FRESHMEN WIN OPENING GAME

Triumph Over Sophomores in First Interclass Fest of the Year

The Senior high school sophomore baseball team went down to defeat at the hands of the Freshman team yesterday in the opening game of the inter class baseball series. The final score was 14 to 13.

Considering the lack of practice both teams made a creditable showing on the diamond and although the score was large on both sides they playing was good. Austin pitched an excellent game for the winners and the runs garnered by him opponents were due to more to his wildness than to his made off his delivery.

Steincipher, catcher for the sopomores split his finger in the early part of the game and had to be relieved thus weakening the middle classmen's defensive game. Laubner for the Freshmen was the star at bat and played an excellent game at the initial sack.

Line up for the winners was: Austin, pitcher, Gray, catcher, Roley, shortstop, Phillips, 3d, McDaniel, 2d, Swander, left field, Denkle, right field and Stuckrath, center field.

Game scheduled for the afternoon between the Seniors and the Juniors was postponed on account of the rain.

Oregon Boys To Go To Game

MARSHFIELD, Or., March 23.—Cous Bay will be represented at the Olympic games this summer in Antwerp by John Merchant, now a student at the University of California. This has been decided by authorities in control of California athletics, and Merchant is given a very high rating as an all-round athlete. His best work is done in the javelin throw and running broad jump. Merchant has done 23 feet 6 1/2 inches in competition. He has a record of 165 feet in the hammer throw. His work on the University of California football team last year was sensational.

Merchant graduated from the Marshfield high school three years ago, and immediately upon entering the university showed great class. He is a son of Mr. and Mrs. William Merchant.

McIvor Elected Pullman Leader

PULLMAN, Wash., March 32.—Milo McIvor, for three years a member of the Washington State college basketball team, was unanimously elected basketball captain for 1921 by the members of the team today. Six members of the team, Rocky, King, Copeland, Kotula and Cisma, were awarded letters today by the athletic council. McIvor resides at Pullman.

CARPENTER IN GREAT DEMAND

Has Contracts With Many Promoters for Bouts During Year

NEW YORK, March 24.—The arrival here yesterday of Georges Carpentier, European heavyweight champion, caused the proposed match with Jack Dempsey to flame afresh, but after several hours of mysterious conferences with various promoters, there was little evidence to indicate that the French pugilist would meet Dempsey in the near future.

The abandon with which Carpentier and his manager, Descamps signed contracts recently, here and abroad stunned American promoters, and left them in doubt as to the possibility of bringing Carpentier and Dempsey together within the next 12 months.

A close analysis of the Frenchman was under contract with three different promoters which bound him to perform certain services which are closely related and which apparently prevent him from actually boxing Dempsey for some months, providing he is so inclined. The English promoter, Cochran, has first option on Carpentier's ring services providing he can obtain Dempsey's signature for a match, the option extending to December 21, according to one report and to July 1921, according to another statement.

Vaudeville Tour Booked
In addition, Jack Curley, wrestling promoter, has Carpentier booked for a ten-weeks' vaudeville tour beginning May 3, with another five weeks' extension if he desires it. Curley stated that he expected to tour the country with the French pugilist, the latter giving sparring exhibitions with his own sparring partners.

A third contract with a moving picture concern which has booked Carpentier for two seven-reel films in which he will take the part of a college youth combined with a boxing role. The possibility of a match with a French or English heavyweight in France in August was also mentioned and local fight followers are puzzled as to when Carpentier will find time to box Dempsey.

Manager Descamps, when interviewed through an interpreter, stated flatly that Carpentier has no intention of engaging to box Dempsey until the latter's "military affairs" has been cleared up. A somewhat similar statement was credited to Jack Kearns manager of Dempsey, according to one of the interested parties, who said he had received a letter from Kearns to the effect that Dempsey would not consider a match of

any description until his name had been cleared of the draft evasion charged.

What's Bone Dry —What's Not?

Not every storage battery that is called "bone dry" is really shipped and stored in bone-dry condition.

Some have solution put in at the factory, and poured out again before shipment.

Some are shipped with plates dry, and insulation wet.

These batteries are not bone dry.

Come in and get straight from us the story of Willard Threaded Rubber Insulation, the only form of insulation that permits of bone-dry shipment and storage of automobile starting, lighting and ignition batteries.
