Fordson

TRADE MARK

Farm Tractor

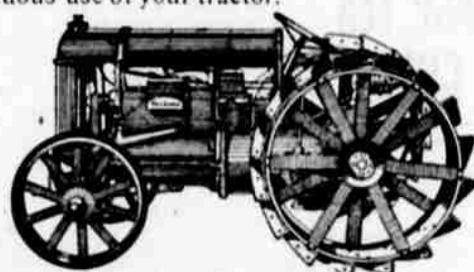

Winter or bad weather does not hinder the Fordson's usefulness. There is always some job—draw-bar or belt—that the Fordson will do more quickly, more efficiently and with a small consumption of fuel. Besides it solves the labor problem.

Day or night—twenty-four hours a day if you choose—you can utilize the Fordson. Like the machines in the factories, the Fordson furnishes power that is always ready for use—a power that means a saving in labor and time. And for that reason, the Fordson is a money-maker.

Back of the Fordson is the Fordson service organization—Fordson repairmen and stocks of extra parts—are always convenient and insure you continuous use of your tractor.

Don't delay ordering your Fordson. Only so many are allotted this territory and orders are filled in rotation. Let us have your order now; we will give it prompt attention.

Made by Henry Ford & Son and sold by

Kirk McKern Motor Co.

SAMSON

Iron Horse

The Ideal Tractor for the small farm. It does everything that three horses can do—and more. It will do your odd jobs about the farm. The upkeep is very low. And the cost is less than \$800.

ANOTHER SAMSON MODEL M.

Found its way to a Linn County farm yesterday. Another farm, where work is made light and economy effected.

The Model M. is the Ideal All-work tractor. And it costs you less than

\$1000

The Reputation back of the SAMSON creates confidence in prospective buyers. The vast resources of the General Motors Corporation is back of every tractor sold. The builders of the Cadillac, Buick, Oldsmobile, Oakland, Chevrolet and other high-class automobiles have devoted their best engineering talent towards perfecting SAMSON products, and near-perfection has been attained.

You can't buy this tractor until you try it and are perfectly satisfied. Ask us about our liberal selling arrangement.

Vick Brothers
