PRECEDENT HAS BEEN ESTABLISHED

For First Time in History of Circuit Court, Judge Waives Instructions.

ATTORNEYS ON BOTH SIDES WAIVE ARGUMENT

Case of Lois Bates Against the Oregon Electric Terminates in Favor of Defendants.

For the first time in the history of the circuit court, the court's instructions to the jury were waived yesterday afternoon at 5:30 o'clock in Circuit Judge Kelly's court, when the taking of testimony in the case of Bates against the Oregon Electric Railway Co. was completed after attorneys on both sides had waived argument.

The case was a damage suit filed against the railway company by Lois Bates, of near Tangent, in which it was alleged that the company in constructing its lines had injured a private road leading to plaintiff's property to the extent of \$1000 damages. The case went to the jury at 5:30 o'clock and a verdict was returned within 15 minutes in favor of the defendant railroad company. Attorneys Weatherford and Weatherford represented the plaintiff and attorneys Gale S. Hill, Cary and Kerr the defendants.

The case was the last one to come up in the present term of Judge Kelly's court and had occupied its attention all day. As it was getting late and the attorneys feeling the effects of a steady grind of court business for nearly two weeks, the attorneys on both sides waived argument.

Judge Kelly remarked that he supposed that they would not be averse to his waiving instructions to the jury and to his surprise they took him up. The jurors appeared to accept this termination of the trial with much favor. They were accordingly excused, to bring in a verdict within 15 minutes after retiring.

Judge Kelly stated this morning that in the 20 years he has been a member of the Oregon bar, he has never before heard of such a precedent being established.

The jurors who heard the testimony in the case are as follows: M. L. Forster, Tangent; C. N. McKee, Albany; H. D. Haight, Knox; R. S. Acheson, Sheild; L. W. Prickett, Lebanon; Perry Parker, Plainville; J. B. Morris, Lebanon; W. F. Pfeiffer, Albany; H. R. Sherrill, Harrisburg; Henry Dittmer, Tangent; W. M. Abbott, Seio; R. B. Miller, Albany.

CASE OVER DOG WAS DISMISSED

A. Goldblatt Promised to Dispose of Canine and Hereafter Observe Ordinance.

DISPUTE SETTLED IN MUNICIPAL COURT THIS MORNING

City Attorney Swan Admitted That Observance of Ordinance Was Only Desired.

Coming up in the municipal court this morning for trial, the case charging A. Goldblatt with violation of the dog ordinance was dismissed after the defendant had stated that he had made arrangements to dispose of the dog and after City Attorney L. L. Swan admitted that the observation by dog owners of the ordinance was what is desired by city officers.

Goldblatt, who conducts the place of business called the Blue Front Exchange under the name of R. Goldblatt, a seven year old son of his, was charged with allowing his dog to run at large contrary to the late ordinance. Goldblatt had previously employed Johnston to attack the sufficiency of the ordinance. Mr. Johnston had looked into the matter and advised Mr. Goldblatt that the ordinance could not be successfully attacked and Mr. Goldblatt in open court admitted he had permitted his dog to run at large in violation of the ordinance, stated that he had arranged to dispose of the dog, that it would be removed from the city this afternoon and that henceforth he would observe the ordinance.

In consideration of these matters, City Attorney Swan admitted that observance of the ordinance was what was desired and stated that it was not the desire to impose punishment upon the people who would observe the ordinance and moved that the case be dismissed, which was granted by the court.

Goldblatt was arrested late last week by Policeman King on complaint of people in the neighborhood of the Albany High School.

HART FARTHER INTO CUSTODY

It Will Require Bonds in the Sum of \$5000 to Secure His Release.

BONDSMEN WITHDRAW SECURITIES FURNISHED

Prisoner is Now Serving Time in County Jail Pending Outcome of Appeal.

Charles Thompson and J. K. E. Tate this afternoon withdrew the bonds furnished by them of \$1000 each in behalf of James Hart, who was indicted by the grand jury in March on two separate individual counts, of violation of the provisions of the local option liquor law. Since being indicted Hart has been out on bonds. The cases pending against him are still on Judge Kelly's bar docket and will not probably be tried until the next term of court.

This action on the part of the bondsmen caused Hart to go further into the custody of the sheriff, as he is at the present time serving time in the county jail for the failure to produce bonds of \$1500, imposed upon him by Judge Kelly this week as the result of an appeal taken in the two cases in which the defendant was convicted jointly with J. D. Kennedy last week. In order to have secured his freedom in these cases, Hart would have been required to furnish bonds in the sum of \$3000. Hart is now confined in the county jail with \$5000 against him necessary to secure his release, pending the outcome of his appealed cases and the indictments against him.

It is believed that if Hart is content to remain in jail until the outcome of the appeal, as it appears improbable that he will be able to furnish bail, he will have served several months, for which he will not get credit on the original sentence. However it is the belief that if he is successful in securing bonds within the next two or three days, he will have the appeal dismissed.

INS COSTS FRUIT GROWERS ASSOCIATION \$1000 PER DAY

It Is Wondered If They Have Been That Much Benefit to the Farmers.

"The late rains have cost us about \$1000 a day," says Manager Hob, of the Eugene Fruit Growers' association. "Whether they have been that much benefit to the grain farmers in this section of the country is hard to determine. They have played havoc with our berries and the chances for cherries grow less every day that passes in which as much rain has fallen as has in each of the last 10 days. It insures us a good vegetable crop, however, and we may have all the more beets, beans, tomatoes and other vegetables to can."—Eugene Register.

NEWMAN TAKEN TO NEBRASKA

Sheriff John A. Jones Arrived Yesterday Afternoon for Prisoner.

HE IS WANTED THERE ON CHARGE OF FORGERY

Chief of Police Austin Arrested Fugitive from Justice Here Saturday Afternoon.

After securing requisition papers from Governor West yesterday afternoon, Sheriff John A. Jones, arrived here on the 5:45 o'clock Oregon Electric, and left at 6:30 o'clock with Charles T. Newman, alias Charles Freeman, for Nelsonville, Nebraska, where the prisoner is wanted on a charge of forgery.

After eluding justice for 1 year and 5 months, Newman was captured here last Saturday by Chief of Police Austin, upon information furnished him by the authorities at Nelsonville.

The crime which Newman is charged with was perpetrated January 31, 1912, and shortly after it was committed, Newman skipped out. He was traced west by the authorities, who discovered that he was located in Washington. However, before he was intercepted, he left the state and came to Oregon. He has been residing here for the last three months and has been employed as a laborer.

After receiving the information concerning the man, Chief of Police Austin conducted a quiet investigation for several days, which resulted in his arresting the man Saturday afternoon. Chief Austin was armed with only meagre description of the fugitive, who upon his arrest was placed in the county jail where he has since been confined.

When arrested he was inclined to plead ignorance of the charge against him, but later admitted his guilt. Newman admitted to Chief Austin that he has been going under an assumed name while here and that he has been travelling about the country to escape detection.

Upon arriving here, Sheriff Jones fully identified the prisoner. The sheriff made a quick trip after the man, spending only 55 minutes here, leaving at 6:30 o'clock on through passage for Nebraska.
