ALBANY VETERANS GO TO GETTYSBURG

Four Veterans of Civil War of This City Will Attend Fiftieth Anniversary of Battle.

CELEBRATION WILL BE FROM JUNE 29 TO JULY 6

William Meyer, W. P. Small, Andrew Crooks and John Catlin Participate in Engagement.

Albany will probably send a delegation of four Civil War veterans to attend the fiftieth anniversary of the battle of Gettysburg, which will be held at that place in Pennsylvania from June 29 to July 6. The four veterans of this city will leave for the east the latter part of June. The veterans who participated in the famous battle and who will attend the anniversary celebration are William Meyer, W. P. Small, Andrew Crooks and John Catlin. It was learned this morning that one of the veterans may possibly be unable to go, under the doctors' orders, as he has been under the care of physicians more or less during the spring.

William Meyer, as a member of company B, Forty-ninth Illinois infantry, took active part in the battle, but was not seriously wounded. W. P. Small was a member of company A, Nineteenth Indiana infantry, and was not injured during the battle. John Catlin, who has been a resident of this city for over 30 years, was attached to the Fifth New York cavalry in troop A, and received several wounds during the engagement, in the legs and head. Andrew Crooks, father of President H. M. Crooks of Albany College, was a member of company D, One Hundred and Forty-ninth Pennsylvania infantry, and during the three days engagement at Gettysburg, lost one of his legs.

Before returning home it is the intention of the Albany men to make a tour of the important centers of the East. John Catlin stated this morning that he intended to make a trip to Canada by way of Niagara Falls before returning.

The memorial battlefield at Gettysburg during the celebration will be turned into a mammoth camping ground and each delegation to the celebration will be supplied with private headquarters. A regular headquarters camp will be established and a huge assembly tent where all of the sessions of the celebration will be held during the weeks event.

KEEP CHILDREN OFF THE STREETS SAYS PASTOR

Dr. W. P. White Recommends Strict Enforcement of Curfew Ordinance.

That the crying need of Albany at this time is the rigid enforcement of an ordinance requiring children to keep off the streets after eight o'clock in the evening was the statement made this morning to a Democrat representative by Dr. W. P. White.

"The fathers and mothers of Albany are responsible for the present condition of affairs. Children of tender years are permitted to roam the streets, associate with young people of questionable character and are thus being led away from the path of decent living. The time to remedy this condition is now. If the fathers and mothers, who should be most vitally interested in this subject, will not do their part, a strict enforcement of the ordinance, in my judgment, the only alternative."

RAILROAD COMMISSIONER ATTENDS MEETING HERE

ALBANY HIGH SCHOOL WINS GAME BY SCORE OF 7 TO 6

O. A. C. Freshman Lose After Having Score of 6 to 0 in 6th, by Blowing Up in Ninth.

With the score of 6 to 0 against them at the end of the sixth inning, the Albany high school team went to bat in the seventh and succeeded in bunching hits and on several loose plays scored four runs by the end of the eighth and came back to bat in the ninth in time to make a whirlwind finish when the collegians blew up, and scored the necessary three runs to win the game by a score of 7 to 6.

It appeared that the O. A. C. freshmen were too over-confident relative to the outcome of the game. Up until the sixth they had walked all over the Albany youngsters. Rexford was an easy marksman for their batsmen and it was not until after the seventh that the local boys awoke to themselves and played some "ball."

It all happened in the ninth when Tamerlane allowed the bases to be filled and a fumbled single let in two runs and the third one came in on an error, thus completing the game as Albany was last at the bat.

The score:

	R.	H.	E.
Albany	7	8	4
Freshmen	6	6	7

Batteries: Rexford and Hector, Tame Lane and Souple.

R. R. Com. E. J. Miller was in the city this afternoon while on his way to Salem from a trip south.

The judges will award the prizes tomorrow.

200 LOCAL MOOSE ATTEND CARNIVAL

Big Moose Is in Full Swing at Salem Today, Albany and Eugene Day.

SALEM MOOSERS ARE ROYAL ENTERTAINERS

Crowds Throng Streets of the Capital City; Mammoth Auto Parade Held Today.

To attend the mammoth Moose carnival which is being held at Salem, large delegations of Albany Moose and others went to Salem this morning over the Southern Pacific and Oregon Electric railroads. The number going is conservatively estimated at 200. Today is Albany and Eugene day and a delegation of 300 Eugene Moose went through this morning on a special train bound for the Capital City. There will be something doing nearly every minute today at the carnival, and Salem will be filled with visitors to witness the events.

One of the features of the whole week's jollification will come when, tonight at 7:30 o'clock, an exhibition fire drill will be given by the Salem fire department No. 1.

