The intellect of the simple American housewife may not be as large as that of the militant English suffragette but the Democrat is willing to bet dollars to doughnuts that the former can get a better brew on steak.

The conception which many people have of a successful Christmas is buying a twenty-five cent present which looks as if it might have cost a dollar. If the writer had a single friend who looked at the value, and not to the spirit in which a gift was given, that friend would cease to be held as a friend as soon as this trait in his character was discovered.

Albany may not be able to stage that football game this year but from present indications will stage a city election which will not be without its interesting features.

Congressman Hawley appears to be either absent or tardy whenever a vote on any real important question is scheduled to take place in the lower house. The Democrat never did admire a "piker."

A man by the name of Ben Jones is said to be a candidate for the Republican nomination for Congressman from this congressional district. The Democrat does not know Jones but inasmuch as it appears that he will be the only opposing candidate against Hawley we will urge all of our Republican friends to vote for Jones.

It is usually the fellow that smokes two-for-a-quarter cigars that complains the most about the high cost of living.

"Even a fool has a heart," sings a poet. If you question the truth of the assertion remember that the large proportion of the male contingent is married.

Some girls' idea of breeding is showing a number six foot into a number three shoe.

David Lamar preferred to forfeit his bonds rather than stand trial in the federal courts upon the charge of impersonating a member of congress. Lamar came into prominence as a result of President Wilson's investigation of the Washington lobby, and is a fairly good example of the class of men who are hired by the corporations to exert their influence upon members of congress.

## "BATTLE OF NATIONS" MARKED BY MONUMENT

### Elaborate Ceremonies in Presence of Emperor William and Other Court Potables.

Leipzig, Germany, Oct. 18.—In the presence of Emperor William, the Crownprince, and his five brothers, the Kings of Saxony and Wurtemberg, Prince-Regent Ludwig of Bavaria; Archduke Ferdinand, heir to the throne of Austria, with a suite of fifty persons, a special delegation from the Czar of Russia, and virtually all of the rulers of the German states, the massive monument commemorating the "Battle of Nations" fought at Leipzig in 1813, was dedicated today with elaborate ceremonies.

The monument commemorates the downfall of Napoleon the Great, who was defeated by the Germans, Austrians and Russians at Leipzig. As Napoleon is considered the greatest general in history, so the monument commemorates his downfall, is the largest in the world excepting only the pyramids of Egypt. Situated upon

the level plain in the edge of Leipzig, the massive proportions of the monument are mighty imposing. It took ten years for the construction and cost more than \$1,500,000. The money was raised by private subscriptions, much of it being given by children. The monument is 304 feet high and at its base nearly 200 feet wide. In the center is a gigantic base relief figure of the Archangel, St. Michael, the patron of Germany, driving over the battlefield in his war chariot. The figure itself is thirty-nine feet high. To the right and left of this central figure are two "Furies" fighting the way with torches. The main part of the monument is domed and of massive blocks of granite. It contains a hall of fame with four heroic sized figures representing the virtue, bravery, sacrificial willingness and faith of the German peoples. Each of the four figures about the hall of fame weigh 600,000 pounds.

The women ran the men a close race yesterday in registering at the city recorder's office for the coming city election to be held on December 1. A total of 87 registered and of this number 43 were women while only one more man registered than the number of women.

Up until last night at closing time a total of 573 had registered. This is the number of registrations covering a period from the second of the month. ## TWO GREEKS HELD UP AND ROBBED

### Two Highwaymen Perpetrate Bold Hold Up and Secure Sum of 75 Cents.

### CRIME COMMITTED NEAR OLD C. & E. DEPOT.

### Two Police Alarms Sounded and Two Officers Were Hot on Trails--Unsuccessful.

Two Greek section hands were held up last night by two men east of the old C. & E. depot and robbed of 75 cents. The highwaymen made a successful getaway, notwithstanding the fact that two policemen were hot on their trail shortly after the holdup was perpetrated.

A robbery occurred shortly after 5 o'clock. Two police alarms were sent in, which brought a quick response from Chief of Police Austin and Policeman Griff King.

They immediately proceeded to the depot and after a protracted search of the railroad yards, gave up the chase. The matter was dropped for the time being and the officers returned to the city.

Shortly afterwards, the two Greeks thoroughly excited and interestingly in earnest rushed frantically into the office of the Tebault Real Estate Co. and asking for the use of the phone called the officers again, informing them that they had seen the highwaymen.

The officers hurried again to the depot and conducted another search but were unsuccessful. However, they came upon a camp of thirteen hoboes southeast of the depot. The officers approached the gang and commanded them to stand up. A search was conducted but no clue to the robbery was found. The officers then commanded the hoboes to move on at their earliest convenience, as they were in the midst of a meal, cooked and being eaten in the light of a blazing camp fire.

## LABORER UNEARTH'S OLD COIN ON BAKER STREET

### Six Pieces of Old Money Dug Up This Morning in Sewer Ditch.

Six coins varying in size from a quarter to smaller than a ten cent piece, were unearthed this morning in a ditch being dug for the sewer at the corner of Second and Baker streets, by a laborer, J. Smith, 13 feet below the surface of the street. They were found in an old decayed buckskin sack.

The material of the coins is judged to be copper and brass. They are massive compared to American money, being made roughly and much thicker than any of the American coin.

The word Constantine is distinguishable on three of the coins while nothing can be made out on the others. No dates are distinguishable. Several figures, resembling Greek letters can be made out on all of the coins. They are thought to be very old and are believed to be foreign. The coins have been turned over to W. S. Weaver, for keeping.

## OWNER OF WRECKED RIG IS NOT FOUND

### Searching Party is Dragging Calapooia River for Body of W. E. Greene.

### DISAPPEARED MYSTERIOUSLY WEDNESDAY AFTERNOON

### Was Last Seen at Brownsville ---Horses and Demolished Buggy Found in Road.

According to information received here over the telephone at 9:50 o'clock this morning from Brownsville, a party of searchers left there this morning to search for the body of W. E. Greene, salesman of the Blake-McFall Co. of Portland, who has been missing since early Wednesday night.

A representative of the Blake McFall Company has been detailed to the search. The searchers, according to the information received, are working on the supposition that the Portland man drowned in the Calapooia river, the indications pointing to this theory, after an accident. His team and badly demolished buggy were found on the Crawfordville road about four miles above Brownsville.

According to the word received, the axle broke under the buggy, apparently frightening the horses. It appeared that they started on a run, swerving down a steep bank and into the river. The stream is quite high at the present time and is running in a swift current.

At four o'clock Wednesday afternoon Greene left Brownsville, driving the team, for Crawfordville and four hours later his team and buggy were found alongside the road. One wheel was torn off of the buggy and one line was broken.

That Greene was seen in Brownsville Wednesday night after the accident, has been given up as a mistake, in view of the fact that no explanation as to how he reached that place after the accident has been secured and that the indications point strongly to the belief that he drowned in the river.

At a quarter to three o'clock this afternoon, word was received over the telephone from Brownsville, that the searching party after dragging the river all the morning for some distance below the spot where the team plunged down to the river bank, has been unsuccessful in the search. The river is being dragged thoroughly and the work is still in progress.
