## ALBANY DEFEATS RAILROAD MEN

A Splendid Game of Baseball Played Here Yesterday Afternoon; Score 10-3.

## TRIPLE PLAY FEATURE OF THE BIG CONTEST

North Banks Go Up in Air at Critical Time and Three Runs Made on Passes.

"If we are defeated by more than two scores, we will pay our own expenses back to Portland," wrote the manager of the North Bank railroad baseball team to Manger Senders of the Athletics, when the local manager's dubious attitude strongly indicated to the railroads' manager that his team was not in the class of the Albany aggregation.

The game was played yesterday afternoon at the Athletic park with hundreds of fans with the pent up spirit of three disappointments, rooted Albany to victory by the score of 10 to 3. It was a characteristic game of base ball, full of clever plays and sensational attempts. For the first few innings it bided fair to be one of the best contests of the season for both teams played an unusual close game, hotly contested from one inning until the next, when Pitcher Monroe for the visitors became unusually wild, walked two men and allowed a single. This added to the offshoot of Catcher McHale, served to let in three runs in the fourth inning on passed balls.

While Albany was at bat with a man on first and second the sensational play of the game came in the third inning, when Swan batted a line fly to Monroe who made a clever catch with one hand. Monroe whipped the ball to first and the first baseman slammed it to second before the base runners had time to even realize that the ball had been caught.

The North Banks made their three scores by their playing and by their ability to hit the ball at the opportune time. However, they appeared to lose heart when the Albany team gained three runs on passed balls and a couple more in the fifth innings by creditable baseball strategy. Patterson pitched for Albany and allowed several hits while Monroe was substituted by Manning who was pounded just as bad.

Lyle Bigbee made his initial appearance in the Albany lineup this season by playing right field. Kennard made his debut with the Albany team yesterday at short stop and he showed up splendidly. He made two hits, several nice plays in the field and excelled in base running. Mickel made a beautiful running catch in left field when everybody thought the ball was out of his reach. Swan, C. Bigbee, Colbert and Monson played splendid games for Albany. Sallybury umpired a great game and Westbrook refereed.

Miss Sutherland first graduated at the Oregon Agricultural College, and then taught in that institution for four years. She then took a degree at Columbia college, in New York City, after which she was an instructor in Mrs. Helen Gold Sheppard's Lyndhurst school for girls. While there she was a lecturer in the social center work of the New York clubs, and she now holds a position of director of domestic science and art in the state university at Grand Forks, N. D.

Besides attending to her regular duties at the university, she has been lecturing before civic leagues, medical and state nurses' associations, farmers' institutes, state and county educational associations, and agricultural colleges in the upper Mississippi states, and all her available time has been engaged up to June 1st. She has two addresses on "The Women of Tomorrow" and "Ideal Womanhood," and another on "Vocational Training," which are highly spoken of by the press, and educators pronounce them especially polished and convincing.

Miss Sutherland has kindly promised to deliver these addresses at the coming assembly.

Those who attended last year were warm in her praise, and she informs the Chautauqua managers that she is much better prepared now, with many new subjects and demonstrations.

F. G. Will and Edwin Fortmiller will leave on Wednesday on an eastern trip, going as far as New York City. While gone they will visit the boyhood home of Mr. Fortmiller's father, Newark, N. Y., besides many other places.

## POINTERS RELATIVE TO BEAUTIFYING COUNTRY HOMES

Fruit Trees Planted For Profit; What About Trees to Make Home Attractive.

There has been in the past and is at the present time, much said about the planting of fruit trees for profit, but what about beautifying the home where you live and where your children are growing up?

An artistic front yard with a green lawn and some choice flowers is restful to the weary eye.

A shady arbor with its thick foliage may give rest to the tired body. Flowers bring out the depths of childhood's nature instead of emotions borne down by strife.

Remember, the home of one's youth is looked back upon in many years afterwards, their memories will travel thousands of miles back to the old home where deep in the mossy green the morning dew lingered, back under the shadows of a friendly tree in the yard during noontide's heat or later on the old rustic bench under the arbor in the evening twilight, a sacred vision unbanished will revive the most hallowed memory of a duty that was sacred and sweet.

## GRAND PRAIRIE GRANGE HELD SPLendid MEETING

There Were Over 60 Present Some of Whom Were Visitors From Other Halls.

Grand Prairie Grange No. 10 had a splendid meeting last Saturday night with nearly 60 in attendance, some of whom were visiting members from other granges.

Pastmaster A. C. Miller of Western Star Grange filled the chair.

The thirty-third and thirty-fourth dates, Mrs. Lulu Miller acting as organist were conferred upon candidates.

The Patrons, Flora, Ceres and Pomona represented by the Misses Golda and Vera Combs and Elberta Fry, were especially well rendered parts. The same young ladies afterward recited some beautiful selections during the literary program, Mrs. J. W. Failey, lecturer.

A movement is on foot to hold a grange picnic by Linn county granges and those nearby in adjoining counties on the 4th of July at some central location. Beginning with Jan. 1, 1914, the annual dues will be \$1.80, reduced from \$2.40.

A membership of 150 by May 1, 1914, is the goal. After adjournment, ice cream, cake and hot coffee to warm up on, it being well toward midnight, were served.

The next meeting will be held on the 4th Saturday in June. Clifford Walker and Ed School are to see that refreshments are provided, likely strawberries and cream.

## 4TH OF JULY MAY BE CELEBRATED

Grangers Are Behind Movement to Have One Day Festive in Honor of Nations Birth.

## PLANS ARE PRACTICALLY UNDERWAY FOR EVENT

Grange Halls of Linn and Benton Counties Are Unit in Agitating Celebration.

That Albany is to have a one-day celebration of the 4th of July this year, with all of the attractions and entertainments pursuant thereto, became known this afternoon, providing the present intention of Grangers of Linn and Benton counties mature to such an extent that the event will be deemed a feasible one.

The matter leaked out when a prominent granger visited C. H. Stewart of the Chautauqua board this morning and inquired of the auditorium on the grounds, for the holding of a special program as part of the day's events. Mr. Stewart's answer was favorable but the matter will have to come up before the official board before it can be definitely decided and accordingly it will be presented at the next meeting.

According to the statement of the granger, it was decided at a meeting of one of the granges of Linn county the latter part of last week that the grangers should head a movement towards arranging for observance of the day. The proposition has thus far met with approval of other granges, with the result that according to a report the plans for the celebration are now under way.

Nothing definite could be learned this afternoon with regard to the proposed plans as it was stated by authority that at present they are very indefinite. However, it is a confirmed fact that the grangers are behind the movement and that it is their full intention to carry out the plans already set forth. Grange halls of both Linn and Benton counties in this immediate section have joined the movement.

On the occasion of the completion of the Oregon Electric railroad into this city, the business men of Albany and the Commercial club held one of the largest 4th of July celebrations ever recorded in the history of Albany. People from all over the valley attended, large delegations coming from Eugene and Corvallis. Creditable features, such as the big parade and other festivities were given. The celebration lasted only one day, and the feeling appears to be high in favor of holding a similar celebration this year as it seems thus far that no other city in this immediate section will observe the day.
