COUNCIL HELD A AUSTIN STOPPED ELECTRICIANS DON'T

Passed Two Ordinances Relative to Electric Wiring and Nuisances in City.

MEETING WAS ADJOURNED FROM REGULAR SESSION

formally with Portland Capitalists to Discuss Gas Plant.

Two ordinance w re passed last night by the city council, and by one i Albany hereafter will have a uniform system of clectric wiring to be done by authorized electricians within its limits and by the other certain nuisances such as rooms, houses and intoxicating liquors are defined and provision is made, enlarging the power of the local police in handling such cases, and for their effective prosecution in the police court.

The meeting of the council was an adjourned meeting from the last regular session, for the purpose of disposing of left over matters. The session convened at 7 o'clock and held forth until nearly nine.

The titles of the two ordinances passed last night are as follows:

Introduced by Councilman Lyons: An ordinance of the inspector of plumbing of the city of Albany to regulate electric wiring in or on buildings, awnings and additions to any building within the limits of the city, providing a penalty for non-compliance.

Introduced by Councilman Blount: An ordinance defining and declaring certain places, rooms, houses, intoxicating liquors and other, property within the corporate limits of city of Albany as nuisances, and providing for the taking possession of and destroying certain intoxicating liquors within the limits of said city and providing penalties and punishment for certain violations of this ordinance and also prescribing certain rules of evidence in trials in Recorder's court of said city for certain violations of this ordinance.

After the adjournment of the meting the members of the council met

After the adjournment of the meet-After the adjournment of the meeting the members of the council metinformally in the council chamber with C. L. Rauch and two other members of the party of Portland capitalists who were here a week ago looking over conditions relative to the establishment of a gas plant here. The treeting was an informal one and a full discussion of the project was held. As far as could be learned nothing definite was done but the sentiment toward the enterprise was strong it was intimated that some action may result in the matter sometime in the near future at which time a gas franchise may be brought up.

GAMBLERS PIN "BLACK HAND" LETTERS TO MAYORS DOOR

Newports Executive Is Warned Against Lifting His Hand Against Offenders.

Newport, Or., May 2 — Mayor Wilcox yesterday found a black hand
letter pinned to the door of his store.
The letter was printed to imitate a
child's writing and is as follows:
"Mayor Wilcox—We geniblers of
Newport defy you, Cut it out.
"RED X."

Several gambling episodes have occurred here recently, and Mayor Wilcox has been using strenuous measures to put a stop to it. This no doubt, was the cause of the letterwriting. Mr. Wilcox, however, will continue to work for the suppression of this evil, despite the warning to the contrary.

SHORT SESSION SPEEDY FIRETRUCK RESPOND TO CALL

Would Not Permit Demonstra- Only One Man Walked Out Here As Result of Strike Called Monday.

> DICK MILLER DENIES REPORT THAT ALL STRUCK

Satisfied and Will Fight the Call.

That Chief of Police Tony Austin is on to his job and that he is pronounced in his determination to put a stop to the excessive speeding of automobiles and motorecycles within the city limits, was indicated this morning when he broached the mayor and members of the test observing party who had been whirled around the streets at a terrific speed in the test of the new fire truck, and told them that they would have to go a little easy. In other words they got a good "calling down," and thereafter they meekly obeyed the orders of the police chief.

However, Chief Austin granted the demonstrator the privilege of making a test run out Fifth street which was gladly accepted. The way was cleared and the cross streets were vigilantly watched and the big truck made the run out this street at the rate of 50 miles per hour.

Chief Austin arrested a speeder late last night, and this morning the offender was hailed in the police court and pleaded guilty to the charge. He was fined \$10 and costs which he paid. The party gave the name of John Doe.

When interviewed this morning Richard Miller, wire chief, of the local Home telephone plant, postively deteid the report that the local telephon employes have walked out, as the result of the strike which was called Monday by the electrical workers mion, on account of the alleged failure of the company to comple with the \$4 per day wage scale as adopted by the union.

This denial on the part of Mr. Miller was occasioned by a report yesterday to the effect that all of the electrical employees of the Home telephone plant, postively denied the report that the local telephon employes have walked out, as the result of the estrike which was called Monday by the electrical workers mion, on account of the alleged failure of the company to comple failure of the company to comple failure of the company to comple failure of the estrike which was called Monday by the electrical workers mion, on account of the alleged failure of the estrike which was called Monday by the electrical workers mion electrical employees of the Home telephone and Oregon Electric railway systems in the valley had struck as a result of the call. However, Mr. Miller, confirmed the report that the call for a strike was issued and includes the electrical workers of the entire valley and other sections of the Northwest, but he stated that as a result only one man had walked out here and that all of the men were still on the job at Covallis.

According to Mr. Miller, the strikers are demanding a \$4 minimum wage scale per day and are calling for the discharge of all of the old employees of the company and in fact all of the unauthorized electricians who are not members of the electrical mion. At present all of the employees of the Home company have been receiving daily wages of from \$2.75 to \$4 based upon the experience and ability of the worker.

Mr. Miller states that in Portland only a few of the electricians of the telephone company responded to the call, especially the employees of the local division, who express themselves as thoroughly satisfied with the treatment accorded them by the company here with reference to wages and work hours.
