

LINN COUNTY HAD SPLENDID EXHIBIT

The Display at State Fair Was Most Creditable of Any Says Supt. Jackson.

EIGHT FIRST PRIZES WERE EASILY CAPTURED

Booth Contained Articles of Quality but the Quantity Was Lacking.

Continued from Tuesday, October 7

That Linn county had the most creditable school exhibit at the state fair in any season, that quantity and not quality won for Marion, Polk and Yamhill counties places over Linn county and that the Linn county exhibit won eight first prizes, was the statement of County Superintendent W. L. Jackson this morning. Mr. Jackson had charge of the exhibit at the fair and is thoroughly elated over the success attending it. He was assisted by School Supervisor Benner. "Considering all in all Linn county had the most creditable school exhibit at the state fair this year than in any season past," said County Superintendent W. L. Jackson. "The exhibit won eight first prizes. They were on turkeys, geese, ducks and chickens. The general exhibit outranked the average of the state and took fourth prize without any special preparation. There was a big competition on canned fruits and jellies and we won third place on this. In mechanical devices we won third place. In prize money we won about \$150 from the state and about \$500 from the county. In quality we were not outranked but in quantity we were and this in my opinion is the cause of our losing to Marion, Polk and Yamhill counties, who were in order in winning the respective places. Each of these counties had large exhibits while ours was small. The quality had nothing to do with the decision of the judges but it was the quantity. It was recognized by everybody that our sewing and mechanical exhibit was the best on the grounds from a practical standpoint. Articles of mechanical art in our exhibit were not entered upon the prize list because they were not made as a rule according to the specifications, which for instance called for a table so many inches in width and height. But for this reason I believe we would have taken first prize easily on this exhibit. The mechanical device exhibitors worthy of special mention are Frank Hughes, Seth French and Henry Fish. Of poultry, Curtis Winn, Glen Jackson, James Jenks, of Tangent; Glen Gregory and Letitia Hawthorne, of Shedd; Burkhardt brothers on ducks and geese; in sewing arts exhibits, were Virginia Thompson, and Miss Myers of Crabtree. The mechanical drawing from the Albany High School attracted special attention. A lot of maps drawn by the students of the county schools were especially good and worthy of note."

EPISCOPALIANS DEMAND UNIFORM DIVORCE LAWS

General Convention Opened Session in New York Today with Large Attendance.

New York, Oct. 8.—Uniform laws for divorce, the demand that certificates of health be presented by all brides and bridegrooms the question of changing the name to "American Catholic Church" or merely "American Church," and the proposition to let the public into sessions of the House of Bishops were the important subjects to be discussed at general convention of the Protestant Episcopal church of the United States and Territory Beyond the Seas, when the meeting opened today at the Church of St. John the Divine.

Because of the questions which will be considered and settled the convention which opened today is expected to be the most important ever held by the church. Perhaps the most important question to the church body will be whether the House of Bishops shall meet behind closed doors as it has during the 128 years there have been general conventions. A hot contest is expected to come when the motion to let in the public and the press as is the case when the House of Deputies meets, is introduced. The House of Bishops met in the Synod Hall and the House of Deputies in the new Synod Hall.

Attending the general convention which opened today are 115 bishops and 630 clergymen and laymen, all of whom attended this morning's services in the Cathedral where Bishop Lawrence, of Massachusetts preached the opening sermon. Holy Communion was administered with the Rev. Daniel S. Tuttle, of Missouri, presiding bishop of the church, as the celebrant. He was assisted by the Rev. Lloyd Vincent, bishop of Southern Ohio, and Bishop David H. Greer. Representatives from St. Louis today put in an early plea for the next convention as the year 1916 will be the fiftieth anniversary of the elevation of Bishop Tuttle to the episcopate. St. Louis is Bishop's home city.

SARECKYE PROVES A GOOD WITNESS

Makes Damaging Admissions but Sticks to Story That He Is to Blame.

THE DEFENSE RESTS CASE THIS AFTERNOON

Sulzer Nervous and Upon Advice of Attorneys Does Not Take Stand in Own Behalf.

(By United Press Association) Albany, N. Y., Oct. 8.—Governor Sulzer showed signs of extreme nervousness today and his friends are worried by fears of his complete breakdown. Sulzer's lawyers are trying to persuade him not to take the stand in his own behalf but he is obstinate and insists upon telling his story to the impeachment court.

Under cross examination at today's session, Louis Sarecky, the governor's private secretary was forced into what were considered by the attorneys for the prosecution as damaging admissions. "He is still a good witness for the governor to the extent of sticking to his story that he, and not Sulzer, should be blamed for any carelessness or misconduct in handling the Sulzer campaign money. It is generally considered as doubtful if the court will accept as true, his assertions that his employer knew nothing of any of the remarkable things the witness acknowledged. He destroyed all campaign records of receipts and expenditures, as well as cancelled checks and the stubs connected with the case. The defense rested its case this afternoon without calling the governor to the stand."
