LEBANON PUBLISHER ADVANCES RATES

G. L. Alexander of Lebanon, publisher of the Lebanon express announces in his last issue that he will advance the subscription and advertising rates of his paper beginning the first of next month. The following reasons which have seriously effected all papers are given as the cause of the advance. On account of the increasing cost of paper and all other materials used in the publishing business, we find that it is necessary for us to increase our prices of both subscription and advertising. We have long been holding down our rates lower than we should, thinking that prices might drop, so we have decided to join the ranks of other papers that have already made advances and commencing the first of next month, our subscription price will raise.
