Home Cookery Aids For Busy Home-Makers

Escalloped Eggs—A most nutritious dish which will take the place of creamed or escalloped eggs is prepared as follows: Take a cupful of cooked rice, add hot milk and beat until smooth and creamy, then drop in three or four eggs, season well with butter, pepper and salt and serve hot. This dish will serve five people abundantly and is a saving of eggs.

Eggs a la Creole—Cook a tablespoonful of minced onion and two minced green peppers in three tablespoonfuls of butter slowly, for five minutes; add the pulp from a can of tomatoes, after draining off the juice and cook ten minutes longer; season well with salt and cayenne, add half a cup of sliced mushrooms and six eggs which have been beaten slightly. Stir constantly until creamy throughout and serve promptly.

Chicken Terrapin—Melt four tablespoonfuls of butter in a saucepan and add the same quantity of flour, pour in gradually half a cupful of chicken stock and half a cupful of the liquid drained from a can of mushrooms, also one and one-half cupfuls of cream. When the sauce is smooth, season with salt and pepper and add a quarter of a cupful of minced fresh parsley left from canned fruit. Add a generous pint of dried, dark meat of the chicken, a cupful of cut mushrooms, three

hard-cooked eggs chopped and the minced chicken livers. Heat and serve at once.

Sweetbread and Cucumber Salad—Prepare the sweetbreads by parboiling and removing all the inedible portion then drop in cold water to make them firm again; add a teaspoonful of vinegar to the water. Let stand a half hour, drain and cut in pieces. Cut in cubes half of the amount of cucumbers, mix all together with a highly seasoned mayonnaise dressing which has been reduced with half its bulk of whipped cream. When well blended heap lightly into nests of tender lettuce, with paprika and serve with toasted wafers.
