Local Manufacturing Industries to Be Exploited in "Oregon Manufacturer"

Continued from Tuesday, Sept. 16.

Holding its regular weekly session last night, the executive board of the Commercial club, met in the club parlors, and aside from transacting routine business, decided that an excursion to the Linn county fair should be planned, appointed John R. Penland a delegate to the American Road Congress at Detroit and accepted the offer of E. Hofer of the "Oregon Manufacturer" to exploit the local manufacturing industries in a write-up in that paper.

Present at the meeting were: President J. S. Van Winkle, Vice President F. P. Nutting, Secretary C. H. Stewart and following directors: S. N. Braden, W. A. Eastburn, F. M. French, G. T. Hockensmith, J. J. Hoydar, R. C. Hunt, A. M. Hammer, Dr. J. H. Robnett and M. Senders.

A communication was received from E. Hofer of the "Oregon Manufacturer" offering to publish a write-up of Albany's manufacturing industries and Manager Stewart stated that he had written accepting the proposition, and would prepare the copy for the article in a short time.

On motion, Mr. John R. Penland was appointed as a delegate to represent this club at the next annual session of the American Road Congress which meets at Detroit, Michigan, Sep. 29.

Manager Stewart reported that pursuant to instructions from the club he had made arrangements with the management of the state fair association for a meeting at the fair grounds on Thursday, October 2nd, for the purpose of considering the advisability of concerted action on the part of the principal valley counties in advertising our resources at the Panama-Pacific Exposition, and had forwarded invitations to the commercial clubs of Eugene, Corvallis, Salem, Dallas and McMinnville.

Also that he had written to Senator Chamberlain soliciting his aid in securing aid from the forest service in maintaining wagon roads passing through the forest reserve.

On motion it was decided that an excursion should be planned to the Scio fair and the matter of making necessary arrangements was placed in the hands of the committee on excursions who are as follows: E. H. McCune, G. W. Taylor, Fred Dawson, J. H. Rabston, William Eagles and W. A. Barrett.

COMMISSIONER BUTLER SECURES NEW ROUTE

Finds Another Road for Automobiles While Bridge Is Closed for Repairs.

County Commissioner T. J. Butler announced yesterday that he had made arrangements with Hub Bryant for teams and motor vehicles to pass through his place in going from Albany to Corvallis or away points by the road on this side of the river. This is due to the fact that the bridge crossing the Calapooia just southwest of town is closed on account of repairs, the old wooden bridge being replaced with steel, as chronicled in yesterday's Democrat.

The new route is mapped out by Mr. Butler as: By crossing the bridge at the foot of Third street into Bryant's park, then take the left hand road and this leads into the main Corvallis road at the George Cline place.

Mr. Butler says that he secured this new right-of-way on account of complaints of automobilists to the effect that they are unable to make the ford crossing, that has been in use during the reconstruction of the bridge. This route leads off from the main road a few rods from the foot of the bridge and the stream is crossed by fording to a steep embankment on the other side. Automobilists have been unable to climb this grade owing to the loose gravel, sand and mud. On the other hand teams have been able to negotiate the route with but little trouble.

He said as far as killing a deer or a bear he never got a look in and only shot once and the bullet went way into the air.

NEW CHARGE AGAINST SCHMIDT

Arrest of Dr. E. A. Murot Implicated Priest in Counterfeiting Scheme in New York.

MUROT ARRAIGNED THIS MORNING IN COURTS

Doctor's Servant Released. Smith Believed To Be A Hardened Criminal by Physician.

(By United Press Association) New York, Sep. 16.—Claiming that they have obtained a chain of evidence which will prove Hans Schmidt both a murderer and a counterfeiter, police officials here this morning predicted a speedy trial for the priest and death in the electric chair.

Dr. Ernest Arthur Murot, a practicing dentist was last night arrested and this morning arraigned upon the charge of carrying fire arms, pending further investigation by detectives of his connection with a counterfeiting scheme in which both he and Schmidt are alleged to be partners. A counterfeiting plant was located in the former's house by detectives and police officials assert that Schmidt is unquestionably the moving spirit in the scheme for defrauding the federal government. Dr. Murot was remanded to jail temporarily. Carrying fire arms under the New York law is a penitentiary offense but it is probable that he will first be tried on the counterfeiting charge.

Bertha Zack, the young girl who was acting as Murot's servant and posing as his wife, has been released from custody. The police at first believed that she was a partner in the counterfeiting scheme but no evidence could be found against her by the officers.

Proof that Schmidt is an ordinary criminal as well as an extra clever one has convinced the officials that he is sane. Many of those who first believed that he was a mad man are now convinced as to his sanity. The hideous details of the tragedy have been told and retold by Schmidt today and he still poses as a religious fanatic.

SECRET SERVICE MEN WORKING ON OTIS CASE

The police are today trying to trace the package containing the explosive and endeavoring to ascertain where the dynamite was secured.

DIGGS AND CAMINETTI MUST GO TO SAN QUENTIN

In Passing Sentence Federal Judge Assails Parents of Girls for Neglect.

(By United Press Association) San Francisco, Sep. 17.—Two years in San Quentin penitentiary and a fine of two thousand dollars was the sentence imposed today on Diggs, former state architect of California and eighteen months in San Quentin and a fine of fifteen hundred dollars was the sentence imposed upon Caminetti, son of the commissioner general of immigration by Federal Judge Van Fleet here today.

Not upon the young men who stood before the bar did the United States judge pour his wrath when he pronounced sentence, however. With scarcely a word against the two prisoners, he scathingly denounced a society that winks at so lax a system of morality which made the Diggs and Caminetti cases possible. At such parental neglect as rendered possible Martha Warrington and Lola Morris to fall into the hands of Diggs and Caminetti, the judge condemned in no uncertain terms.

Both defendants were convicted of the violation of the Mann white slavery act by transporting the Warrington and Norris girls to Reno for immoral purposes. Both prisoners were granted a ten days stay of execution pending appeal and were released on bonds.
