

FRUIT ASSOCIATION HAS DISBANDED

That Is According to Resolution Adopted by the Board of Directors Yesterday.

ACTION IS A SURPRISE; LACK OF INTEREST CAUSE

Members of Disorganized Body Are Urged to Join and Co-operate with Corvallis.

Continued from Wednesday, April 2

Like a thunderbolt out of the clear sky, the board of directors of the Albany Fruit Growers Association, during a short meeting held immediately after the association meeting, unanimously decided to disband the organization. The meeting of the association convened yesterday afternoon at 2:30 o'clock at the Commercial club and was fairly attended.

The sudden action on the part of the board of directors came as a surprise, as no such measure had been contemplated at previous meetings. The directors in sustaining their action held that there was much lack of interest in the organization among local growers and that growers throughout the section had failed to respond with the proper support and interest in the association, and that under present conditions and such circumstances it was ill advised to attempt to perfect a permanent organization at the present time.

The resolution to that effect adopted by the directors, urged the members of the local association to join the Benton county association and strongly urged them to co-operate with that organization. However, a provision was made in the resolution, that when there is a real call for such an association for this county the matter will be again taken up with a view of re-organization. This action will positively not result, however, unless the local growers come forward with their help and show more interest in the undertaking than has heretofore been shown.

The disbandment of the association effects all of the plans set forth at previous meetings. A proposition of particular note, as proposed at the last big meeting, for the establishment of a produce agency in this city for the dispensation of all the products of this section, which agency would act as the middle man between the farmer and the merchants, will not be carried out as before stated. However, it was given out that local producers would sustain the resolution adopted at a previous meeting, to the effect that they would sell their produce in the city as long as the market holds out, but as soon as there is a notable decrease in the demand, the left over products will be shipped to the Corvallis cannery.

MR. AND MRS. R. L. BURKHART RETURN FROM EASTERN TOUR

Are Glad to Get Back in World's Best Valley; Better Weather Here.

Returning to the finest valley in the world, after an absence of eight months, spent traveling over the United States, was the experience last evening of Mr. and Mrs. Robert L. Burkhardt, of this city. They left Albany last August on a trip of sight seeing in their own country, with the purpose to travel as long as there was anything left to see, that interested them. During their absence they were in forty-one different states, covering all of the east and south, as well as middle east. Nearly all of the big cities were visited. At New York they saw some big events in music. They went up to the Bean City, Boston, and, while in that section visited the famous Hood dairy, at Lowell, Mass., said to be one of the best in the world. They had a pleasant stay at Washington, visited Mt. Vernon, were at the scene of the battle of Gettysburg, and several other battle cities in the south, making quite a collection of relics. Mr. Burkhardt being specially interested in Jersey herds, they looked up as many of the good ones as possible. Mrs. Burkhardt being musical they did not miss any of the fine events in the big cities.

Having spent their lives in Oregon, the recent winter, with its storms, offered them a contrast to the Oregon weather they had experienced. The entire trip was made without mishap, and they reached home the picture of health, sun-burned, feeling good over their return to Oregon, and, as well pleased with the many pleasant experiences from beginning to end of their travels.

Mr. and Mrs. W. J. Steele went to Salem this morning to help celebrate the eighty-third birthday of Mr. Steele's father, N. Steele, a family reunion being arranged for the happy event.

Joe Sperry, of Wyoming, has been in the city on a visit with his nephew, W. V. Weatherford. This morning he went out to Lebanon to see other relatives. He is a brother of the late Rev. Sperry, of Hiramsville.

ALBANY IS TO GET U. OF O.-O. A. C. GAME

Contracts Are Signed by College Authorities for the Big Contest November 8, 1913.

MUCH ATHLETIC ACTIVITY AT AGRICULTURAL COLLEGE

Spring Football Practice Starts April 14; Old Players Have Left.

That Albany will get the big U. of O.-O. A. C. football game this year, is assured beyond a doubt by the news that contracts to this effect have already been signed by the college and athletic authorities of the two colleges.

The following from the Corvallis Gazette-Times confirms this fact and may be of interest to local sportsmen: "Contracts are being signed for a football game at Albany between the U. of O. and O. A. C. November 8. Funds have been appropriated also by the athletic council at the college for the purchase of necessities for spring practice, which will begin in a fortnight. The games at Corvallis are to be umpired next fall by George Varrell, sporting editor of the Spokane Chronicle.

