Lodge Group Refuses to  
Give in on Article 10.

### TAFT PLAN PRESENTED

es he Will Seek Other  
Means to Ratify; May Call  
for Debate in Senate.

WASHINGTON, Jan. 30.—By  
the Associated Press.—Unoffi-  
cial bipartisan negotiations on  
reservations to the peace treaty  
ended suddenly today when Demo-

attempt to obtain a compromise  
on Article 10 walked out and an-  
nounced that they would seek  
some other method of obtaining  
the ratification.

The break came when Senator  
Lodge refused to accept the reser-  
vation to Article 10 drafted by Ex-  
president Taft and presented by the  
Democrats. Senator Hitchcock an-  
nounced that he would move on Feb-  
ruary 10th to take the treaty up for

## Sermon Liked At the Methodist Church Yesterday

"I wish many more could have heard  
it." "Preach it again next Sunday  
morning." These and many other  
similar expressions greeted the pastor  
of the Methodist church last night at  
the close of his sermon on "The Har-  
dest Road in the World."

He said that while many hesitated  
to undertake the Christian life be-  
cause of their fear of its difficulty,  
in reality the hardest road in the world  
was the way of the ungodly man, for  
he must steer a straight course with-  
out a compass, must hold high stand-  
ards without any help from God, must  
have for the ultimate triumph of good,  
while at the same time he had alienat-  
ed himself from the only power that  
could bring that triumph, must face  
the final judgment of God, without  
Christ to plead his cause.

Before the sermon, A. M. Hammer,  
speaking as a "Methodist Minute  
Man," inaugurated the movement for  
the "Win-One Legion," in which the  
laymen of Methodism pledge them-  
selves each to win one person to the  
Christian life before the first day of  
June, 1920. He said that the great  
Centenary campaign for \$105,000,000  
was largely successful through the  
publicity given it by the Minute Men,  
and that this new "drive" for a mil-  
lions converts could be assured if all  
Minute Men would do their part, and  
all laymen would join the "Win-One  
Legion." The meetings will continue  
through the week, closing Sunday  
evening.

## MOONSHINE STILL IS FOUND ON RUSSIAN'S PLACE NEAR PEORIA; NEIGHBORHOOD FUED CAUSES LEAK

SHERIFF KENDALL VISITS PLACE AND LOCAT-  
ED PART OF STILL IN BOTTOM OF SLOUGH  
WHERE OWNER SWAM AND DEPOSITED LAST  
OF EVIDENCE OF MANUFACTURE.

A Russian moon shine distillery  
was captured by Sheriff Kendall  
near Peoria last night and two  
bachelor suspects placed under  
arrest and others on the carpet  
for further investigation.

Samuel Curnevich and Mike Kul-  
gen, two Russian bachelors residing  
on a farm about one mile south of  
Peoria were reported to the sheriff  
yesterday afternoon by other members  
of the Russians, in the neighborhood,  
who had become enemies of the staid  
old bachelors who were manufactur-  
ing whiskey.

The sheriff started immediately for  
the scene of action on receiving notice,  
but in the meantime the alleged of-  
fenders of the law had received the  
"hunch" that the sheriff was expect-  
ed and proceeded to destroy their cov-  
eted property and dispose of all evi-  
dence that such a plant had ever been  
in existence, before he could arrive.

A ten gallon copper boiler, which  
they used as the main reservoir to  
heat their product was removed from  
the stove and mashed up and placed  
in a wheat sack and carried to a  
slough near the river and thrown in-  
to the water, which proved to be about  
ten feet deep. A boy who happened  
to notice the party taking for the  
river in a great hurry watched the

performance and gave a detailed ac-  
count of the transaction to the sher-  
iff, who on arriving at the home of  
the violators of the law claimed to  
have no knowledge of there ever being  
such a thing in the country.

Sheriff Kendall, assisted by others  
secured a boat at Peoria and fished  
out the tank which is now on file at  
the court house as proof of the actions  
of the parties involved.

It is alleged that the plant has been  
in the possession of the two men for  
about a year and that it was loaned  
to them by a Russian in Portland.  
Will Dobrinin, who is the manager of  
the colony is reported as furnishing  
some of the material to manufacture  
the whiskey and that Samuel Curnev-  
ich, one of the alleged manufacturers  
sold quantities of their output in  
Portland and way points.

The parties reporting the violation  
were peeved on account of being ac-  
cused of shooting cattle and commit-  
ting other misdemeanors and reported  
to the sheriff the case in order to even  
up. The still was hid in an old straw  
stack last summer when the sheriff  
had his eye open for it but failed to  
make the location. No whiskey was  
found and no other proof of the law  
being violated except the tank and the  
statement made by witnesses.

