

KABO Comfort Top CORSET

Means the last word in correct corseting. It means more than that—relief at last for the woman who has suffered discomfort from the stiff front steel pressing in at the top. To her the Comfort Top corset is a boon. The special feature meets a definite need. The front steel stops at the waist line and the soft, pliable top section fastens with hooks and eyes, like a brassiere.

The Comfort Top, like all other Kabo corsets, is designed on live models and made for real human beings who live and move and breathe.

Back-Lace and Front-Lace

The one pictured is \$4.00 a pair, other Comfort Top models at \$2.50 and \$3.50 a pair.

county man, with his violin manufactured in this county, accompanied by Miss Alice Clement of the College rendered several classical selections to the delight of the audience. Mrs. H. B. Cusick, one of Albany's most accomplished vocalists rendered some pleasing selections. Miss Florence Eastburn and Miss Una Hall next rendered a duet which was well appreciated.

Albany has the reputation of having more local talent than any town in the state according to its population which the program of the evening fully justified.

The Sir Knights are under lasting obligations to the Pythian Sisters for

the splendid program and banquet of the evening and will probably reciprocate in the near future.
