**St. Mary's Church**  
Services for the fourth Sunday in Lent will be held at 8 and 10:30 a. m.  
The subject of the sermon at the early service will be "The bond and the free woman, which are the two testaments," from the Scripture read-

ing of the day. At the late service the pastor will give the closing sermon of the series on Marriage. The subject will be Agreement in Religion. It will be the purpose to show that as there cannot be disagreement in the matter of the health, the moral training and the education of the offspring, there should not be wrangling and falling out over religion, which would result in the wreck of marital love and the scandal of the children. The Church requires by a solemn pledge that if there cannot be agreement in this matter there be at least an amicable disagreement.

## Sales Costs and List Prices—

The man selling the six thousand dollar truck must be a good salesman. His hardest job is to justify his price to the prospective buyer. He sells comparatively few trucks through a year. His commission per truck must be high. The list price of the six thousand dollar truck includes that sales cost. Also it includes the high overhead resulting from low production. What proportion of the price of the six thousand dollar truck is margin? What proportion is value?

Bethlehem Motor Trucks are neither overbuilt to justify a price nor underbuilt to meet a price. They represent the middle ground. That point where quality and price combine in greatest value. Bethlehem Motor Trucks are ready to be judged as motor trucks should be judged—on their ability to transport and the cost of that transportation. Buy your Motor Truck on Facts.

## Overland 4 Sedan

This Car Is On the Floor  
And Ready for Delivery

Since the NEW OVERLAND 4 was announced a few months ago, the demand for them has been greater than the supply. Our orders have been cut half in-two.

But today we have an Overland 4 Sedan. And we call your attention to the fact that the enclosed cars are becoming more popular every day because of the comfort found in them.

Remember this about the NEW OVERLAND—this car will sell in a few days without advertising but in the future we expect to see the time when we can get plenty of cars and we take every opportunity to get the OVERLAND before the public.

Within a short time we will have the NEW OVERLAND in a new home where we hope to show them for many years.

The OVERLAND is the only car in its class — a light car with the riding and lasting qualities of the expensive cars. This is positively the first car that has put these features before the American people.
