KODAK

EVERYBODY likes pictures—everybody likes to make them — everybody can, with this simply worked instrument. No sooner does the opened box disclose a Kodak than the camera is in eager hands and "click" the first picture is made.

Our stock is varied and complete, but there is one thing you won't find here — "something just as good." We sell the real thing.

Kodaks from \$6.49 up. Brownie Cameras \$2.86 up.

How Can I Save Money?

Wise buying means economy.

The way to buy wisely is to read the advertisements

—because advertised products are good products.

—because merchants tell you of their bargains through advertisements.

—because almost every new opportunity is offered through an advertisement.

because practically every unusual buy is advertised.

—because you save time and trouble by choosing what you want and where to get it from the advertisements instead of hunting all over town.

How can I save money? By reading the advertisements.

You'll save money by keeping up with every opportunity to get full value in buying—by reading the advertisements regularly!
