

NEW METHODS CUT COST TO ONE-HALF

Combination of Stump Pullers and Burners Solve Problem

Small farmers can clear 10 acres of logged off land a year in spare times without detriment to the usual farm work by the combined methods developed and tried out by H. D. Scudder, head of farm management at O. A. C.

"The cost of clearing can be reduced approximately 50 percent says Professor Scudder. "When it is considered that the cropped area of the state is not increasing, the need for development of new acreage can readily be seen."

The new and cheaper method is a combination of stump-pullers and powder with stump burners for the larger stumps.

Former methods have not only been costly but largely unsuccessful in promoting settlement of logged off lands. Just as soon as the cost mounted to \$100 per acre clearing largely ceased because lands already cleared could be bought for less.

Actual cost sheets have been kept for the new methods over a period of four years and show that the cost figure is not a mere guess.

Demonstrations of the new method will be made by the college in cooperation with county agents wherever sufficient interest warrants.

FARMERS URGED TO TAKE HOME PAPER

Because a man's first great need is to be in touch with his nearest environment, the editor of The Progressive Farmer tells his readers to take their home paper first of all. "A man cannot do the work of a good citizen unless he is in touch with affairs, movements and events of his own locality," says the editor. "Subscribe for it and send in news of neighborhood progress."

Bought a Chalmers—
E. E. Larson, of Suver, is the proud possessor of a new Chalmers automobile which he purchased last week from Waldo Anderson & Son.

SERMON ON MIXED MARRIAGES GIVEN BY FATHER LANE

Marriages between Catholics and non-catholics was the subject of the third sermon on marriages given last evening by Father Lane at the St. Mary's church.

That such alliance had long been a source of wonderment to the church authorities was stated by Father Lane who said that among two christians and it mattered not whether they were both Catholics or both protestants or only one a catholic, the marriage contract in the eyes of the Church was a sacrament possessing a unity and stability of which death could only rob it.

He stated that a catholic could not receive the sacrament if they married a non-catholic not through any legal impediment but because of the divine law of the church. He said that it was only fair to members of other faiths to inform them what it meant to marry a catholic.

CLIFFORD SIMON OF TANGENT DIES

Clifford Robert Simon, aged 27, son of Mr. and Mrs. S. C. Simon, of Tangent, died at his parents home Sunday of pneumonia following the influenza. He deceased is survived by two brothers, Floyd and Emory Simon, of Tangent and two sisters, Mrs. Flora Boon, of Norfolk, Va., and Miss Verna Simon of Tangent.

Funeral services will be at the Simon home in Tangent at 1 o'clock Wednesday afternoon, March 3. Interment will be in the Masonic cemetery.

Leap Year Boy Born—

A baby boy was born Sunday, Feb. 29, to Mr. and Mrs. Minton J. Graham at their home four miles southwest of the city. The baby will not have a birthday until he is four years old, having had the misfortune to make his appearance on earth on leap year.

Returned to Eugene—

Miss Mae Ballack returned to Eugene last evening after spending the week-end with her parents, Mr. and Mrs. W. G. Ballack.

Back in College—

Lee Hulbert spent Sunday at the home of his parents, Mr. and Mrs. J. R. Hulbert and returned to Eugene last evening.

Home From Portland—

Mrs. Ralph Cronise returned from Portland last evening after a short visit at the metropolis.

Iron Horses Coming—

A car load of Iron Horse tractors and Samson trucks is on the way and will soon be on display at the Albany Tractor Company salesrooms, First and Lyon Streets. Watch for them.

MURPHY MOTOR CO. MOVES TO HOME ON WEST SECOND

The Cole Aero-Eight line has been added to the cars now carried by the Murphy Motor Company. The Cole is one of the best known makes on the market.

The Murphy Motor Company has moved from its former location on West First Street and is now in its own new building at Second and Ellsworth Streets, where the Buick, Chevrolet and Cole cars and G. M. C. and Chevrolet trucks will hold forth. The offices and salesroom are not finished, but the shops are in shape and business will be conducted from the new location in the future.

CALLED BY DEATH AT CORVALLIS

Mrs. Joseph, wife of doctor Joseph of Corvallis, was hurried at Brownsville yesterday. Mrs. Joseph was formerly known here as Miss Lavena Vanner only daughter of Mr. and Mrs. Frank Vanner of Brownsville.

She passed away last Friday at her home in Corvallis. She is survived by her husband three small children and an aged father.

LEWELLING MOTOR COMPANY MOVING TO NEW QUARTERS

Claude Lewelling, of the Lewelling Motor Company is today moving from his temporary location with Allison & Tway to his new sales rooms at 424 West First Street, which has just been made over for his business. Here will be the headquarters for the Liberty Six and the Briscoe Motors. The rooms are being made attractive and will include, besides sales room and office a service and work room where care and attention will be given owners of these makes of cars.

Mr. Lewelling reports a good early business, and with a few cars on hand he is able to make immediate deliveries in these lines.

There are no beggars and few wealthy people in Iceland, but the big majority are thrifty and prosperous.

The Irresistible Charm of The Cheney Phonograph

Plays All Records—Better

Style Five Georgian

The Cheney combines, in one instrument, all the qualities, musical and artistic, that go to make up perfection.

The Serene purity of Cheney tone and the exquisite art of Cheney cabinet design, set a new standard in phonographs.

Tone and appearance are the two prime considerations that should govern the selection of a phonograph. The Cheney achieves tone supremacy by virtue of entirely new applications of acoustic principles which are protected by basic patents under exclusive Cheney ownership and control.

Cheney cabinet work represents the finest craftsmanship of America's foremost designers and builders of period furniture. Ownership of the Cheney phonograph means that you have made a lifetime investment in happiness. Its resources of entertainment are inexhaustible. Many phonographs play all records — only the Cheney plays all records—Better.

FISHER-BRADEN CO.
"The Store With a Welcome"

Here is the Truck You Have Been Waiting For

THE SAMSON Three quarters and One and a Quarter ton farm and delivery wagon.

Shipment is Expected in a Few Days

Every farmer wants a truck that will fill his hundred and one requirements, not too heavy but sturdy enough to handle the ordinary hauling problems and at a price which ever farmer can afford.

The Samson Truck embodies several principles that are new in truck construction which add efficiency in operation.

By placing the driver's seat well forward and locating the steering-wheel post and foot pedal at the left-hand side of the engine the driver's cab is eliminated and 33 1-3 per cent more loading space is provided.

The even distribution of weight insures great economy in tires and fuel.

The new Samson single-plate dry disc clutch allows the driver to start under a full load on any gear, smoothly and without a quiver.

The patented extension wheel base, attachable to any Samson truck, prevents the truck from sinking into soft ground and furnishes traction to get out of soft places.

Any kind of a body, from a city delivery to a hay rack can be supplied.

THE ALBANY TRACTOR CO.
With R. W. Tripp First and Lyon Sts.

NOTE—Come out and see the Model M. Samson tractor at work in the field near the Albany Gun Club. Plowing every day. This new Samson is an entirely new product and should not be confused with the old sieve-grip tractor.
