Jefferson Items

JEFFERSON, Feb. 16—News reached Jefferson of the death of Geo. Miller, father of A. C. Miller. He died at the home of his daughter in Portland Friday morning. Mr. Miller was one of the early pioneers and an Indian war veteran.

Work will soon start at the A. D. Kern paving plant across the river. A 25 ton steam shovel has been unloaded at Millersburg and will be brought to the gravel pit immediately.

There are several mild cases of flu in town but all are improving and only one family is at present under quarantine.

J. J. Denson and family from Dayton were here the first of the week.

Be Slender

The true way to become slender, agile, healthy is to give your body the right kind of exercise. Do not start until you are well rested. Do not start until you are well rested. Do not start until you are well rested.

DRESS WARM AND KEEP FEET DRY

Tells Rheumatism Sufferers to Take Salts and Get Rid of Uric Acid.

Rheumatism is no respecter of age, sex, color or rank. It is not the most dangerous of human afflictions it is one of the most painful. Those subject to rheumatism should eat less meat, dress as warmly as possible, avoid undue exposure and, above all, drink lots of pure water.

Rheumatism is caused by uric acid which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.
