Spotlight is Stolen—

The spotlight was stolen from the Globe Theatre automobile last evening and this morning the piece was recovered in a woodpile in the alley back of the playhouse.

They Wear Like Iron

No one knows like a mother knows how hard a boy is on stockings. He is simply merciless—he would not be a regular boy if he weren't.

Just by fitting him out with some of our Top-Notch or Mowhawk stockings—you can relieve much worry. They are not hole or snag-proof but they are the nearest thing to it that we know of.

CHANDLER SIX Famous For Its Marvelous Motor

**If You Don't Want to Wait
Next Spring, Order Now**

LAST year's production of the Chandler Six was of record volume and this year's production will double it; but if you don't want to wait for your new Chandler next spring, we would suggest that you order it now.

This year's automobile shows have attracted crowds greater than ever before, partly perhaps because hundreds of thousands of Americans were unable to secure new cars last year. And these great crowds of motor enthusiasts have found no better value in the whole exhibit of six cylinder cars than that which Chandler offers.

Chandler leads so distinctly in the medium-priced fine car field because it does offer such splendid value; because of its really marvelous motor developed through seven years of production in the Chandler plant and seven years' service on the road in the hands of a host of owners; because of its sturdy, dependable mechanical construction throughout the entire chassis; and because of its attractive and comfortable body.

Compare them all, all the sizes, then pick out yours.
It will be a Chandler if you ask Chandler owners.
