THREE AMERICAN RELIEF WORKERS REPORTED SLAIN BY BRIGAND BAND

Report States That Members of Convoy of Supply Train in Syria are Victims of Turkish Brigands.

OFFICIALS IN DOUBT

May not be Americans; Turkish Bolsheviks to March on Holy War on England. Constantinople and Plan

WASHINGTON, Feb. 4 — By the Associated Press—The murderer of three American relief workers in Syria is reported today by the State Department.

The Americans were part of a convoy for the American relief supplies. They were said to have been killed by brigands Feb. 1 near El Mall, north of Aleppo. The names of the Americans were not given.

Officials Doubt Story
NEW YORK, Feb. 4 — The three members of the American relief convoy slain by brigands may have been natives and not Americans, officials of the Near East Relief Commission think. Much of the transportation of food and clothing was done by natives employed by the committee.

Constantinople Threatened
LONDON, Feb. 4.—A Constantinople dispatch says "the young Turks red army will in the near future reach Constantinople and throw out their Turkish enemies. The Turkish Bolsheviks announce that a Holy war against Great Britain will be undertaken in the spring."

French Troops in Combat
LONDON, Feb. 4.—A Constantinople dispatch reports important engagements between National forces and French troops in the region of Marash and Antab in Turkey in Asia. Marash is reported seriously endangered.

Stock Market Takes Another Slump Yesterday

NEW YORK, Feb. 4.—Another sensational slump in foreign exchange yesterday unsettled the prices on the stock exchange and the various commodity markets, especially those trading in food, stuffs and cotton. The decline was the most severe in the long sustained reaction of international credits and was attended by many disquieting rumors, especially as to the probable effect on this country's foreign trade. There is no way by which the extent of today's operations in the exchange market can be computed, but the aggregate of sales probably amounts to hundreds of millions of dollars, British and French bills providing the bulk of offerings.

CAR OF MINING MACHINERY FOR GATES DISTRICT PASSES ALBANY

Silver King Mines to be Developed and put on Paying Basis During the Coming Season.

OFFICIALS ARE HERE

Modern Mining Machinery to be Installed by C. N. Anderson; Camp Rebuilt to Receive Large Crew of Men.

Mining activity in Linn and southern Marion counties will take on new life as a result of the installation of new machinery in the Silver King mine near Gates. A car load of mining machinery passed thru Albany today enroute to Gates for shipment to the properties.

J. J. Langmack, president of the Silver King, is in the city today and held conferences with local stockholders. He reports flattering prospects and the company is showing its faith by the investment of large sums of money in the machinery now being installed. A large amount of other supplies were also shipped in today.

Carl N. Anderson, who has been employed by large mining companies in Alaska for the last seven years, has charge of installing the machinery and extensive development work will be carried on during the coming season. Mr. Anderson's expert knowledge as a mining engineer will greatly assist in the development work. The machinery is the most modern type.

E. E. Williams, vice-president of the company and W. S. Risley, secretary, are taking an active part in arranging for the new camp, which has been entirely rebuilt.

Several mining men have expressed their opinion that the Silver King is one of the best mining properties on the coast. It contains gold, silver, lead and zinc.

A large force of men will be kept at work during the summer and great strides will be made in the development work.

Local Store Issues Fine House Organ

No finer seed catalog will be found on the coast than that just issued by the Murphy Seed Company. The book containing 48 pages and cover, is a home product, with the exception of the paper, ink and cuts which were used. The work is from the press of F. K. Churchill and is attractive in every detail.

The front cover is in three colors, red, green and black, picturing several tempting varieties of vegetables. Four views of the Murphy Seed Store and warehouse are shown. The articles listed are profusely illustrated throughout and the matter is well prepared and arranged. The book is printed on a good enamel paper and is far ahead of anything issued thus far this year by any Portland house.

The local seed store, by buying and selling large quantities of seeds, keeps much money in Linn county that would otherwise go to Portland dealers, or perhaps to California and east.

TO SEEK ROOMS FOR DELEGATES

Western Oregon Christian Endeavor Convention to Be Big Event

"Do you realize that one of the largest conventions of its kind ever held in the west is to be staged in our city February 20, 21 and 22?" asks a local man.
