SCOUT CLUB FOR GIRLS ORGANIZED

Inauguration of a girl's scout club in Albany was taken up last night at a meeting held at the public library last night. A large number of young girls between the ages of 10 and 15 were present and were addressed by Rev. J. C. Spencer, leader of the Boy Scouts in Albany.

This is believed to be the first movement of this kind among girls that has been made in the state. It is planned to hold weekly meetings and have lectures devoted to health and hygiene. Encouragement of outdoor sports for girls are intended by those interested in the movement. The organization will be similar to the Boy Scouts but entirely separate and distinct from it. The next meeting will take place at the library Wednesday April 7.

FARMERS SCHOOL OPENS AT HALSEY

Farmers Extension school at Lake Creek near Halsey opened for a two days' session this morning. Experts from the faculty of O. A. C. were present and took up the discussion of practical subjects dealing with the every day problems of farm life.

Community dinners will be served during the course of the school and a large attendance was present at the opening this morning. A feature of the school will be the privilege given to all in attendance to present any questions to the instructors which will be answered from the standpoint of expert experience.

CHAMBERLAIN IS UNDER THE KNIFE

WASHINGTON, April 1—United States Senator Chamberlain of Oregon was operated upon Wednesday afternoon for an abscess in the right ear. The trouble was the result of a severe cold from which the senator has been suffering for several days.

When an operation appeared to be necessary Wednesday efforts were made to take him to a hospital. All hospitals to which entrance was sought being filled to capacity, the operation was performed at his residence. The specialist attending him said that the senator will be confined to his room some time.

CONFERENCE IS

(Continued From Page 1)

ing which will be held here that day at the public library.

It is planned to have the various church organizations of the towns in Linn county appoint one minister and one layman to represent their denomination and a local chairman for each town having more than one denomination will be appointed by the county chairman.

Work of raising the Linn county quota of funds will be turned over to the organizations in the separate towns according to their pro rata share. An effort will be made to avoid duplication of effort and to secure cooperation between the workers.

A. C. Schmitt of the First National Bank has been appointed chairman for the drive, and has assured the headquarters in Portland that every effort will be expended to make the campaign a success here.

LEBANON COUPLE WED HERE TODAY

Wesley B. Taylor of Lebanon and

Bennah A. Faulkner, residing near Lebanon, were married this morning at the Methodist parsonage by Rev. J. C. Spencer. The couple left immediately for Lebanon after the ceremony.

LAND TRANSFERS INCREASE HERE

The amount of transfers recorded in the county recorder's office is the true index of real estate transactions of the county, from month to month, and from year to year. The present year is far in excess of last year in the number of transfers as for the month of March just closed, the fees were \$542.40 against \$363.95 for the month of March last year. February of this year the fees were \$345.70 while last year the February amount was \$296.85.

Modern Dairy Farm Sold BANDON, Or., March 31—The F. T. McMullen dairy farm at Denmark in northern Curry county has been sold to Kenneth Perkins of Bandon, the consideration being \$30,000. The McMullen farm is one of the modern dairy plants of this section. Mr. Perkins has taken possession.

Have You Heard the Story of SAMSON?

The SAMSON Tractor has come to stay! It has come not only to Albany but to every farming community in the U. S. The SAMSON has come because there has been a demand for a tractor that will not only deliver more power, have longer life and be low in price, but will have the backing of big men in a big way for many years to come.

The SAMSON line of power farming equipment is the farmers salvation. To own a SAMSON tractor, you don't have to tie up everything you own. A SAMSON costs just what the horses you displace would cost. It comes to you complete, ready to operate in your field. No extras to buy to make it give you the service you want from it.

A Samson Sells Itself

We don't sell you a SAMSON tractor. You buy a SAMSON! This is our plan. We invite you to our showroom, we ask you to

inspect our tractor — examine every detail. We don't talk horsepower, drawbar pull and revolutions per minute. What we do talk about is what the SAMSON tractor will do on **your** place with you or your driver running it.

When we take your deposit for a SAMSON Tractor, we don't consider that you have bought a tractor from us. First we must take the tractor to your field on a truck. We send a competent man with the tractor. He is your hired man for two days or as many days as you need him. The SAMSON Tractor man never leaves your farm until you are thoroughly satisfied that it is the tractor for your farm and that it fits your conditions.

Samsons Are Guaranteed

Then, after you have thoroughly satisfied yourself about the SAMSON Tractor, we close the deal and the tractor is yours.

You are then a SAMSON Tractor owner and we are the SAMSON dealers in your community, ready to serve you at a moment's notice. We are ready at all times to make good our guarantee against defects of material or workmanship for one year from date of delivery of tractor.

You can't go wrong on a SAMSON tractor. First, you know all about the SAMSON—how to operate it, what it will do on your farm, how to care for it, before we close the deal with you. Second, we guarantee every part against defect for twelve months. And most important of all, the SAMSON is built in immense quantities by the General Motors Corporation, the greatest builders of power equipment in the world.

Samson Service is Always Yours

Vick Brothers are here to give you service. The Albany Vick Brothers store is but one of

ten in the Willamette Valley—all conducted under the same policy—the customer must be pleased first. No matter where you are in the Valley, a SAMSON service car or a power farming specialist is at your command.

The SAMSON factory is today producing more tractors every day than any other tractor factory in the world. But in spite of that fact, there will not be enough SAMSONS for everyone this fall. Already our advance sales indicate an enormous fall delivery of tractors. Don't wait too long to consider tractors. Come to our showroom—see the insides of a SAMSON. Then see the others if you think it worth while. Decide now about tractors. But above all, don't be forced this fall to buy a tractor you don't want, all because you didn't act quick enough. THERE WON'T BE ENOUGH SAMSONS TO GO AROUND.
