Jefferson Items

Mrs. E. Racey is spending a few days in Albany visiting with her grand daughter, Mrs. Olin Nebergall. Miss Rose Green returned from Albany Monday morning after a short visit with Miss Floy Van Buren. Mrs. R. C. Thomas and small son were Albany visitors Monday. Robt Krimms came up from Portland Saturday evening returning Monday. Miss Jessie Armstrong died in Portland Monday of pneumonia. Miss Armstrong was a former Jefferson girl. Mrs. G. H. Edwards was a Salem visitor Monday. Miss Nettie Vaughn and Mrs. A. J. Hoag were in Albany on business Wednesday. Mrs. W. W. Allen from Mill City came Saturday for a short visit with her parents Mr. and Mrs. J. B. Looney. John Kirk from Salem was in town a few days ago visiting his daughter Mrs. Geo. Witherite. Mrs. Fred Seehale was in Albany shopping Tuesday. Hiett Van Buren visited with relatives in Albany Tuesday. V. E. Bachman went to Albany Wednesday for a short visit with friends in that city. Mr. James Cooper went to Portland Tuesday to visit his brother who is quite ill. A motor cycle with a side car which Harold Knight was riding collided with an auto on Main street Sunday evening. The motor cycle and side car was badly damaged and Harold received a bad cut on his leg, also was bruised considerably. Roland Wall who was riding in the side car was unhurt.

Mill City—

John Downing and Claude Wilson are shipping rick wood to Portland. The Mill City bank has been made a U. S. depository. One of the old land marks a building owned by Don Smith burned down recently. Mr. McCurdy lost a cow in the fire. The building in the old days was used as a commissary when the railroad was built through here. Stock at the recent sale at the Stafford place brought high prices. The Odd Fellows of Lyons came up last Saturday and helped the Mill City boys confer degrees. Mr. Fred Olin has been elected manager of the Hammond Co's lumbering business. Royal Shaw resigned.

There are an unusual number of strange mining men in this upper country. Judging by the amount of machinery going through it looks as though large improvements will be made. Mr. Fred Bassett came up from Salem to visit his brother Sanford Bassett. Fred, his wife and his mother are going back to Iowa in the spring to visit relatives. They will travel by automobile and camp out doing and coming.

Although many have had colds, no flu cases have been reported in this district.

Miss Frances Spurlin returned to her home Sunday from Brownsville, where she had been employed at the Dr. Waltz home.

Clair Overton is farming for Ben Schick.

Lacomb Locals

Lacomb will have to be placed on the map of Linn county, Oregon, and the world will have to sit up and take notice, for they have struck oil at a depth of about 200 feet. We hope oil will be found in paying quantities, and then we will hear the shrill whistle of the iron horse on the steel rails, the Honk! Honk! of the numerous autos, the Chug! Chug! of the flying machine overhead, the whirl of machinery—and then we will know that Lacomb has become a large city and doing business at home.

Mr. McKinney of Lebanon, is visiting his brother and sister, Mr. Fred McKinney and Mrs. Welch here this week.

The kind of weather we are having now makes one shiver around the heater and wonder what has become of his summers wages.

Mr. Tucker, who had a stroke of palsy a few days ago, has been taken to the hospital in Lebanon to be cared for, but he does not seem to be improving very fast.

We are glad to know that Otto Cox, who has been very sick, is getting along nicely and will soon be out circulating among his many friends again.

Miss Ada Boyce and Miss Hazel Ayers visited the Misses Alice and Edith Cox yesterday and along with a great many others went out to see the sights of the oil well.

There will be a pie social at the school here Thursday night. A program will also be rendered. The public is invited to attend.

There is some anxiety among some of our citizens for fear Mr. Ground Hog saw his shadow on the 21st, as the weather continues to be cold.

Mr. Hern, our road man, seems to be doing quite a bit of work on the roads now, which is certainly badly needed, and will in the future make better roads when the gravel gets packed down and gets solid.

