New Hats for Spring

At Last the American Woman is Crowned!

The hats this spring are gloriously pretty in beautiful flowers, tints, fascinating Cellophane braid trimming, which looks like jet, yet weighs practically nothing. Some have whole crowns of it and are stunning in their scintillating loveliness. Others are in Bolivia cloth in bright colors in combination with Cellophane braids, combinations of silks, Bolivia cloth and French flowers.

The shapes for early spring showing are small and close-fitting, with brims that roll away from the face. Suitable for dinner, dancing or afternoon affairs.

While at the auto show call and look over our exquisite line.