"Foot ball will not be in the background much longer, for on April 14 spring practice will begin on the local campus. The old men are already showing a great deal of interest in the work, which will begin with the most primary parts of foot ball.

"Capt. Shaw plans to have tackling practice, punting practice, signal work, etc., in fact everything but scrimmage. A new tackling dummy has been ordered and will be available for the spring work.

"The athletic board has appointed Everett May as manager of spring foot ball and he has already started on his new job, having completely systemized the storage room. He is gathering up the old equipment, having shoes re-cleated, jerseys and socks washed and darned, etc., and upon their return the room will be fumigated for a new start.

"This talk of foot ball naturally causes thought to be directed at the prospects for next year and at first sight it is evident that there will be many big holes to fill. Sittou, Reynolds, and Kellogg will be lost by graduation, Moore has quit school, Eyendon has completed his four years of service, and Chrisman may not be available.

"It is also reported that there is some doubt about Blackwell's return. From all this it may seem that a lot of new material must be secured if O. A. C. is to be in the running for the conference championship.

LINN COUNTY FAIR OFFICIALS SEEKS COUNTY COURT AID

President Prill and Delegation from Scio Are Here Today for Purpose.

President A. G. Prill of the Linn County Fair Association and a delegation of prominent Scio people went before the county court this afternoon, for the purpose of securing an appropriation for the Linn county fair to be held at Scio, September 24, 25 and 26.

The action of the county court in the matter could not be learned this afternoon but it is probable that they will consider the matter favorably, as the court has always been very lenient toward the fair in the matter of appropriating money towards its success.

According to the present plans the fair will be bigger, better and grander this year than ever before. An unusually large premium list has been compiled for exhibits, and it is expected that this department of the fair will be a creditable exhibition. Much live stock will be on exhibition and a splendid race program for all three days, with some of the best known horses of this section appearing, has been arranged.

COUNTY COURT CONVENES REGULAR SESSION TODAY

The county court convened in regular session today and the entire morning was consumed in the disposition of the general routine business. Many bills have been allowed and it is expected that the court will be ready this afternoon to give its attention to several solid matters.

Chas. Holloway, of Peelpoint, Portland, was in the city today on his way home from Brownsville, where he formerly resided for many years, and continues to be interested in the bank and other properties.

CASCADIA ROAD WANTED BY MANY

Lebanon Will Send Delegation Here Tomorrow in Interest of the Road.

TWO COMMITTEES TO GO BEFORE COUNTY COURT

The Proposed New Road Will Eliminate Big Hill Highway Now in Use.

According to a letter from H. Y. Kirkpatrick, president of the Lebanon Commercial club to C. H. Stewart of the local club, that city will send a delegation of 15 people to this city tomorrow, to go before the county court in the interest of the proposed new Cascadia road.

The Lebanonites will arrive on the noon train and will be met by a committee of the Commercial club and escorted down town. Sometime in the afternoon the Lebanon people in company with the Commercial club committee will go before the court for the purpose stated above. As yet the exact time has not been definitely decided upon.

The new road was proposed in a petition which came up before the county court at the last session. After considering the petition the court ordered that the proposed route of the road be surveyed, which was done and viewers were appointed, and have filed their report.

The proposed new road is to be six miles in length, starting at Shays hill, several miles southeast of Lebanon, and following the Santiam river. It is claimed that if it is constructed thus, the new road will entirely eliminate the big hill road now in use.

Estimates as to the cost of the road range from \$14,000 to \$50,000.

J. A. Bilyeu, of Scio, has been transacting business in this city today.

You and your children are safe if you wear Dr. Lowe's superior glasses—eye safe and price safe. DM31-WA4

SHAVE WITHOUT WINCING

Don't dread shaving. Shave without wincing. The first requisite is not the condition of razor or lather, as many may believe, but is the immediate application of something after you shave that will relieve the skin of irritation and tenderness. We know of nothing that will do this as well as Rexall Shaving Lotion.

Rexall Shaving Lotion is a delightful antiseptic preparation for use after shaving. It helps to soothe and comfort the tender skin. You will get whole lot more comfort out of every shave if you use Rexall Shaving Lotion after every shave. You can shave with greater comfort with a fairly good razor if your skin is in perfect condition for the shave, and is entirely free from tenderness and irritation, than you can with the best and sharpest razor if your skin is not in perfect condition.

We are confident that Rexall Shaving Lotion will delight and please you, and we promise that if it does not we will gladly refund your money. Price 35 and 50 cents. Sold in this community only at our store—The Rexall Store.
