Now, we are willing to be convinced that we are wrong in our ideas, and in order to give them a fair and impartial trial. We are going to reduce our entire stock of Shoes on Monday, to those who clip the coupon from this advertisement.

Famous pain and ache Liniment, kept handy, brings gratifying relief

RHEUMATIC twinges ease up soon. So do stiff joints, lame back, neuralgia, overtaxed muscles, and those pains from weather exposure, too—they don't fight long against the counter-irritant Sloan's Liniment produces.

Keep this old family friend handy for instant use—a little penetrates without rubbing, leaving no skin stains, muss, or clogged pores. You ought to keep a bottle handy always. All druggists. Three sizes—35c., 70c., \$1.49.

If We Dropped Our H's

We'd call the new Spring Mallory's "andsome hats" but being strictly American from head to heel we admit that they are wonderfully good looking and then on to say that they were made in America—the country that never took its hat off to any other nation for making hats, heroes or history.

This is just a little Spring Hat announcement which we have injected a pat of patriotism.

We are back of these new fashions and we are back of the grand old flag under which they were built—and we enjoy the opportunity of talking about both in the same breath.

Mallory Hats this season \$8.00 are worth it in every way—looks, wear and comfort.
