KODAK

EVERYBODY likes pictures—everybody likes to make them—everybody can, with this simply worked instrument. No sooner does the opened box disclose a Kodak than the camera is in eager hands and "click" the first picture is made.

Our stock is varied and complete, but there is one thing you won't find here—"something just as good." We sell the real thing.

Kodaks from \$6.49 up. Brownie Cameras \$2.86 up.

BULK DRUGS

Drugs of Quality

In every consideration of safety, economy and results, it is always best to buy good drugs.

We decided long ago that we could not afford to handle anything but the best and our customers feel the same way apparently.

So when you want drugs of unequal quality, purity and strength you have only to come here to get them.

Look and Feel
Clean, Sweet and
Fresh Every Day

Drink a glass of real hot water
before breakfast to wash
out poisons.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What a glorious condition to attain, and yet how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatism; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store which will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.

Accepts Position—

Ralph Lamb, of Corvallis, and a former citizen of Albany, visited friends here yesterday on his way to Portland, where he has accepted a position in the internal revenue service.

From Oregon City—

L. D. Stephens, of Oregon City, formerly a resident of this city, transacted business here today. Mr. Stephens has sold his property here which is located on west 8th street. He is now employed in the Oregon City paper mills.

From Brownsville—

D. F. Newland, of Brownsville, arrived here this noon on his way back to the logging camp in the coast mountains where he is working.

Son Dies at Newberg—

E. Glenn, of Mill City, was in this city today on his return from Newberg where he had been on account of the death of his step son who died there of pneumonia.

Sells Bakery Plant—

The Elite Confectionery and Bakery has sold its Bake-Rite oven to a Vancouver, Wash., firm. The need for more space in the confectionery and ice business is given as the reason for disposing of this modern baking plant.

Returns to Portland—

Mrs. May, of Portland, left for her home this noon after visiting her daughter here, Mrs. D. D. White.

Sells Brisco—

The Lawelling Motor company reports today the sale of a Brisco to Roy Applegate who has recently sold his farm near Albany and will move here, as soon as he can find a location.

Weather Report—

Tonight and Tuesday probably rain. The river stands at 2.5 feet. Yesterday the temperature ranged from 37 to 57 degrees.

On Street Again—

R. W. Tripp, who has been suffer-

ing from rheumatism for the last two months, is again at his place of business, although not fully recovered from his attack.

Left For Montana—

Mr. and Mrs. D. E. Hardman, who have been living in Albany for the last few months left Saturday for their former home in Great Falls, Mont. Mr. Hardman last summer opened the Goodyear Service Station at First and Lyon Streets, later selling out to R. W. Tripp, local Oldsmobile dealer.

Wallace Building

The CHENEY

is the Instrument which
Rosa Raisa praised!

"The longer you play it
—The sweeter it grows"

Note the Cheney Violin Resonator in the diagram above.

That resonator is carved from seasoned violin wood and suspended free from the cabinet walls.

Thus it vibrates freely and adds quality to Cheney Tones as the sound passes through it, just as a violin vibrates when a bow is drawn across its strings.

And like a rare, old violin, Cheney Tones grow richer with the years. Hence we say—"THE LONGER YOU PLAY IT, THE SWEETER IT GROWS"

In no uncertain terms, the famous soprano of the Chicago Grand Opera Company said—

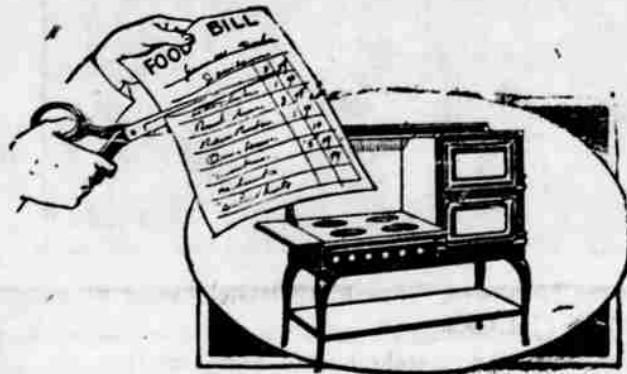

"Never before have I heard an instrument which so perfectly reproduces the artist's voice—and the very timbre of the orchestra."

This superiority of Cheney Tones is due to a most remarkable series of exclusive inventions.

It plays all records—plays them with a purity and rich quality which must always appeal particularly to those who really appreciate good music.

Regular models are priced from \$90.00 to \$365.00
CONSOLE ART MODELS..... \$385.00

The Store With a Welcome

What an Electric Range Means in the Home

The housewife has unconsciously waited for some way to solve the kitchen problems. To eliminate the servant, save time and dirt and unnecessary labor, heat fumes, objections of all kinds and descriptions.

The Electric Range not only solves the kitchen problem but more—it save two most vital things.—FOOD and FUEL.

Electrically cooked food is better food, has greater food value and flavor, and minimum shrinkage. The way food is cooked is all important. The Electric cook realizes this three times a day. Come in and see for yourself.
