Showers and Sunshine

Thruout the months of March and April sun and rain vie with each other for the supremacy.

It is necessary to be protected from moisture and yet when the sun shines to be protected from the first hot rays from Old Sol.

A Black Umbrella does not fill the bill, it's too heavy and too somber to greet the spring, we therefore suggest that you select a colored SILK UMBRELLA from our stock which is now very complete in assortment. We own these Umbrellas at last year's prices, which is a benefit to you. The colors you'll find here are Taupe, Green, Brown, Navy, Purple, Wistaria and Red. Prices range from **\$6.50 to \$16.50**

Jams, Jellies, Preserves are Too High—Blue Label Karo Solves the "Sweet" Problem at Less Cost. Important to Large Families

THE mother of a large family cannot help being worried over the extremely high prices of jams, jellies, preserves—and candy. In children especially Nature emphasizes her demand for sweets. We all need a good percentage of sweets each day.

This is the reason for the unusual present demand for Blue Label Karo—the Great American Sweet for every purpose.

INSTEAD of worrying about and paying high prices for store candy, I make Karo Candy at home. It is easy to make, costs but little and its purity makes it best for children.

There is an every day use for Blue Label Karo. From breakfast—on pancakes or waffles—to dinner for cooking and baking.

NOTICE
Because you will find so many economical ways to use Blue Label Karo it will pay you to buy it by the dozen case, as others are doing. Ask your grocer the price.
