ALBANY, LINN COUNTY, OREGON, FRIDAY, MAY 9, 1913

NEW FIRE TRUCK TO BE TESTED TONIGHT

Efficiency at Real Fire Will Be Demonstrated Tonight in East End.

ALARM TO BE TURNED IN BETWEEN 7:30 AND 8 O'CLOCK

Qualified in Speed and Hill Climbing. Final Test This Evening.

If you hear the fire alarm tonight between 7:30 and 8 o'clock, don't be alarmed for the fire will not amount to much. The fire will be of coal oil origin but this should not necessarily cause any uneasiness. The conflagration will happen in the East end gration will happen in the East end. The fire tonight is for the purpose of testing the efficiency of the new fire truck in extinguishing a real blaze. The new apparatus is equipped with two 45 gallons capacity chemical tanks, and the fire is arranged for the city officials and members of the fire department who wished to see the new truck in operation at a fire, before finally concluding to purchase it.

Scott, of the grocery firm of Scott and Com, is accumulating a large number of old dry goods boxes and other material and they are to be piled in a vacant lot near the corner of Main and Fourth streets. At the stated time a quantity of coal oil will be sprinkled over the pile and a match will be touched to it. When the fire is well under headway the alarm will be sent in, the full box number will be rung, and the new truck will make the trip from Lyon street fire honse up Lyon street and out Fourth street to Main street to the scene of the fire.

The new apparatus will be in the

out Fourth street to Main street to the scene of the fire.

The new apparatus will be in the hands of the members of the fire department, who have already been instructed in its manipulation, but however an experienced driver will drive the truck. All of the city officials will be on hand to watch the fire and it promises to be a spectacular one. The test will resemble in every detail a real fire and it will be fought as such, as the firemen are desirous of demonstrating and bringing out all of the efficiency of the new aparatus. The fire is to be no little blaze, according to Mr. Scott, for he is soouring the neighborhood for all the material he can secure and the coal oil will not be spared when it comes to sprinkling it over the pile.

The arrangements have been so completed that the fire will be well under had way by thetime of the arrival of the department, and this will necessitate fast and furious work on the part of the firemen in subduing the fiames before they get beyond control. Spectators are warned not to get close to the scene of the fire as there may be imminent danger of someone getting injured or of getting drenched.

SHERIFF BODINE ARRESTED MAN AT DEPOT THIS NOON

Jim Gleason Wanted on Charge of Stealing Money in Lane County.

Asserting that he didn't know anything about the charge against him Jim Gleason, a going man about 20 years of age, avrested at the depot on No. 18; this moon, by Sheriff Bo-dine, went to the county jail for an afternoon's residence, while waiting for the arrival of the sheriff of Lane

for the arrival of the sheriff of Lane county.

The arrest was made upon the authority of a telephone message from the sheriff at Engene, giving a description of the man wanted, so accurately that the young man was secured at once. He had a ticket for Fall City, Neb, which he said was his home. He declared that he was outhere looking over the country and had concluded to return home, and that he had no idea at all about the charge against him.

The sheriff of Lane county telephoned that he was charged with stealing some money at a logging camp in the hills, where he had been working. He will be taken back tonight and given a chance to dissapprove the charge.

BOY HERO OF FIRE GETS REWARD FOR SERVICE

Merle Bilyeu's, Well Directed Efforts Intercepts a Sericus Blaze at Chair Factory.

Young Merle Bilyen, the employee of the chair factory, whose prompt and well directed efforts in discovering and extinguishing a fire Thursday night at the factory, is now wearing an new suit and complete outfit as a gift of R, Veal & Sons because of his heroic and splendid service as a result of the fire.

The lad was standing on a street cover, three blocks from the faviory, when he saw the fire through one of the windows. He quickly ran to the favtory, aroused R. A. B. Veal, who was in the office, turned in a fire alarm by telephone, and, accompanied by Mr. Veal, broke into the room in which the fire was burning. Because of his knowledge as employee of that department of the factory, young Bilyen knew where to find some fire extinguishers, with which he and Mr. Veal put out the fire.

Mr. Veal took the lad down town Scurday and bought him a new suit, liat, shoes and complete outfit.

a plant of this nature at the present time.

Accordingly this matter was given up and members of the local association decided to open negotiations with the Benton County Fruit Growers Association, which organization has a plant at Corvallis, towards the concertion of the two associations. This was perfected to the extent that each producer of this section should co-operate individually with the Corvallis neople during the coming season for the disposal of their left over products to the cannery in that city. This plan is to be carried out during the summer.

The meeting last Saturday of the Lim County Council Patrons of Husbandry was one of the most interest ing and successful sesions ever held Owing to the press of farm work the attendance was not very large but it was all "gilt edged." Reports from granges were very encouraging. After an earnest and profitable discussion resolutions were unanimously passed in favor of the state furnishing uniforms for all school children attending public school in the state to be worn during time of attending schools. Also that the state provide warm noon day lunches, and free school books to all students attending schools the state.

A resolution passed by Ash Swale grange commending the officers of the state grange and the editor of the Pacific Grange Bulletin for the economical manner in which grange work and extension work of the grange had been carried on during the past year, in view of the fact that the dues and finds received from subordinate granges were much below that of similar orders; was presented by fred Harrison of Ash Swale grange, and sudopted.

President Scott was instructed to present all the above resolutions to the state grange.

During the noon recess the ladies of the grange put on a feast never of the Democrat and gave a brief account of their long trop from Boston to Los Angeles.

The sloctor and his circ that due as the fact and arrived in the result of the past purpose.

The sloctor and his circ for the cast later and it will be one of the most important matters that will come before the state grange.