At 10 o'clock this morning the Salem band met the train from Eugene and Albany, which brought the delegations from these cities. The mayor and Commercial club of Eugene, with about 300 Moose, went from that city in a body, with the band and Moose ball team. Some of the city officials from here, accompanied by several hundred Moose, composed Albany's delegation. They were met at the train by Mayor Steeves of Salem and officials of the Commercial club, which will act as a reception committee, assisted by the band and the Moosers. The visitors were escorted to the Moose hall, where Mayor Steeves and the Commercial club members extended the usual Salem welcome to all. The mayor of Eugene responded to the welcome extended by Salem's mayor. Following this, a picture was taken of the crowd.

At 2 o'clock this afternoon occurred the big automobile parade. It was headed by Mayor Steeves and wife in their auto, with Governor West and wife and the mayor of Eugene. Following these were Salem city officials and members of the Eugene, Salem and Albany Commercial clubs.

Saturday is Portland day, and it is expected that the Rose city will send a large crowd to Salem on that day.

Misses Greta Fortmiller and Flora Simons went to Eugene this afternoon.

HAS A DELUSION THAT HIS FAMILY IS STARVING

Joseph Eastman, North Albany Farmer Was Committed to State Insane Hospital.

Laboring under a delusion that his family was starving, Joseph Eastman, aged 39, a farmer, residing at North Albany, was examined before the Benton county court Saturday as to his sanity and committed to the state insane hospital. He was taken through this city to that institution last Saturday evening.

Eastman believes that his family is starving and so claims to everyone he meets. He was a soldier in the Spanish-American war, having enlisted in a Minnesota regiment of volunteers. During the war he lost his right arm, and for this is receiving a pension amounting to \$55 per month from the government. The pension has amply provided for him and his family.

Rev. Emerson, of the Christian church, this noon returned from Eugene, where last night he delivered a sermon for the commencement exercises of the Christian Theological seminary, or Bible school. The exercises followed a banquet of graduates of the school with eighty graduates present. Besides the address by Rev. Emerson there was an address by President Campbell, of the U. of O. and Dean Sanderson conferred the degrees on the graduates.

Officers Raid Blind Pig

Sheriff Bodine, Chief of Police Austin and Officer Griffin King late this afternoon raided an alleged blind pig operated on East First street. Half a barrel of beer was found in the establishment and Sid Ward was placed under arrest. He will be arraigned this afternoon.

WOMAN'S DAY AT CHAUTAUQUA SET

Wednesday July 9, Has Been Designated As Day For Conference of Women.

LADIES CLUBS OF CITY AND COUNTY TO PARTICIPATE

Interesting Program Is now Being Arranged by Mrs. Henrietta Brown.

Wednesday, July 9, has been designated as Woman's Day at the coming Chautauqua assembly and Mrs. Henrietta Brown has been selected to prepare the program of exercises for that day. She has already put the matter before the women's clubs of this city, and they have practically all decided to participate and do all that is possible to make the day a complete success.

It is the intention to arrange for a conference of all the women's clubs of this part of the valley, each one to report by a representative as to what line of work they are engaged in; what they have accomplished, and what their plans are for the future. During the day at least two lectures will be delivered upon popular subjects, and a splendid concert will be given in the afternoon by the celebrated Tyrolean Alpine Singers. This will be followed by a reception, given by the club of this city to the visitors, and if the guests can remain until evening they will have the pleasure of hearing another concert by the Tyroleans.

Ladies will be invited to be present, who reside in localities where women's organizations do not now exist in the hope that they may catch the inspiration from this conference. Correspondence has already been opened up with the clubs in other towns, and responses so far have all been very favorable to the plan. Such a program will surely appeal strongly to the ladies, and it is confidently expected that "Woman's Day" will be one of the best days of the assembly. The dates for Chautauqua this season will be July 7th to 20th.

Receives Picture of Bear.

Mrs. Henry Boyes has just received a letter from her brother, W. L. Burton of Laconia, giving an account of the capture of the big black bear near that place several weeks ago. Enclosed in the letter was a picture of the bear as he was found in the trap the morning he was killed. The animal was caught in a trap set by Mr. Burton.

METHODISTS SUBSCRIBE \$2500 FOR PIPE ORGAN

200 Attend Big Congregational Supper Given by Ladies of Church Last Night.

For the purpose of raising money for the purchase of a pipe organ to cost approximately \$3000, the ladies of the Methodist church gave a congregational supper to 200 members of the church last night in the banquet room of the church, and the result of the meeting was that \$2500 was subscribed by popular subscription. Aside from \$1200 of this amount which was subscribed by the Ladies' Aid Society the remainder was subscribed by the men members of the church. The outcome of the meeting was a source of much pleasure to the entire assembly and the work of raising the rest of the necessary amount will proceed as rapidly as possible.

Mrs. L. H. Fish, Mrs. C. H. Wiedger, Mr. and Mrs. L. E. Wood, Miss Greta Fortmiller, Miss Louise Wiedger, Mrs. H. W. Barker, Miss Karlene Warner, Mrs. A. L. Simpson, Mrs. J. J. Barrett, Mrs. E. M. Pugh and Mrs. E. C. Brandberry went to Salem last evening to witness Miss Maudie Adams present Peter Pan, one of the most delightful offerings of the day. They were greatly pleased with the trip.

