VICTIMS OF CORVALLIS SHOOTING SCRAPE BETTER

Husband and Daughter Shot by Insane Woman Are Reported As Resting Comfortably.

E. H. Tunnell and Beatrice Van Camp, shot by Mrs. Tunnell yesterday morning before killing herself, are resting easy at the Corvallis hospital and at this time there seems little reason for fear that they will not recover. Drs. Pernot and Johnson extracted the bullet from Miss Van Camp's wound this morning and were surprised to find it at the right side of the spine. The bullet entered the body about one inch below the apex of the heart and it is the belief that it was deflected and passed around the ribs rather than through the body.

Mr. Tunnell was shot in the right breast, the bullet entering just above the nipple, and has not yet been located. It is believed, however, that the bullet ranged upward and is in the shoulder. Mr. Tunnell bled profusely, but, apparently, is in good condition today. The body of Mrs. Tunnell lies at Bovee's undertaking parlors and final arrangements will be made until word is received from eastern relatives.—Corvallis Gazette-Times.

Mrs. R. K. Ohling was among the Albany ladies leaving this noon to attend the district convention of the Methodist church at Eugene.

Mrs. W. G. Cowles left this noon to attend a district convention of the Missionary Society of the Methodist church at Eugene.

CITY OF ALBANY WINS VICTORY

Supreme Court Upholds Decisions of Circuit Court in R. C. Churchill Case.

DISPUTE WAS OVER MID-NIGHT CLOSING ORDINANCE

High Court Orders That Mayor Vinton of McMinnville Be Released from Custody.

Salem, Ore., June 25.—(Special to Democrat.)—The city of Albany won a decided victory in the case of R. C. Churchill against the city, the city recorder and the chief of police.

Churchill is proprietor of a restaurant and banquet room, and also has a room in which he sells soft drinks and cigars. The city some time ago passed an ordinance making it unlawful for proprietors of this class of establishment, or pool halls, to keep open later than midnight. The case was a test case brought to enjoin the city from enforcing the law. It was contended that the law was discriminatory, unconstitutional and was class legislation.

The circuit court ruled in favor of a demurrer and dismissed the case, from which Churchill appealed. The circuit court also ordered the case dismissed sustaining the demurrer on the grounds of error.

The bottom fell out of the case against Mayor W. T. Vinton of McMinnville when the supreme court ordered that he be released from jail, which he was condemned on contempt proceedings by the circuit court, with a fine of \$300 as a slight reminder of the fact.

The opinion of the supreme court says: "The circuit court ignored the precepts of the statute suspending execution until further hearing when the proper security is given. The record discloses that the liberty of a citizen has been taken from him in a manner not sanctioned by the laws of the land."

EVERYTHING IS HUMMING AT CORVALLIS CANNERY

Five Carloads Are Already in Warehouse; Force of 80 Are Employed.

The Corvallis cannery is whooping things up these days. Already five cars of canned products are in the warehouse and a force of seventy-five to eighty-five is working full tilt. The pay roll last week totaled almost \$500, and will pass that henceforth. Manager Tinker has an order for 40 tons of canned strawberries about five or six carloads, and is endeavoring to fill the order. Products from the south as far as Creswell and north as far as Amity are coming in and he thinks he may make it. Strawberries, gooseberries and rhubarb are occupying the force just now, and it is a real sight to see the "busybodies" at the cannery.—Corvallis Gazette-Times

John Martin left this noon for Weston where he will be employed during the summer.

WAR IS WAGED ON RODENTS BY PEOPLE OF MONMOUTH

Traps Are Being Set in an Effort to Exterminate the Pests.

(Monmouth Herald)
One of our good citizens are making war on gophers and moles, and old Long Tootie, the rat, is also having some attention.

H. H. Freeman and others have been trapping gophers and moles with good success and have rid their premises of these pests. They use the "inch" trap and usually get Mr. Mole or Gopher in a short time after setting the trap for him.

Moles, rats and gophers are a nuisance and if the citizens of Monmouth, generally, will make war upon them at the same time, they can be exterminated, if the work is persistent and intelligently carried forward.
