Country vs. City Life In the North Atlantic States in 1910, 48 per cent of the people lived in small towns and country districts comprising 99 per cent of the land, and 52 per cent lived in cities of 300,000 and over com-prising one per cent. The lure of the great city, a theme saturated with tragedy, has been written many times; Fredrick L. Hoffman, actuary of the Prudential Life Insurance Co., in a recent pamphlet, points out that long-evity and diminished liability to disease are decidedly favored in the country. The typhoid fever mortality rate is higher in the country than in the city, but the difference is much less than has often been assumed. Although the mortality from malaria has been higher, and in many places no doubt still so, mosquito elimination has greatly reduced the number of cases of malaria in ru-ral districts. While influenza, dysentry, apoplexy, paralysis, heart disease and peritonitis also seem more common in the country, some of these are diseases of old age, and the difference is un-doubtedly due in a great measure by reason of a large proportions of old people in the country, the young have migrated to the city. On the other hand, the causes of death more common in the city are cancer, alcoholism, meningitis, bronchitis, the pneumonias, tuber

### . . . . . . . . . . . . . . . HALSEY NOTES

Mrs. Zolman and sister, Mrs. Hooney, came down from Junction City Thursday to aftend the ball game played here that say between the Re-gina Red Sox and the Halsey team.

Miss Lifa Pation went over from Albany to Brownsville Friday evening to attend the "Princess Chrysanthenum" operatta by Halsey talent, and after the performance came over with the bunch and spent the night with her parents, returning to Albany Saturday morning.

Frank Bryant came up from Albany the latter part of the week for a short visit with his cousin. R. A. McColly. On Monday he took a steamer from Portland for Cross Bay on his way to Myrtle. Point where he will be in charge of the furniture store recently purchased by N. T. Pratt, of Albany, who wished to came out to be mesent at the wedding of his daughter, Miss Sara Ella. Miss Sara Ella.

C. A. Minger way in from the farm Saturday and informed as that his members and daughter, Mr. and

Mrs. Wm. McPherson, who recently came out from Elgin, Illinois, and after a visit here went to California expecting to make that their home, will soon he back here to investigate further. We hope they may conclude to remain in the vicinity of Halsey.

B. A. Lokke, a late arrival from North Dakota, came down from Portland Thursday to take the place of assistant station agent in the Southern Pacific depot, taking the place of W. E. Evans who had held the place for several weeks and who took his departure for Portland Saturday. The latter gentleman made many acquaintances and friends in Halsey who regretted to see him go away.—Enterprise.

# WORLD of SPORT

Vosen and Baker are two new ball tossers who are being considered by Manager Al Senders for the local aggregation. Both young men have recently taken up their residence here. Vosen was given a chance in center field in tomorrow's game yesterday and Beker will be seen during part of the game at short.

Several hundred baseball fans were sorely disappointed Sunday over the fact that rain postponed the game. It is believed that a record crowd would have witnessed the contest.

Manager Hulen was featured in a big story in the sporting edition of last Sunday's Oregonian as a baseball expert and as a veteran of the game.

This is the season for the baseball and the babybawl, allright. Therefore, there are many ba(wf) games every day. For information concerning some of these contests enquire of F. J. Fletcher and Leslie Potts.

Manager Billy Hulen and fifteen ball players, who will represent Re-gina, in the Western Canadian League during the season, left the city early friday morning for the North, after training here for the past month. Mrs. Hulen and son, who have been the guesss of relatives here, during the month, accompanied her husband.

The Albany High baseball team bids fair to be a cracker jack of an ag-gregation this season. There is some unusually fine material in the line-up.

It appears that many local sports men are disappointed over the fac-that a twilight league was not organ-ized this year.

Lyle Bigbee, a former Albany boy but now a resident of Eugene where he is attending the university, is eshe is attending the university, is establishing an enviable record for himself as a pitcher for the university team. Lyle pitched last year for the local team and will probably be seen on the local mound for Albany before the season wanes.

First Baseman Colbert and Second First Baseman Colbert and Second Baseman Swan, two Corvallis lads playing with Albany, tried out for a for a day with the Reginas but concluded not to wage their aspirations in the "pro" class and went back to their homes to content themselves for the time being.

# STATE TOURNAMENT OF FIRE FIGHTERS WAS ORGANIZED

### Members of the Corvallis and Albany Departments Started Ball Rolling Last Night.

At a joint meeting of the Corvallis and Albany fire department, held last night at fire headquarters at Corvallis, a state tournament of fire fight-ers was organized. The tournament

era was organized. The tournament will be held sometime during the coming summer either at Corvallis or in this city.

A committee was appointed to formulate the plans for the meet and the members of this committee will meet here Thursday night and perfect all of the preliminary plans for the holding of the tournament. It is probable that a definite place and date will be designated at this meeting.

The members of the Corvallis fire department started the movement and invited the local fire fighters to join them, with the result that they received a spontaneous response.

# THREE CASES CAME UP IN THE POLICE COURT TODAY

Two Were Charges of Drunkenness and Other Was Fight Charge.

Charged with drunkeness and disrderly conduct, A. J. Kelly, a waiter at the Oregon restaurant, was ar-raigned before Judge Van Tassel in the police court this morning and plended guilty to the charge. Kelly is an o'd offender, having appeared before in the police court on a similar charge. He was sentenced to 20 days

charge. He was sentenced to 20 days in the city jail or the alternative of leaving the city for good. He choose the latter and promised to take his departure this afternoon.

W. Trimble, an employee of the Oregon Electric railway, who participated in a fistic combat on the street late Sunday night, knowing that a warrant was out for his arrest, voluntarily appeared in the court this morning and donated \$15 and costs to the police judge for his offense.

Another case in the police court today was that of a man from Mill City who paid \$10 and costs on a drunk charge.

But for the prompt action of Merle Bilyon, an employee of the dipping department, a big portion of the Veal Chair Factory, Main street, would probably be lying in ashes this morning as the result of a fire which broke out in the finishing room last night at 10 o'clock.

You're Blyen in company with two other fellows was conversing on the corner of Main and Third street last night at 10 o'clock when he suddenly saw a blaze flash up in the interior of the varnishing room. He rushed over to the building and breaking the door, discovered a serious fire raging. He immediately sent in an alarm over the Bell refeptione and then in company with several parties who were atthe Beil telephone and then in com-any with several parties who were at-tracted to the scene by the blaze, receeded to fight the fire with an stimulation. After laboring indus-ciously they succeeded in extinguish-ing the flames before the arrival of the fire department.

It is believed that the fire originated from speciateous combustion out of

This room contains several large truks of varnish and other highly inflammable articles and it is regarded as a miracle that the fire was extinguished without doing serious damage, as the wreck wrought by the lames is very slight considering the probable consequences, to the extent of a scorched and badly burnt unfinished chair.

The floor of this room is laden with yarnish which from time to time has been spilled and it is believed that had not the blaze been discovered in the nick of time, it would have rapidly spread and enveloped the entire room in a flash. Eight feet from where the fire originated there is a large tank of varnish and it is believed that had the fire once gotten into this, it would have been impossible to have checked the flames until the building had been totally destroyed.