F. M. Redfield this noon returned from a several weeks' stay at the Redfield cottage, well supplied with ocean tan and rhododendrons. Already there are quite a number of people at Newport beginning their summer's outing, and the prospect is good for a large season.

Mr. and Mrs. W. H. Goltra returned yesterday from Pasadena, Cal., where they spent several months at the home of their daughter. They reported everything dried up and crop prospects very poor around that city.

R. F. Smithwick, of Corvallis, was an Albany visitor yesterday.

OTHER CROPS GROWN WHILE LOGANBERRY PLANTS MATURE

Pier-Land Company Will Spare No Effort in Ascertaining Profitable Outlet.

There are many interesting things to know of the loganberry, such as the numerous uses to which they are put and the various by-products made from them; but these will develop later, and William Pierce and Richard Landis, formerly O. A. C. students, the latter a former Albany young man, owners of the Pier-Land Orchard Co., which company has just recently completed the planting of the largest loganberry farm in the world of 71 acres near Pleasant Hill, Lane county, propose to spare no effort in ascertaining the best and most profitable outlet for their produce.

In addition to this phenomenal loganberry plantation, the Pier-Land Orchard people have set 40 acres of Italian prunes, and will put out as many more next fall. Between these trees they have set several acres of gooseberries, which always yield ready and profitable returns.

After completing the planting of the previously mentioned commodities and knowing "variety" to be the spice of life, they decided to carry out their former plan in full and put in 20 acres of beans, in order that they might have something to harvest this fall. It took 1,200 pounds of seed for this planting, and as far as is known it is the largest of its kind in the state. Beans do well in this locality and yield, on the average, about two tons per acre.

LA GRANDE IS TO HAVE \$40,000 Y. M. C. A. BUILDING

The Necessary Money Reached Through Philanthropic Generosity of Mrs. M. F. Honan.

While in Eastern Oregon recently where he went to prove up on a desert land claim in Malheur county, Secretary Delos Foster, of the local Y. M. C. A., learned that La Grande had raised \$40,000 for a Y. M. C. A. Through the philanthropic generosity of Mrs. M. F. Honan, of that city, a liberal donor to enterprises of merit, the sum of \$35,000 sought in a subscription of public spirited citizens was not only passed but materially enlarged by her single subscription of \$5,000.

The campaign for the necessary money was a stringent one but was marked by interest, enthusiasm and generosity and prominent citizens worked hard and faithfully to gain the necessary subscriptions by a fixed date when a mass meeting was held and the final subscriptions made.

Miss Mable Wrieger, recently from Minnesota, has accepted a position with the Hammond Lumber company here, as stenographer.

ALBANY COLLEGE GETS ONE OF PRINCETONS FAMOUS ELMS

Young Tree From the Eastern College Adorns New Campus, Southwest of Town.

The Albany College campus is to have an Elm tree of the same variety of those on Princeton University's campus, for an offshoot of one of these famous trees had been planted near the entrance to the campus by the freshman class, who sent back East for the tree.

This is the first tree to be planted on the new college campus which is a 48-acre tract situated one-half mile southeast of here and where the new college buildings will be erected soon.

Albany College, like Princeton, is a Presbyterian institution, and by virtue of this fact and the further circumstance that some of its early instructors were Princeton men the local institution adopted orange and black as its colors.

Mr. and Mrs. W. S. Hall, prominent people of the Siletz, were in the city yesterday.

COUSIN OF PASTOR DIES IN THE EAST

That Samuel West, a well known and highly respected wholesale grocer of Pittsburg, has passed to his reward became known today when Dr. W. P. White of the United Presbyterian church announced that he had received a telegram from relatives, conveying the news of his death. Samuel West was a cousin of Dr. White and will be remembered by many residents of this city during his visit at the parsonage a year ago last winter.

After the states representatives are seated, a short program will be given consisting of old patriotic airs and an address on "My Oregon" by C. C. Chapman, manager of the executive committee of the Portland Commercial club and secretary of the Oregon Development league. There is probably no man in Oregon who has more facts at his command about this state and what are its latent possibilities and undeveloped resources as Mr. Chapman, who is a splendid speaker and a most popular booster for Oregon.

The church will be artistically decorated with flags and flowers by the ladies who will serve light refreshments in the commodious social hall after the completion of the program.

A MATTER OF COMMON NEWSPAPER COURTESY

The practice of using free reading notices for home talent productions and limiting the entire newspaper force to two complimentary tickets has ended as far as the Democrat is concerned. A certain number of complimentary tickets will hereafter be required as a condition precedent to the publication of matter of this kind and unless the condition is met, with cheerfulness, a charge of ten cents a line will be made for such reading matter. The Democrat is always glad to extend courtesies to any public or semi-public enterprise, but the Democrat also expects, and insists upon the same courtesy being shown to the editor, and to the members of his staff.
