in many numbers of his own composition. The "Rassian Ballet", by Tchaikowsky, was especially well given and brought forth the approval of cultured music lovers in the audience.

This afternoon Miss Gray called upon Deo McClaine at the request of Riley Lobaugh, formerly of this city who is now selling papers at the ferry building in San Francisco. Miss Gray met Riley, who is a crippled boy, here several years ago, and when she went to Europe where she studied for six years she kept up a post card correspondence with him, sending him interesting views of the places she visited. On her return to San Francisco she again met Riley and never fails to give him a word of cheer as she passes his place of business.
