## VISITING NURSE IS NOW EMPLOYED BY RED CROSS IN COUNTY OF LINN

Miss Charlotte Walker Former New York City Social Worker, to Take Charge of Work in County.

## SERVED OVERSEAS

Public Health to be Guarded; Schools to be Visited and Affected Children Will be Reported.

Realizing the value of guarding the public health the Linn County Red Cross Chapter now has a county health nurse of practical experience who is to serve the public under the auspices of the Red Cross Chapter.

Miss Walker will probably divide the service work of New York City and an overseas nurse is to visit the rural schools of the county and attend mothers' meetings and other similar meetings where an opportunity will be given to present the value of guarding the public health by regulating epidemics and the spread of all contagious diseases.

Mill Walker will probably divide the county into several divisions and visit schools and consult with parents in each section by some systematic plan. All defective children will be reported to the parents and also to the local physician in many instances.

The county nurse is to co-operate with the teachers of the rural schools and follow up the work of assisting in having all children treated when necessary. The nurse is also to act as advisory nurse in any case of illness and can be secured by making proper application.

The expense of the nurse is being paid out of the funds of the Red Cross of the county. Umatilla, Clatsop, Deschutes and Linn counties are the only counties of the state that pay the expense by public subscription.

The counties of Jackson, Coos Lane, Washington and Union are paying the expense of the county nurse out of the public funds of the county. The State Tuberculosis Society is paying the expense of a county nurse in Multnomah and Clackamas counties.

W. A. Eastburn is the chairman, C. H. Cusick treasurer and Mrs. E. B. Dunn secretary of the county organization with offices on the fifth floor of the First National bank. The county nurse can be reached by calling or writing the secretary.

## BURLESON OUSTS FRANK S. MYERS

Portland Postmaster and Assistant are Retired From Office

Considerable interest is manifested by local democrats over the removal of Postmaster Frank S. Myers from the Portland office. Myers and his assistant, Harry Durand, who has been in that office for the last 20 years, have been requested to let go of their jobs on Jan. 31.

Myers has not been amicable with the majority of Oregon Democrats for some time and many efforts have been made to get him out of office. The letter requesting his resignation came from Postmaster-General Burleson.

Myers has been close to President Wilson and Burleson and up to the present all efforts to dislodge him have been fruitless. It is not known what methods were used in causing his resignation, but inefficiency is one of the charges. It is presumed that charges of disloyalty preferred against Durand by Myers a year ago were responsible for his discharge, although an investigation at that time gave a clean slate.

The choosing of a successor will be a matter of considerable interest to Democrats throughout the state.

## BUSINESS TRANSACTED

Committee Given Power to Purchase Site for Dump Dump Ground; Street Commissioner gets Raise.

The City Council evidenced an interest in the threatened return of an influenza epidemic last evening and gave Dr. Jos. Myers, city health officer, free reins in preventing the spread of the disease.

Dr. Myers reported that there are five cases of influenza in the city at present, five of scarlet fever and one of small-pox. The scarlet fever cases are located at Victor Bergman's, on east First Street; R. D. Snell's, Miss Emmett, east Second St., J. Hall, 826 East 2nd., and at Ira Redifer's Santiam Road. Influenza was reported at Ira Blodgett's, the Manchett home and two cases at Charles Gray's, 980 East 8th St.

The state board of health has ordered a complete report of the condition of the health of the city every day, and insists on the proper isolation of the disease when it is first discovered. Failure to obey the orders of the board subjects the guilty person to a fine of \$100. Strict quarantine must be enforced, even if an armed guard must be placed before every home affected.

The council met with Mayor L. M. Carl absent. The meeting was presided over by Councilman Owen Beam.

The committee charged with securing a new site for a dump ground reported that they had several in view and they were given power to act. The Jones place, three miles south of the city on the Oakville road was considered feasible.

Councilman Holloway brought up the matter of increasing the salary of the street superintendent and it was decided to grant an increase of \$300 a year, making the salary \$1,500. It has been the custom to employ special engineers to inspect paving work, which amounts to about \$600 a year, but this work will now be done by the present street superintendent.

## JUDGE ORDERS ATTORNEYS WITH REVOLVERS TO DEPOSIT WEAPONS BEFORE ENTERING COURT TODAY

### 500 Pound Weight On Court House Clock, Falls

A five-hundred pound weight broke loose on the big clock at the court house at 11 o'clock today and came down with a crash a few feet below, causing more or less confusion in the various offices and the displacement of some plaster in the corridor of the upper rooms of the temple of justice. Had it not been for the short distance the weight had to fall before coming in contact with the joists, serious damage might have been the result.

The foundation of the old tower, on which the clock and the city fire alarm rests, is said to be shattered worse than the platforms of the leading political parties of the republic and should be fixed with something more modern.

Some whom I enumerated worked in the day time and could not be seen until night.
