

# GODSPEED IS BID "STONY" BY 5TH CO.

Lieutenant Stalnaker Is Recipient of Splendid Ovation by Members of Organization.

POPULAR OFFICER TO LEAVE FOR HOME IN MONTANA

Has Been Faithful and Consistent Member of Local Military Company 8 Year.

Continued from Friday, March 14.

To express their sorrow and regret at the departure of Lieutenant Herman C. Stalnaker, members of the 5th company C. A. C., O. N. G., met in the club rooms at the armory last night after drill, where a sumptuous cafeteria lunch was served.

During the fore part of the evening the air was laden with oratory that was eloquent and otherwise, when different members were called upon by the chairman, to express themselves in regard to the loss of Lieutenant Stalnaker. It was evident that the loss of his membership to the company was keenly felt by all present.

It was as though "Stony," as he is familiarly known to his friends, had departed to the great unknown and for fear some may misconstrue, it will be well to state that Lieut. Stalnaker will leave soon for Montana, where he has filed on a homestead in the midst of the Albany colony.

Lieutenant Stalnaker has been a faithful and consistent member of the local military organization for the past eight years and has risen from the ranks to the first lieutenant of the company through sheer ability and service. He has many friends here who will be sorry to hear that he will leave, having been a resident in this city for the past 10 years. He has always taken an active part in local social life.

The program last night was opened by a brief address by Lieutenant Gilbert, who paid a splendid tribute to Lieut. Stalnaker, as a true and congenial friend. Captain Powell was the main speaker of the evening and in a few brief and eloquent remarks he expressed his sentiments at the loss of Lieut. Stalnaker and presented him with a token of respect and esteem which was subscribed to by members of the company. The lieutenant then received a neat watch bearing his initials and an inscription suggestive of the occasion.

Private Alvin C. Baker was called upon for an address on the relation of the Spanish American War veterans and the National Guard. Private Baker has the distinction of being the youngest member of the order in this city. His address was interesting and was much appreciated.

Other prominent speakers on the program were: Sergeant R. R. Knos, Sergeant Clarence Tebault, Private Dick Moore, Corporals Ellis, Karstens, Cowan, Kullander, Dresser and Sergeant Parker.

Sergeant K. K. Grandee, U. S. C. A. C., stationed at headquarters of the C. A. C. of Oregon as an inspector, was present at the meeting, and was called upon, paying a splendid tribute to the local company. Sergeant Kande believes that the 5th is the best organization in the corps. A trio composed of Privates Palmer, Shelton and Krueger, rendered several musical selections which were highly appreciated.

## PENNYBAKER RETURNS AFTER EXTENDED CALIFORNIA TRIP

Brings Latest Fruit Production of the Renowned Botanist Luther Burbank.

Mr. G. W. Pennbaker, of the Albany Nurseries Co. Inc., who returned yesterday morning from California after a twenty days' business trip in the interest of his company, brought with him two specimens of the latest fruit productions of Luther Burbank the renowned botanist of that state.

The Pomolo species of grape fruit is one of the new products. It resembles in some respect the ordinary grape fruit, being rather larger, and it is understood that it is eaten in the same manner. The other specimen is known as Burbank's Pear - fruit and is grown on the spines cactus. It is red in color and resembles somewhat the ordinary pear in all but its shape.

These fruits are considered luscious edibles in California, according to Mr. Pennbaker, and are sold from fruit stands, where he purchased them in San Jose. Mr. Pennbaker states that he would be glad to show the fruit to any one desiring to see them. They will be placed on exhibition in his office.

For Sale. 80 acres land, all in cultivation. Located 1 1/2 miles northeast of Oakville station on the Oregon Electric. A fine bargain. For particulars address or phone Mrs. Eva Vernon, care O. A. Archibald, 540 W. Third Street, Albany, Oregon.

## FRUIT GROWERS ASS'N. HOLD MEETING TOMORROW

Meeting to Be Held at Commercial Club to Discuss Matters of General Interest.

There will be a meeting of the Albany Fruit Growers' association tomorrow afternoon in the parlors of the Commercial Club rooms at 2 o'clock and it is the desire of President J. C. Holbrook that a large number of the members will be present.

Matters of general interest will be discussed and the subject of the establishing of a dryer at this city will be taken up again. Considerable interest has developed along this line and it is the consensus of opinion of the official board that there is a strong probability that such a plant will be situated here.