Miss Dollie Edwards who has been staying in Lebanon for a few weeks returned home Monday.

There has been work on the telephone lines in this community the past few days, which was badly needed, as it has been almost impossible to talk to anyone, but now, we hope for better results and better service.

Sodaville Items

Mr. and Mrs. John Hamer, of Hermiston have come to stay in Sodaville a few weeks. They will reside in Mrs. Boyle's house.

Mr. and Mrs. Earl Meyers, of Portland, were the week-end visitors at the Gysler home.

Miss Emma Siefert, sister of H. Seifert, who has been in California for several months, came last week for a visit with friends and relatives in this vicinity.

Gladys Skeels, who has been kept at home by an attack of the "flu" has fully recovered and returned to school.

School visitors for the last week were: Mrs. Kau, Mrs. Simons and daughter, Mrs. Smith, Misses Frances Kaczmarek, Dorris McTimmonds and Margaret Simms.

Mr. Miner, of Kansas, who has been visiting his cousin, Mrs. Howard, has returned home.

As spring approaches, we begin to take interest in hikes again. A party of young people consisting of Madeline, Agnes and Ada Karpinski, Florence Simons, Francis Kau and John Karpinski hiked to Majestic Falls last Sunday afternoon.

Christine Schiele entered school here Monday.

Mr. and Mrs. Percy Patterson and children visited relatives here Saturday and Sunday.

ADITORIAL

What have you planned for personal renovating in the spring? Are you preparing to be clad in garments that reflect the spirit of the season, and your spirit, or are you a little inclined to be passive and indifferent. So often as people, men and women both, attain a few years more than their score and ten, they become calloused to the opinions of friends and acquaintances regarding their apparel. They forget that although friends judge them by what they are, that others judge by what they look like. Most people trust to first impressions, and this should be taken into account as we plan our wardrobes from season to season. People who know the importance of personal appearance have a decided preference for apparel of the kind we sell. You must understand that ours is the standard stock of Albany. If it's right we have it and if we have it it is right. When spring breezes and influences get into your veins, come here and you will be pleased that you did.

Once a Nemo; Always a Nemo!

Many women are wearing useless corsets, or none at all, and deliberately "slumping." They are foolishly sacrificing whatever beauty their figure may possess (or ever will possess) and are laying up trouble for the future. A woman's body needs firm abdominal support with freedom above the waist. Health depends on it. Attractive appearance results from it. Correct poise is determined by it. Nemo corsets give it.

A Nemo hygienic corset is more comfortable, more healthful, more stylish always — because it is scientifically right.

Be Far-Sighted

Look after your own welfare now: Wear a Nemo corset.

No. 511 Nemo Kop-Service Corset

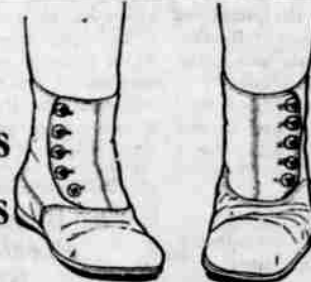

An extremely popular model for figures requiring much reduction of hips and thighs, but not particularly needing abdominal reduction. The desired effect is produced by semi-elastic gores and bands in the long corset-skirt.

Girdle top, higher in front to control flesh above waist. Of fine coutil, in pink or white.

Your Child's Shoes

Do They Fit?

If they do not fit you are laying the foundation for future trouble. Ill fitting shoes soon cause weakened arches in children's growing feet.

These lead to pains in the feet, legs and back (sometimes called growing pains) and cause the child to become nervous and irritable.

Let our trained Foot Expert Mr. Conwell examine your children's feet and make sure that the shoes fit.

If arch weakness has already started he will relieve it with the

System of Foot Correction and Wizard Adjustable Foot Appliances. They are all leather, very light and built on a principle that makes them especially suited for children's feet.
