TWENTY CARS WILL MAKE BIG JUNKET

Albany Autoist Invited to Join Expedition; Plans Subject to Weather Conditions.

Continued from Wednesday, June 4.

For the purpose of advertising the Linn County Pioneer Picnic which is to be held in Brownsville June 18, 19 and 20, the Brownsville Commercial club will conduct an automobile tour through three counties. About 20 automobile loads of people composed of prominent business men of that city will compose the big junketing party which will leave Brownsville Friday morning.

Relative to the trip the following letter received this morning from Charles Sterling, president of the Brownsville Commercial club by Manager C. H. Stewart of the Albany Commercial club explains the idea and itinerary of the trip in detail:

The Brownsville Commercial club will conduct an automobile tour through Linn, Benton and Lane counties starting from here Friday morning at 8 a. m. June 6th, for the purpose of advertising the Linn County Pioneer Picnic to be held here June 18, 19, and 20. There will be about 20 automobile loads composed of club members, Mayor and members of the City Council and others interested in the movement, we will pass through your city about 11 o'clock and would be pleased to meet as many of your citizens as we can conveniently during our brief stay in your city and we extend an invitation to the Automobile owners of your section to join us on this trip as we feel that Albany is interested in the success of the Pioneer Picnic equally with ourselves. The tour will take in Lebanon, Albany, Corvallis (one hour stop for lunch), Monroe, Junction City, Eugene, Seaside, Colburg, Harrisburg, and back to Brownsville. In addition to the regular posters for distributing we will have banners giving the date and place of the Picnic attached to the sides of our cars. The plans set forth are subject to weather conditions."

Lost Property Restored.

During the past week the classified columns of the Democrat have restored to their rightful owners a gold bracelet and a pair of white gloves. In both cases the owners identified their property and paid for the advertisement. Several days ago a purse was restored to the owner through the same medium. If you have anything for rent, sale or trade try a Democrat want ad. Nearly everybody in Albany reads the Democrat and that means that they are almost certain to read your advertisement.

OWNERS OF DOGS ARE CAUTIONED

Are Warned to Bear in Mind That Dog Ordinance Is in Full Force and Effect.

MANY COMPLAINTS FROM OWNERS OF CANINES

Poundmaster Has Not Yet Been Appointed But Local Police Are Covering Office.

According to a statement issued this morning at police headquarters, all owners of dogs must bear in mind that the "Dog Ordinance" recently passed by the city council is now and has been for some time in full force and effect and any violation of its provisions will be subjected to the penalties as provided in the ordinance and all of the dog owners should further bear in mind that the local police are bound by their oath of office to enforce the law.

Policeman Griff King stated this morning that he has received several complaints relative to the stringency of the ordinance and that there seems to be universal disapproval of the ordinance by dog owners. "However," said the officer, "the ordinance is a law, stringent or not, and it will have to be adhered to and obeyed."

The council has not as yet appointed a pound master to take the place caused by the resignation of John Catlin but the office is being covered by the local police. According to the provisions of the ordinance anyone has the power to seize a dog when in their judgment it is becoming a nuisance and running willfully at large. Bounty is provided in all cases of impounding of the canines.

It will be remembered that a dog after its seizure in violation of the ordinance will be impounded for 48 hours and if the owner's name is borne on the collar he will be notified and given a chance to ransom the impounded dog. After 48 hours and the dog has not been claimed it will be killed in the most humane manner possible.

It was stated this morning by a court official that nothing of particular importance is to come up during the present session.

Prof. Lyons closed a very successful term of school this week; he is a fine teacher and will be sadly missed when he takes his departure, as he took great interest in the education of the young people and also took a prominent part in the Sunday school and church work here; he will teach the school at Mill City the coming year.

Farmers have finally finished up the spring plowing and are now turning their attention to preparing their fields for sowing clover which has for the last few years been found to be a profitable crop.