Several other matters along this line have been discussed at previous meetings of the association and have met with marked favor. The subject of establishing a vinegar factory appears to be well under way.

It is probable that the report of several committees which were appointed at the last meeting to look into these matters will be received and it is understood that this is the primary cause for calling the meeting tomorrow.

Deceased Was a Former Old Time Resident of This City; Well Known Here.

Mrs. E. J. Tate, of Portland, who was reported here late yesterday afternoon as being seriously ill with pneumonia, died suddenly at her home in the Rose city last evening at 7 o'clock. She had reached the ripe old age of 86.

The late Mrs. Tate was well known here, having been an old time resident of this city twenty years ago. She came to this city early in 1853 from Indiana. She was at that time a Mrs. Price. Later her husband died and after a few years she was married to Dr. J. P. Tate, one of this city's pioneer physicians. Dr. Tate preceded his wife to the grave forty years ago, and some years later the lady moved to Portland where she has since resided.

The remains will be brought to this city for burial, with interment in the cemetery. The funeral services will be held tomorrow afternoon at 2:30 o'clock from the home of a sister, Mrs. M. A. Monteith, 536 W. Fifth street.

## JEFFERSON MEYERS WILL VISIT BIRTHPLACE AT SCIO

Hon. Jefferson Meyers and bride, of Portland, were in the city this morning, after a trip south, for a day's visit, giving Mrs. Meyers an opportunity to see the place of birth of her distinguished husband. Mrs. Meyers is a native of New York City, where she has spent her life; but she likes the Willamette valley, with its magnificent scenery and fertile fields, and will no doubt become a genuine Oregonian. After a few weeks in Oregon they expect to go to Panama on a trip.

Phil Metchan, Jr., manager of the Hotel Imperial, Portland; Chas. Westside, manager of the Resliant, Astoria; and Ed. Abbey, proprietor of the Abbey House, Newport, were guests of the Hotel Hammel yesterday and today. They were greatly pleased with the new hostelry, declaring it one of the best on the coast for a place like Albany, a credit to the Hub.

Ben W. Olcott, secretary of state, and his accomplished wife, were in the city this noon on their way home from an outing at Newport, recuperating after the recent strenuous session of the state legislature.

Mrs. Robinet, of Salem, returned home this afternoon after a visit up this way.

## FIREBUGS START ANOTHER BLAZE

Third Fire in Three Weeks of Incendiary Origin Happened Last Night.

LOCAL POLICE AUTHORITIES TO CONDUCT INVESTIGATION

Damage Is Slight to Building on Corner of First and Baker Streets.

According to local fire department authorities there are undoubtedly several of the most notorious fire bugs operating in this city; that could be found in the roughest community.

Boldness in the extreme was the alleged attempt to burn the building on the corner of First and Baker streets occupied by a general second hand store, last night at 10:45 o'clock. The supposed incendiaries broke in a window sash on the southeast corner of the building and emptying the contents of a gallon can of coal oil, touched a match and beat a hasty retreat. The blaze was discovered by Tuck Anderson, of the Wigwam stables, on Second street, while he was putting up some horses. He rushed through the stable to the Baker street entrance after turning in an alarm by phone, and reached the scene of the conflagration just in time to see two men disappear around the corner of First street. From the light created by the fire he secured a minute description of the men. One is described as being rather short, with a beard, and the other was of a tall build. From their actions it is believed that they were the incendiaries.

The firemen responded quickly to the alarm and the blaze was extinguished before much damage was done. The extent of the damage was a badly scorched floor and east wall. It is understood that the building is covered with insurance.

This is the third fire that has occurred in that neighborhood during the past three weeks which are supposed to have started from incendiary origin. About three weeks ago an attempt was made to burn a notorious house on Montgomery street and later followed an effort of the alleged firebug to destroy by fire the Blue Front exchange, the clothing establishment on East First street of R. Goldblatt.

The present fire bug epidemic is conceded to be a lamentable hazard to public property and is a disgrace to a respectable community. It is understood that an investigation of these matters will be held by local police authorities, with an effort to put a stop to the reign of the incendiaries.

## FRUIT GROWERS HOLD MEETING

It Is Expected That Association Will Definitely Decide About The Cannery.

