PROGRAM IS TREAT TO MUSIC LOVERS

Voice of Josephine Martino Justifies Glowing Press Reports

Music lovers that attended the performance of the Bertha Farmer company at the Methodist church last evening were well repaid for their venture in the inclement weather which attended the occasion.

Josephine Martino, operatic soprano, portage of Caruso and one of the stars of the Edison company, fulfilled every anticipation that glowing press reports had occasioned. The only possible criticism would be that her repertoire was too brief. The audience signified a desire for encores that the artist failed to gratify. "Dawn", "A Bowl of Roses" and "Il Bacio", her closing numbers were the most pleasing songs rendered by Miss Martino and the ones that in a measure disclosed the power, beauty and sweetness of her voice.

Victor Herbert's Serenade the Hungarian dance by Barhus and Moskowski's Spanish dance were delightfully played by Mary Parmley, violinist, L. V. Arbogast, cellist and Arthur Lydell, accompanist. Miss Parmley and Mr. Arbogast both rendered solos that proved pleasing. Mr. Lydell's accompanying for the entire program was artistic and faultless.

New Hair Growth After BALDNESS

HAIR GROWN ON MR. BRITTAIN'S BALD HEAD BY
INDIANS' MYSTERIOUS HAIR GROWER

My head at the top and back was absolutely bald. The scalp was thin. An expert said that as he thought the hair roots were extinct, and there was no hope of my ever having a new hair growth. Yet now, at an age over 66, I have a luxuriant growth of soft, strong, lustrous hair! No trace of baldness. The pictures shown here are from my photographs.

Indians' Secret of Hair Growth

At a time when I had become discouraged at trying various hair lotions, tonics, specialists' treatments, etc., I came across, in my travels, a Cherokee Indian "medicine man" who had an elixir that he asseverated would grow my hair. Although I had but little faith, I gave it a trial. To my amazement a light fuzz soon appeared. It developed, day by day, into a healthy growth, and ere long my hair was as prolific as in my youthful days.

That I was astonished and happy is expressing my state of mind mildly. Obviously, the hair roots had not been dead, but were dormant in the scalp, awaiting the fertilizing potency of the mysterious pomade. I negotiated for and came into possession of the principle for preparing this mysterious elixir, now called Kotalko, and later had the recipe put into practical form by a chemist.

Thus my own hair growth was permanent has been amply proved. Many men and women, also children, have reported satisfactory results from Kotalko.

How You May Grow YOUR Hair

My honest belief is that hair roots rarely die even when the hair falls out through dandruff, fever, excessive dryness or other disorders. I have been told by experts that often when hair falls out the roots become imbedded within the scalp, covered by hard skin, so that they remain for a time like bulbs or seeds in a bottle which will grow when fertilized. Shampoo (which contain alkali) and hair lotions which contain alcohol are enemies to the hair, as they dry it, making it brittle. Kotalko contains the elements of nature which give new vitality to the scalp and hair.

PROVE FOR YOURSELF

Get a box of the genuine Kotalko at a reliable druggist's \$3.00.00 GUARANTEE with each box. A small testing box of Kotalko (with testimonials, etc.) may be obtained by sending ten cents, silver or stamps, to my address below.
