

SPLENDID SUCCESS ATTENDS EFFORTS

Six Committees Are Conducting Whirlwind Canvass for Sale of Chautauqua Tickets.

SOLICITORS RECEIVE FLATTERING RECEPTIONS

Entire City and Suburbs Are to Be Covered; Campaign Will Last Rest of Week.

Continued from Wednesday, July 2

Starting out this morning in their allotted territories, covering nearly the whole city and suburbs, six committees composed of prominent business men, commenced the annual campaign for the sale of season tickets to the fourth annual assembly of the Albany Chautauqua association which convenes July 7 and lasts until July 21.

At a meeting last night of the official board of the Chautauqua, when the members met at the Elite over a festive board, the different committees were appointed out of a big list of names chosen and the several territories were assigned to each committee. Each chairman was given the right to add additional members to his committee if he deemed it advantageous and this morning the instructions were issued to the different chairmen with hundreds of tickets. The whirlwind campaign started at 9 o'clock.

During the morning the canvass has been conducted spasmodically because many of the committeemen were unable to leave their places of business for the whole forenoon but however, this afternoon the campaign will proceed with all vigor.

The success attending the initial efforts of the committees is reported to be extremely encouraging thus far and it is believed that the number of tickets that will be sold as a result of the present campaign will far surpass any sale of previous seasons. The statement was made this morning that the people throughout the city have anticipated the canvass and ready and willingly met the solicitors, with the exact change. The present success is strongly indicative of the large crowds that will attend the coming assembly and the reception given the canvassers is conceded to be a flattering herald of this fact.

Besides conducting a thorough canvass of this city all of the surrounding suburbs are to be taken in by the solicitors who will be taken to the scene of operations in automobiles. The ticket selling campaign will continue the rest of the week.

Miss May Melcher left on the noon train for Portland.

A. H. Sandstrom returned yesterday from a business trip to Lebanon.

Jud Crawford left on the morning electric for Salem.

GRANTS PASS NEWSPAPER IS NEARLY STARVED OUT

Daily Issue Will Be Suspended July 3 If Better Support Is Not Forth Coming.

GRANTS PASS, Ore., July 2.—Publisher A. E. Voorhees, of the Grants Pass Courier, has issued a circular letter to the merchants of Grants Pass, stating that if the paper is not awarded better support, the daily issue will be suspended July 3 and Grants Pass be without a daily newspaper. The Courier was started as a daily over three years ago and Mr. Voorhees has made great sacrifices to keep it going. If the co-operation appealed for is not forthcoming publication will be abandoned.

FARMERS UNION BUYS 100,000 GRAIN SACKS

Lewiston, Idaho, July 1.—The Farmers' Union Warehouse Company at Grangeville, 75 miles from here, has just bought 100,000 grain bags for delivery the latter part of July. This is one of the largest sales of grain sacks in the territory this season. The price was not given out, but is understood to have been in the neighborhood of 10 cents.

Council Meets Tonight.

The meeting of the city council postponed from last week will be held at 7:30 o'clock tonight. The meeting was held over on account of the absence of Mayor Gilbert and Councilman Simpson, who were at that time attending at Foley Springs. There are many matters to come up before the council tonight and a big session is anticipated.

CANNERY AT EUGENE IS IN MIDST OF BUSY SEASON

Many People Are Employed in Canning Big Royal Ann Cherry Crop.

Eugene, Or., July 2.—The cannery of the Eugene Fruit Growers' association is now about the busiest place in Eugene. The work of canning Royal Anne cherries which are so plentiful this year, began yesterday. Beets, red raspberries and logan berries are also being canned, and about fifty women and girls and a dozen or more men are now working to handle the fruit coming in.

The cherries now coming in are of fine quality, and Manager J. O. Holt is much pleased with them. It is this kind that bring the highest price in the Eastern market and that has given Eugene cannery a reputation among the buyers for first class product. The growers are culling the cherries in the orchards and the few that have been cracked or rotted by the rain are left behind. Picking is in progress in all of the orchards and the work will be practically finished by the last of the week.

Manager Holt says the damage to cherries by the rain is not as great as most growers expected. Had there been no damage Lane county would have had one of the largest crops in the history of the fruit raising here, and as it is the crop is larger than for a number of years. Mr. Holt says the trees in his two-acre orchard across the river are simply loaded with fine Royal Anne cherries as he ever saw.

PROHIBITION PAPER WILL BE ESTABLISHED AT SPRINGFIELD

Coburg Journal Plant Will Be Moved to That Place During Coming Week.

Springfield, Or., July 1.—Within the next 10 days a new paper of exceedingly dry, and by no means thirsty leanings under the editorship of Charles P. Poole, of the defunct Coburg Journal. Mr. Poole will move his plant from Coburg next week. Although the enterprise is managed and owned by Mr. Poole, it is understood that it will have the backing, financially and otherwise, of the prohibition element of the city and also the element opposed to Sunday moving picture shows.