## SCHOOL CHILDREN BRYAN REPLIES GET MUCH PAPER TO GOV. EDWARDS

Maple School Wins First  
Prize in Contest to  
Raise Music Fund

The pupils of Maple school were  
first and Madison school second in  
the recent paper and rag gathering  
contest. The Maple school will receive  
the \$10 prize and Madison will re-  
ceive \$5.

The pupils of the public schools did  
great work this week, the enterpris-  
ing little workers gathering more  
than 25 tons of paper and rags which  
will net them about \$400. The exact  
amount gathered was 49,830 pounds  
of paper and 330 pounds of rags. The  
money will be set aside in a fund for  
the benefit of the music department  
of the city schools. Out of this fund  
phonographs, musical instruments,  
music, etc. will be purchased, plans  
being on foot to add to the amount  
in various ways.

Maple school which won first, col-  
lected 15,117 pounds of paper and 83  
pounds of rags. On January 5, the day  
the contest started, there were 137  
pupils in the school, which gives an  
average of 77 pounds per pupil.

Madison school had 273 pupils on  
January 5 and these collected a total  
of 13,649 pounds of paper and 114  
pounds of rags, or an average of 50  
pounds per pupil.

Central school, with an attendance  
of 452 collected 18,700 pounds of pa-  
per and 131 pounds of rags, an average  
of 41 pounds per pupil. The senior  
high school, with an attendance of  
215, gathered 2,546 pounds of paper  
and no rags.

The paper is being loaded into cars  
today and will be shipped to Portland.  
The exact amount received will not be  
known until the paper is sorted and  
weighed. The shipment includes mostly  
magazines and flat newspapers, the  
highest quality of scrap paper.

City Superintendent Boettcher ex-  
pressed his thanks today to the people  
of the city who cooperated with the  
school children and for the aid given  
generally.

## HIGHER COSTS OF LIVING SEEN BY ASSISTANT POST MASTER GENERAL

Answers Received From 40-  
Farmers Replying to Ques-  
tionnaires Shows Dissatis-  
faction Exists.

### CONDITION LOOKS BAD

Decrease in Production and  
Consequent Increase in  
Cost of Living is Feared by  
Official.

WASHINGTON, Jan. 30.—By  
A. P.—James I. Blakeslee, fourth  
assistant postmaster general,  
before the Senate postoffice com-  
mittee today predicted a decreased  
farm production next year and a  
consequent increase in the cost of  
living due to the dissatisfaction of  
the farmers.

More than 40,000 answers to 200,000  
questionnaires sent to farmers indi-  
cated a condition that is "disturbing  
and portentous of disastrous conse-  
quences."

Blakeslee said that the farmers ob-  
jected to the low returns for the long  
hard toil while the city dwellers had  
ease and comfort and shorter hours;  
that the middlemen's profits were ex-  
orbitant; that farm labor is hard to  
obtain and that the high cost of im-  
plements and fertilizers is discour-  
aging.

Members of the committee said that  
the replies seemed to come "mostly  
from a bunch of Bolsheviks."

## Veterinary Hospital To Be Built Here By Dr. C. T. Norman

chased yesterday by Dr. C. T. Nor-  
man and will be remodeled into an up-  
to date Veterinary Hospital. Sanitary  
box stalls, operating tables and wards  
for the smallest animal will be built.  
The hospital is to be strictly modern  
in every respect and will be another  
asset to the city. Any animal from a  
rabbit to a horse will be studied and  
treated in the most scientific manner.  
Dr. Norman is entitled to great credit  
for his public enterprise and no doubt  
will receive the patronage from the  
public he justly merits.

## Pacific U. Has Fast Hoopers in Game This Eve.

Pacific University's fast basketball  
quartet will be seen in action against  
the Albany college team on the Y. M.  
C. A. floor this evening.

Pacific University gained a good  
reputation as a basketball team fac-  
tory and it is this reputation as well  
as the team that the local boys are  
playing tonight.

The 50 Albany fans who accompan-  
ied the home team to Philomath last  
week are quite jubilant over the im-  
provement shown and are expecting  
our squad to carry off another victory  
tonight.

The lineup has not yet been an-  
nounced and it is thought likely that  
Coach McNeal will spring a "dark  
horse" in the string. A couple of new  
men coming out for practice the past  
week are making a strong showing.

Mr. Buyers, of the Albany schools  
will referee. The game is called for  
8 p. m.