SESSION CONVENED THIS AFTERNOON IN CLUB ROOMS

Large Number Were Present; Matters of General Interest to Be Taken Up.

For the express purpose of definitely deciding to locate a cannery in this city, the Albany Fruitgrowers' association convened a session this afternoon at 3 o'clock at the Commercial Club rooms with a large number of its members present. The meeting was called to order by President J. C. Holbrook and other matters of general interest will be discussed.

It is expected that the matter of the establishment of a fruit dryer at this city will be taken up along with other matters proposed by leading members of the association at a previous meeting. It is understood that the report of several committees will be received with reference to their investigation of propositions submitted to them at the last meeting of the organization.

The matter of the establishment of a cannery in this city has been under advisement for some time and it is believed that there is no doubt but that such a plant will be established here. It has been pointed out that a cannery would be a valuable asset to this community, enabling the farmers to dispose of the products they are now unable to dispose of, rather than have them spoil and become useless. In recent years the market demand has been considerably less than the output and it is to culminate this state of affairs that an effort has been made to locate a cannery here. It has been contended that no trouble would be encountered in the sale of stock for such an establishment as the farmers throughout this section are in favor of the proposition.

The establishment of a vinegar factory and an adequate dryer are among other propositions under consideration by the fruitgrowers' association and it is intimated that the committee in charge of the investigation of these matters will report favorably at the meeting this afternoon.

It is expected that the meeting will last all afternoon and nothing definite would be given out by the officials prior to the session but it is hinted that substantial developments will result from the meeting, which convened just at press time.

## CITY CLEANS ALLEYS BUT WORK CHARGED TO OWNERS

Street Superintendent Glen M. Junkins Is Busy with Crew of Workmen and Team.

After repeatedly notifying merchants and property owners in the main business district to clean up the alleys in the rear of their establishments, M. Junkins came to the conclusion late yesterday afternoon that the only way to get the alleys cleaned and placed in an orderly condition, was for the city to enlist a crew of workmen to do the job, and charge the labor to the heedless merchants.

Accordingly the efficient street superintendent has three extra men and two extra teams on the streets this morning, busily engaged in cleaning up any trash or debris, that is liable to breed disease, or which should have been removed long ago.

This is the time of year when the general cleaning season is in vogue and it is pointed out that everybody ought to be more or less busy cleaning up any disorderly condition about their property. As it has been stated before in the Democrat that it is the desire of the administration of the city that Albany be made the cleanest city in the valley, and it is to this end that orderliness and cleanliness will be demanded.

## BAKERY WILL BE ESTABLISHED AT JEFFERSON BY LOCAL MEN

Mr. Thiel, of This City, Given Cordial Reception at That Place; Patronage Assured.

When interviewed this afternoon Conrad Myer of this city confirmed the following article from the Jefferson Review of Jefferson, however, stating that he would have no connection with the business.

"Conrad Myer and Mr. Thiel, a baker, were down from Albany Wednesday looking over the situation with a view of establishing a bakery here. They had read in the Review that we wanted a good baker in Jefferson, so they called us up by phone, made a few inquiries and came down. They met a cordial reception from our people, with assurance of a good patronage, and Mr. Thiel decided to establish a first class bakery here at once. The next difficulty was a suitable building, there not being a vacant business house. But we had to have that bakery, so De Vaney & Farlow bought H. C. Homyer's building and leased it to Thiel, possession to be taken in 30 days. Mr. Thiel is an artist in making all kinds of pastry, bread, cakes, pies, etc., having been the head baker in an Albany establishment for several years."

## VAN RILEY WILL FIGHT CASE IN CIRCUIT COURT

Arraigned This Morning and He Enters a Plea of Not Guilty; Case Not Set.

Entering a plea of not guilty to the charge of selling intoxicating liquor in violation of the local option law, Van Riley was this morning arraigned before Judge Kelly and upon informing the court that he had no funds with which to fight the case, Judge Kelly designated Guy Leveling as attorney for the defendant. Owing to the large volume of business on the docket no time was set for the trial, but it will probably be reached the latter part of next week.

The pair drew lots to ascertain who would make the trip in the box car, as it is against the rules of the railroad company that more than one man should ride with a shipment of this kind, and the lot fell to "Rube" who considers his misfortune optimistically.