An election on the question of Sunday "movies" will be held in a short time, an ordinance closing theatres on Sunday. A referendum petition stopped the measure, at which the city council passed an ordinance imposing an extra tax of \$30 a quarter on all theatres open on Sunday. This will also be referred and an election held in a short time on both. The new paper will be in the fight.

June Rain Record Broken.

Baker, Or., July 1.—More rain has fallen in Baker this month than in any previous June since the establishment of the local station of the weather bureau 23 years ago. According to Observer Mize, Jupiter Pluvius has contributed 272 inches of water in the past 30 days, while the record before was 259 inches, made in 1891. This amount has been exceeded in all the other months only five times.

Auto Tourists Pass Through.

John Z. Lull and wife and son, John O. Lull, stopped at an automobile touring party, passing through the city yesterday, for the north after touring California during the winter. While here they stopped at the St. Francis. They are bound for their home in Chicago.

J. B. Cornett of Shedd's was an Albany visitor last evening.

George Sanders returned from a trip to Shedd yesterday.

Mrs. C. Mulkey was a passenger for Mill City this morning.

Father Van Navel returned this noon from Mt. Angel.

OAKVILLE NEWS.

Mr. John W. Williamson has finished picking his large strawberry crop in Benton county. The rainy weather almost ruined his late berries.

Mr. Geo. Millhollen has corn on newly grubbed land that is growing like corn in a corn country.

Some persons who have no regard for the law has been making a target of the rural mail boxes. Last week a car was found a second hole in its end and the box of Mr. Williamson within a few feet was unharmed.

Mr. Carey is a man who molests no one and attends to his own business and is surprised at such conduct in a community where the majority of the people attend church and school.

Last Saturday was a busy day in Corvallis. The country was taking in fruit and the stores were full of berries mostly from Lane county.

LINN CO. TEACHERS STAY IN PORTLAND

Large Number of Former Albany People Were Re-elected to Rose City Schools.

SEVERAL HAVE SERVED THERE FOR MANY YEARS

Miss Itha Cheadle, a Native of This City Has Taught For Over 20 Years.

In the election of teachers for the Portland schools for next year a number of former Albany teachers have been re-elected to continue in the services of that city.

Miss Olive Baltimore, in the chair of English, a native of Linn county, will continue in the Washington high, where she has been doing efficient work for five or six years.

Miss Belle Chance, daughter of John Chance, of this city, will remain in the Holman school, a capable teacher. Miss Olita Cooley, a very popular primary instructor, is in the same school.

Miss Abbie Wright, who has been in the Portland schools about fifteen years, going there from Albany, will remain in the Smithey school.

Perhaps the longest in the Portland schools of any former Albany young lady is Miss Itha Cheadle, a native of this city, who has been teaching there nearly twenty years. She will continue in the Thompson school. Miss Cheadle's mother formerly owned the property at the corner of Third and Ellsworth streets, and the old Cheadle mill at Ellsworth and Water streets, now the Oregon City Transportation Co.'s warehouse and office.

A. F. Herschner, formerly of the Tinscent school, will continue as principal of the Lentz school, where Miss Marie Train, sister of S. S. Train is an assistant. L. A. Wiley, formerly of the Lebanon and other Linn county schools, is principal of the Montclair school, and O. R. Dinwiddie, formerly of Brownsville, is principal of the Richmond schools.

Attorney W. S. Risley returned this noon from a business trip to Corvallis.

W. H. Leicher of Shedd was in the city last evening looking after business matters.

Mrs. Harry Park of Brownsville was in the city yesterday morning on business.

E. G. Arnold of Scio was registered at the St. Francis last evening.

A. Sutcliffe of Lebanon is registered at the St. Charles.

H. H. Hobbs of Eugene passed through this morning on his way to Lebanon.

Henry Baker of Springfield was a business visitor in the city last evening, stopping at the Vaudran.

Something new all the time. The heart is supposed to be working all the time; but now it is declared that it rests thirteen hours out of twenty-four. It's work is in forcing the blood out. Too much work in any shape is harmful.

A big Munich Dr. uses sugar as a disinfectant, good for sores, etc.

No wonder the average fly is hard to hit. She has twelve hundred eyes. Also no wonder she is a pest, for she lays 100 eggs at a setting and each egg hatches a fly inside of ten days, followed by twelve more generations, thirteen in all, which accounts for the bad luck of flies.

How different people look at things. One writer says the first should be punished by imprisonment in jail for a month, another that the first deserves a reward for the sunshine she creates in the world.

There's no prettier sight in the world than seeing prominent people from another city doing their trading in our city.
