Glass of Hot Water Before Breakfast a Splendid Habit

Open sluices of the system each morning and wash away the poisonous, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise; splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, lame back, can, instead, both look and feel as fresh as a daisy always by washing the poisons and toxins from the body with phosphated hot water each morning.

We should drink, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary tract before putting more food into the stomach.

The action of limestone phosphate and hot water on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast and it is said to be but a little while until the roses begin to appear in the cheeks. A quarter pound of limestone phosphate will cost very little at the drug store, but is sufficient to make anyone who is bothered with biliousness, constipation, stomach trouble or rheumatism a real enthusiast on the subject of internal sanitation. Try it and you are assured that you will look better and feel better in every way shortly.

J-O-T-O

Is Not a NEW
Stomach Remedy.

PROVEN ITS MERIT FOR THE PAST
25 YEARS.

The story of J-O-T-O is interesting. For 25 years this simple remedy has been used by the President of the Bellingham Chemical Company, being then as he is now a business man. The value of J-O-T-O spread from neighbor to neighbor and he was always making up a considerable quantity which was given freely to everyone who asked for it. The real value of J-O-T-O as a Stomach Remedy spread from Bellingham to nearby towns and neighboring cities and to other states. Only in the past two years has J-O-T-O been prepared in a commercial quantity and offered to the public. Its growth has been truly marvelous, proving its claim to bring almost instant relief in practically every case of Stomach Trouble.

J-O-T-O is Now Sold by Nearly Every Druggist or you can get a sample by writing BELLINGHAM CHEMICAL CO., Bellingham, Washington

BENTON CO. FARM HOUSE HAS CLOSE CALL FROM FIRE

The residence of John Stewart of Benton county, barely escaped being destroyed by fire last evening about seven o'clock. While the family were eating supper sparks was detected falling from the roof of the house. The family rushed for ladders and a bucket brigade, with water was soon formed and by heroic effort the fire was soon under control. A place in the roof about four feet square burned out as a result of the disaster. Mr. Stewart had phoned a number of neighbors who arrived on the scene in time to congratulate the family on their success in extinguishing the blaze.
